## VGR V-106 Professional

# VGR Beard Trimmer V-106 Professional User Manual

Model: V-106 Professional | Brand: VGR

## INTRODUCTION

---

This manual provides comprehensive instructions for the safe and effective use of your VGR V-106 Professional 6-in-1 Grooming Kit. This versatile tool is designed for precise trimming and shaving of hair on the face, body, nose, and ears, offering a complete grooming solution.

## SETUP

### Charging the Device

Before first use, ensure the device is fully charged. Connect the Type-C USB Charging Cable to the trimmer and a suitable power source. A full charge takes approximately 1.5 hours.

# LONG BATTERY LIFE

**90** Minutes Charge **180** Minutes Uses

## OPERATING INSTRUCTIONS

The VGR V-106 Professional Grooming Kit features multiple detachable heads and guide combs for various grooming needs. Always ensure the desired head is securely attached before operation.

### Attaching and Detaching Heads

To attach a head, align it with the main unit and gently push until it clicks into place. To detach, firmly grasp the head and pull it away from the main unit. Refer to the video below for a visual guide on head attachment and detachment.

### Using Different Trimmer Heads:

- **Hair Clipper:** Select from 5 guide combs (3/6/9/12/15mm). Allow the trimmer to cut its way through the hair for

uniform results.

- **Foil Shaver Head:** Use short, controlled movements. Stretch the skin with your free hand to encourage hair to stand upright for an easier shave.
- **Design Trimmer:** Ideal for creating fine lines and contours around facial hair styles, close to the skin.
- **Precision Trimmer:** Use with 4 guide combs (1/3/5/7mm) for uniform cutting.
- **Nose and Ear Trimmer:** Gently insert the cutting unit into the nostril or ear. Move the groomer in and out while rotating it.
- **Body Trimmer:** Use with the 3 length guide comb (3/6/9mm) for fast and easy body hair trimming.

# 6 in 1 MULTIFUNCTIONAL GROOMING KIT

**Hair clipper**

**Nose trimmer**

**Design trimmer**

**Body trimmer**

**Foil shaver**

**T-Blade liner  
Trimmer**

## MAINTENANCE

Regular cleaning and oiling will ensure optimal performance and longevity of your VGR trimmer.

### Cleaning the Device

After each use, turn off the trimmer and detach the head. Use the provided cleaning brush to remove any hair clippings from the blades and the trimmer body. For thorough cleaning, the blades are washable. Rinse the blades under running water, ensuring the main unit does not get wet. Allow the blades to air dry completely before reattaching.

### Oiling the Blades

Apply a small drop of the provided oil to the blades after cleaning, especially if rinsing with water. Turn on the trimmer for a few seconds to distribute the oil evenly. This helps maintain blade sharpness and smooth operation.

- 1 x Travel Bag
- 1 x Cleaning Brush
- 1 x Oil Bottle
- 1 x User Manual (this document)
- 1 x Type-C USB Charging Cable

## SAFETY INFORMATION

To ensure safe operation and prevent injury or damage to the device, please adhere to the following safety guidelines:

- Avoid using the trimmer near water, such as in a bathtub, shower, or sink.

- Do not use the device while it is charging.
- Exercise caution when using the trimmer near sensitive areas, including eyes and ears.
- Keep out of reach of children.
- Only use the provided charging cable and accessories.

## TROUBLESHOOTING

If you encounter issues with your VGR V-106 Professional Grooming Kit, please refer to the following common solutions:

- **Device not turning on or low power:** Ensure the device is fully charged. The digital display indicates battery percentage. If the display shows "70" and the device is unresponsive, this may indicate a specific internal error. Try fully charging the device again. If the issue persists, contact customer support.
- **Blades pulling hair or not cutting effectively:** Clean the blades thoroughly to remove any trapped hair. Apply a small amount of lubricating oil to the blades as described in the Maintenance section. Ensure the correct head and guide comb are securely attached.
- **Unusual noise during operation:** Turn off the device immediately. Check for any obstructions in the blade area. Clean and oil the blades. If the noise continues, discontinue use and contact customer support.
