ZINUS Kai Bamboo and Metal Platform Bed Frame

INSTRUCTION MANUAL

Product Overview

The ZINUS Kai Bamboo and Metal Platform Bed Frame is designed for both industrial and modern aesthetics. It features a slatted headboard and low-profile footboard crafted from sustainable bamboo, complemented by a sturdy steel frame. This bed frame is designed to provide long-lasting support without the need for a box spring.

Key features include:

- **Style, Dependability, Value:** Crafted from attractive bamboo and durable steel, offering a modern, streamlined look.
- **Made with Sustainable Bamboo:** Headboard and footboard are made from sustainable bamboo, providing durability and an eco-friendly design.
- **No Box Spring Needed:** Sturdy steel frame supports any mattress directly, eliminating the need for a box spring. Supports up to 350 lbs for twin and up to 700 lbs for other sizes.
- **Easy Assembly:** All parts, tools, and instructions are included in one compact box for quick and simple setup.
- **5-Year Warranty:** A limited 5-year warranty is included against manufacturer defects.

Setup and Assembly

The ZINUS Kai Platform Bed Frame is designed for easy and quick assembly. All necessary parts and tools are conveniently packed within a single box.

The bed frame ships in one easy-to-maneuver box, simplifying delivery and transport.

All components, including the frame pieces, slats, and tools, are neatly organized within the single package.

Assembly is made simple with a time-saving ratchet and a clear numbering system for parts.

Follow the included instructions carefully. Most users report assembly taking as little as 15-30 minutes due to the intuitive design and provided tools like the ratchet and Allen key.

Operating Instructions

The ZINUS Kai Platform Bed Frame is designed for direct mattress placement, eliminating the need for a box spring. Ensure your mattress is placed evenly across the metal slats for optimal support and longevity.

Weight Capacity: The bed frame supports up to 350 lbs for twin sizes and up to 700 lbs for full, queen, and king sizes. Do not exceed these limits to ensure stability and product integrity.

Under-Bed Clearance: The frame offers approximately 7.9 inches of under-bed clearance, providing convenient space

for storage solutions.

Maintenance

To maintain the appearance and longevity of your ZINUS Kai Bed Frame, regularly dust the bamboo and metal surfaces with a dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish.

Troubleshooting

If you encounter any issues during assembly or use, please refer to the detailed installation manual available online. For further assistance, contact ZINUS customer support.

Common Considerations:

- Ensure all bolts are securely tightened during assembly to prevent wobbling or noise.
- Verify that the bed frame is used without a box spring, as it is designed for direct mattress support.
- Do not exceed the maximum weight capacity to prevent instability or damage.

Specifications

Feature	Detail
