PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x Universal Phone Cage
- 2 x Side Handle
- 1 x Allen Wrench
- 2 x Cable Tie
- 1 x User Manual

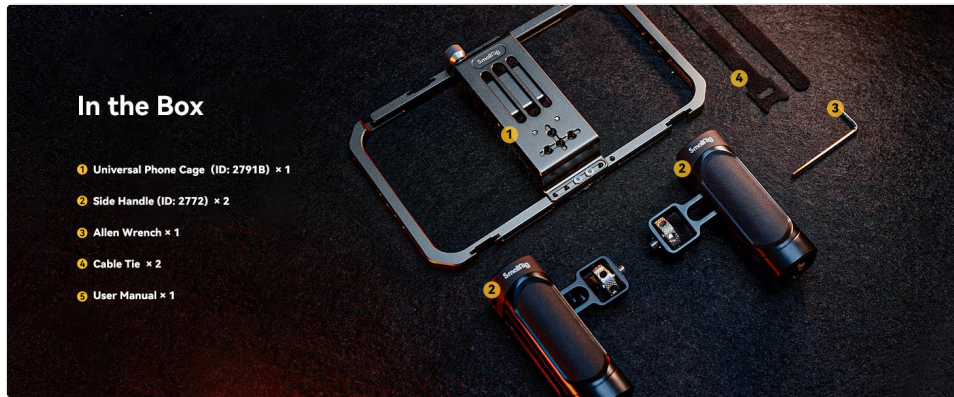

Image: All components included in the SmallRig Universal Phone Cage kit, neatly arranged for inspection.

KEY FEATURES

- **Universal Compatibility:** Compatible with most mobile phones (57mm~90mm / 2.24~3.54 inches wide) including iPhone 16/15/14/13/12 Pro/Pro Max, Samsung Galaxy S24/S23/S22 Ultra, Pixel 8/7/6/5 series, and Huawei Mate/P Series.
- **Dual Handles Design:** Enhances stability for dynamic shooting, weighing only 120g with anti-slip silicone coverings for comfortable handheld use.
- **Multiple Extension Ports:** Features cold shoe mounts and 1/4"-20 threaded holes for attaching microphones, LED lights, monitors, mounting arms, and tripods.
- **Easy Installation:** Built-in Allen wrench allows for quick adjustment of handgrip direction and height.
- **Durable Construction:** Crafted from top-grade aluminum alloy, ensuring exceptional durability and strength.

Universal Metal Phone Video Rig

The Cage is compatible with mobile phones 57~90 mm / 2.2"~3.5" wide

SETUP

Assembly and Phone Installation

1. **Attach Side Handles:** Secure the two side handles to the cage using the provided screws and Allen wrench. The handles can be positioned for optimal comfort and balance.
2. **Insert Smartphone:** Gently expand the phone clamp within the cage and insert your smartphone. Ensure the phone is centered and securely held by the rubber pads to prevent scratches.
3. **Adjust Clamp:** Use the adjustment knob to firmly secure your phone. The clamping structure adjusts laterally to keep your phone centered and maintain full access to buttons.
4. **Mount Accessories:** Utilize the cold shoe mounts and 1/4"-20 threaded holes on the cage to attach external microphones, LED lights, or other desired accessories.

OPERATING

Usage Guidelines

The SmallRig Universal Phone Cage is designed for stable and versatile mobile video recording.

- **Handheld Shooting:** Hold the cage firmly by the dual handles for increased stability during dynamic shots, reducing shake and improving footage quality.

- **Horizontal and Vertical Modes:** The cage supports both horizontal (landscape) and vertical (portrait) shooting orientations, allowing for flexible content creation.
- **Tripod Mounting:** Attach the cage to a tripod using the 1/4"-20 threaded holes for stationary shots, time-lapses, or interviews.
- **Power Bank Integration:** If using a power bank, ensure it is securely mounted in the designated holder to extend your phone's battery life during long shoots.

MAINTENANCE

Care and Storage

- **Cleaning:** Wipe the aluminum alloy frame with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and dry thoroughly. Avoid abrasive cleaners.
- **Storage:** Store the phone cage in a dry, cool place away from direct sunlight and extreme temperatures.
- **Handle Screws:** Periodically check the tightness of the screws on the side handles and other adjustable parts. Tighten if necessary using the Allen wrench.
- **Avoid Over-tightening:** Do not over-tighten the phone clamp or accessory mounts, as this can damage your phone or the cage.

TROUBLESHOOTING

Common Issues

Phone Not Secure

- **Issue:** Smartphone feels loose or slips within the cage.
- **Solution:** Ensure the phone clamp is fully tightened. Verify that your phone's width is within the compatible range (57mm~90mm). Remove any bulky phone cases if they prevent a secure fit.

Accessories Not Mounting

- **Issue:** Microphone or light does not fit into the cold shoe mount or 1/4"-20 threaded hole.
- **Solution:** Check the accessory's mounting type. Cold shoe mounts are standard, but some accessories may require specific adapters. Ensure the 1/4"-20 screws are aligned correctly and not cross-threaded.

PRODUCT SPECIFICATIONS

Attribute	Value
Brand	SMALLRIG
Model	B0BQ2YK9VT
Product Dimensions	9.25 x 4.92 x 1.3 inches
Item Weight	1.32 pounds (600 Grams)
Material	Aluminum Alloy, Plastic, Silicone
Compatible Phone Width	57mm~90mm (2.24~3.54 inches)
Date First Available	December 14, 2022
