## USX STAR B0BQ7DN3XG

# USX STAR Fixed TV Wall Mount Instruction Manual

Model: B0BQ7DN3XG

## INTRODUCTION

---

This manual provides detailed instructions for the safe and proper installation and operation of your USX STAR Fixed TV Wall Mount. Please read all instructions carefully before installation to ensure correct setup and to prevent damage or injury.

The USX STAR Fixed TV Wall Mount is designed for most 26-60 inch televisions, supporting a maximum weight of 99 lbs. It features a low-profile design and a quick-release lock mechanism for convenience and safety.

## IMPORTANT SAFETY INFORMATION

---

- **Weight Capacity:** Do not exceed the maximum weight capacity of 99 lbs (45 kg). Exceeding this limit may result in serious injury or property damage.
- **TV Size:** This mount is designed for TVs between 26 and 60 inches. Ensure your TV falls within this range.
- **Wall Type:** This mount is suitable for wood stud walls (up to 16-inch spacing), solid concrete walls, and brick walls. **DO NOT MOUNT ON DRYWALL ALONE.**
- **Professional Installation:** If you are unsure about the installation process or the suitability of your wall, consult a qualified professional.
- **Hardware:** Use only the provided mounting hardware. If concrete anchors are needed, please contact customer service.

# Check Your Wall Type

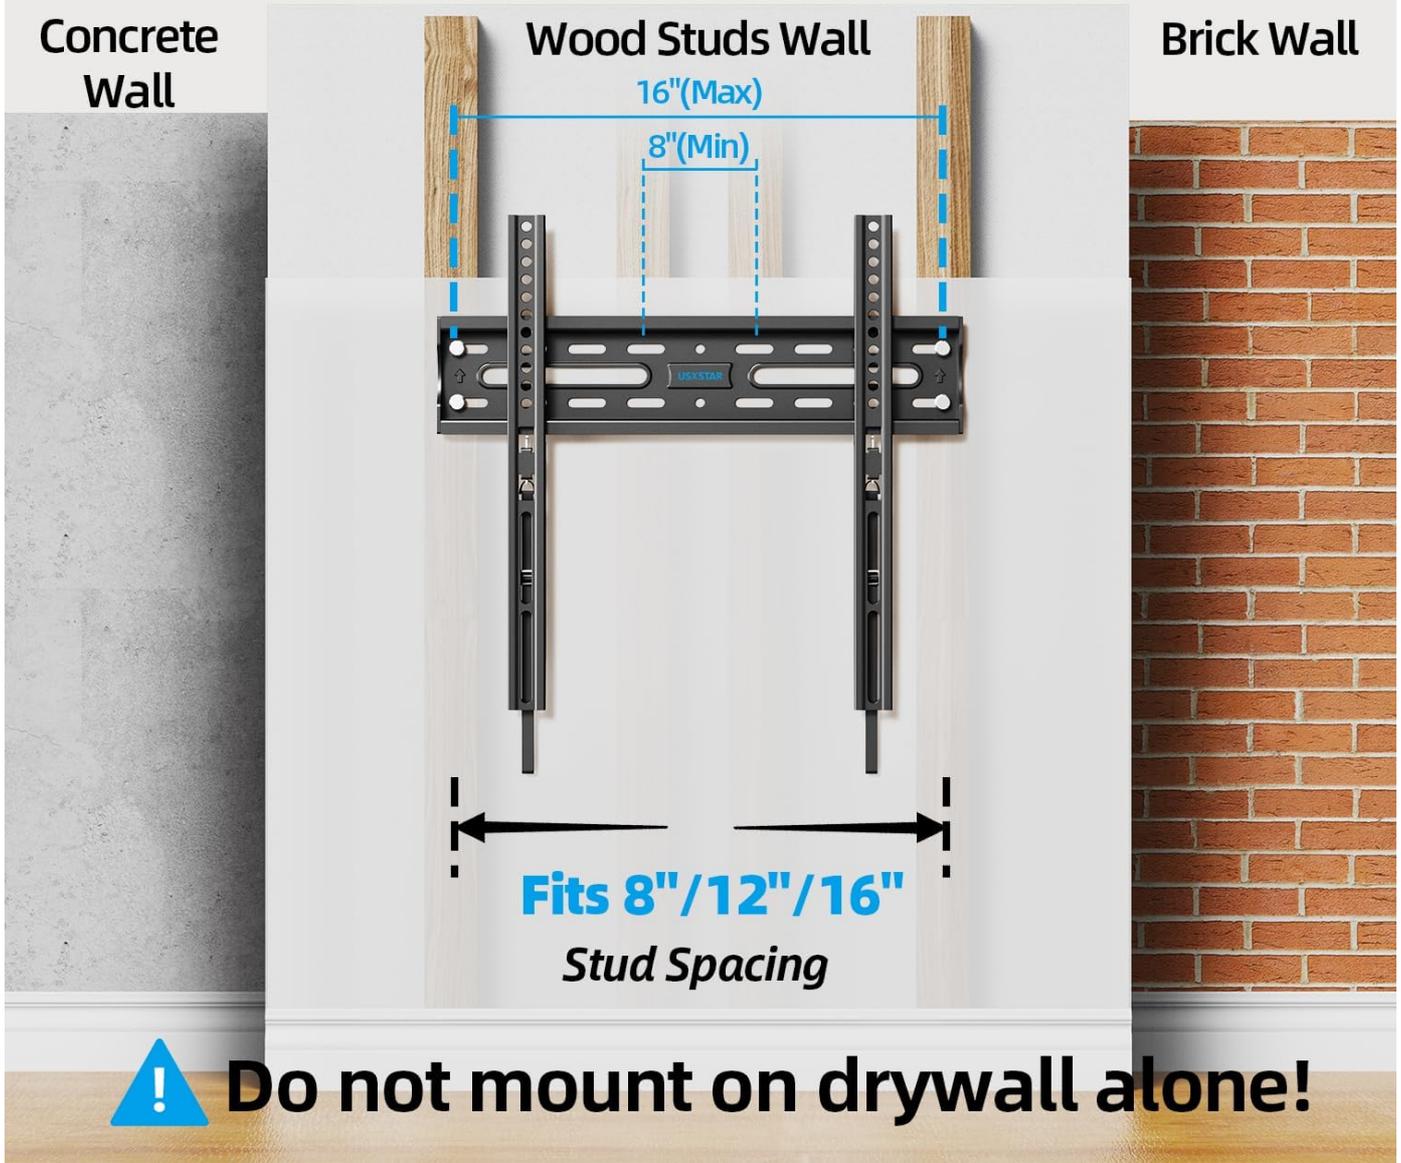

Image: A visual guide demonstrating how to check your wall type, including concrete, wood stud (8-16 inch spacing), and brick walls, with a critical warning not to mount on drywall alone.

## PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation. Refer to the included detailed instruction manual for a complete list of parts.

## SETUP AND INSTALLATION

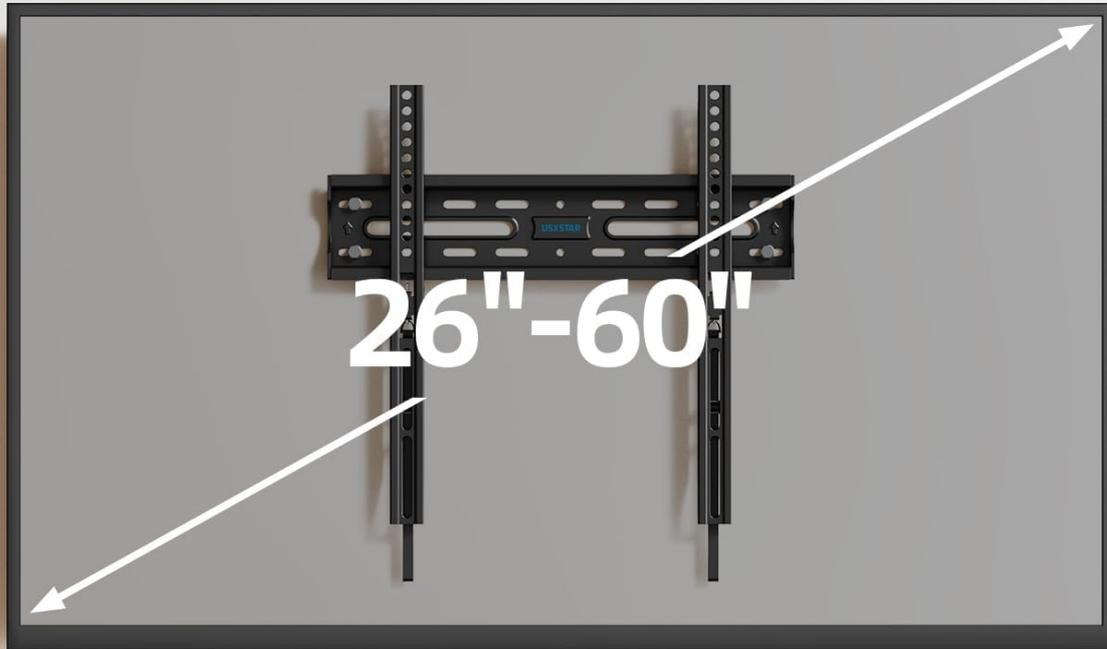

Follow these steps for a secure and successful installation. It is recommended to have two people for certain steps, especially when handling the TV.

### 1. Check TV Compatibility (VESA Pattern & Size)

- Ensure your TV screen size is between 26 and 60 inches.
- Verify your TV's VESA mounting hole pattern. This mount supports VESA patterns from 75x75 mm up to 400x400

mm.

# Fits 26"-60" TVs, Up to 99LBS

## VESA PATTERNS

100x100 mm	200x300 mm	300x400 mm
100x200 mm	200x400 mm	400x200 mm
200x100 mm	300x200 mm	400x300 mm
200x200 mm	300x300 mm	400x400 mm

Image: A diagram illustrating various VESA mounting patterns (e.g., 100x100mm, 200x200mm, 400x400mm) compatible with the TV mount, suitable for 26-60 inch TVs.

## 2. Prepare the Wall

- Use a stud finder to locate wood studs. This mount is compatible with wood stud spacing up to 16 inches.
- For concrete or brick walls, appropriate anchors (not always included, contact customer service if needed) must be used.

## 3. Attach TV Brackets to TV

Secure the vertical TV brackets to the back of your television using the appropriate screws and spacers from the provided hardware kit. Ensure they are firmly attached.

## 4. Install Wall Plate

Mount the wall plate to your chosen wall location, ensuring it is level and securely fastened to the studs or using

appropriate anchors for concrete/brick. The wall plate features a 1.5x taller plate for enhanced support.

# Stronger Support

## 1.5x Taller Plate / 99LBS Max Weight

Image: A detailed view of the wall mount's stronger support features, highlighting the 1.5x taller plate, enhanced hooks for drop-free use, and a secure anti-drop buckle, capable of holding up to 99 lbs.

## 5. Hang Your TV

Carefully lift your TV and hook the attached brackets onto the wall plate. The quick-release pull straps will help secure the TV in place. Ensure the TV is properly seated and locked.

# 3-Step Easy Installation

## Step 1

**Mount TV Brackets**

## Step 2

**Install Wall Plate**

## Step 3

**Hang Your TV**

Image: A three-step visual guide for easy installation: 1) Mount TV Brackets, 2) Install Wall Plate, 3) Hang Your TV.

## OPERATING INSTRUCTIONS

---

### Quick Release Lock

The quick disconnect pull straps allow for easy removal of the TV from the mount when needed. Simply pull the straps to release the locking mechanism.

Image: A close-up of the quick release lock mechanism, demonstrating how to pull down the cord to release the TV from the mount.

## Centering Your TV

After installation, you can center your TV by sliding the bracket along the wall plate for optimal viewing.

Image: An illustration demonstrating how to center the TV after installation by sliding the bracket along the wall plate to achieve the perfect view.

## MAINTENANCE

---

- Periodically check all screws and connections to ensure they remain tight and secure.
- Clean the mount with a soft, dry cloth. Avoid abrasive cleaners or solvents.

## TROUBLESHOOTING

---

### TV not level after installation:

Ensure the wall plate was installed level. Some mounts allow for minor post-installation leveling adjustments. Refer to the detailed manual for specific adjustment options.

### Difficulty attaching TV to wall plate:

Ensure the TV brackets are correctly aligned with the wall plate hooks. Verify that no cables are obstructing the connection. The quick-release straps should be in the open position during attachment.
