## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully to assemble your ODK L-Shaped Gaming Desk. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface and compare them against the package contents list to ensure everything is present.
2. **Assemble the Frame:** Begin by connecting the main metal frame components according to the diagrams provided in the separate assembly guide. Ensure all connections are secure but do not fully tighten screws until all frame parts are loosely assembled.
3. **Attach Desktop Panels:** Carefully place the L-shaped desktop panels onto the assembled frame. Align the pre-drilled holes and secure the panels to the frame using the provided screws. Once all panels are in place, gradually tighten all screws on the frame and desktop.
4. **Install Storage Shelves:** Attach the left and right storage shelves to their designated positions on the desk frame. These shelves are designed to hold a PC tower, books, or other accessories.
5. **Position Monitor Stand:** The monitor stand is movable. Place it on the desktop in your desired location. It is designed to elevate your monitor for ergonomic viewing.
6. **Attach Iron Hooks:** Secure the two iron hooks to the underside of the desk, typically on the side panels, for hanging headphones or other items.
7. **Adjust Leveling Feet:** Once the desk is fully assembled and in its final position, adjust the adjustable feet at the bottom of the desk legs to ensure the desk is stable and level on uneven floors.
