## CROWNFUL IMB1000-UL

# CROWNFUL Black Ice Maker User Manual

Model: IMB1000-UL

## 1. INTRODUCTION AND OVERVIEW

---

Thank you for choosing the CROWNFUL Black Ice Maker. This appliance is designed to provide a convenient and efficient way to produce ice cubes for your home or office. With its compact design and user-friendly features, you can enjoy fresh ice whenever you need it. Please read this manual thoroughly before operating the ice maker to ensure safe and optimal performance.

The CROWNFUL Black Ice Maker, shown with an ice scoop and a refreshing drink, highlights its sleek design and practical use.

## 2. IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, explosion, electric shock, or injury when using your ice maker, follow these basic safety precautions:

- Read all instructions before use.
- Do not touch the evaporator or ice basket when the unit is operating.
- Do not immerse cord, plug, or any part of the unit in water or other liquids.
- Close supervision is necessary when any appliance is used by or near children.
- Avoid using attachments not recommended by the manufacturer.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter or touch hot surfaces.

- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Ensure the unit is placed on a stable, level surface to prevent tipping.
- Use only potable water in the water reservoir.
- Unplug the ice maker before cleaning or performing any maintenance.

### 3. PRODUCT FEATURES

---

The CROWNFUL Black Ice Maker is equipped with several features designed for convenience and efficiency:

- **Efficient Ice Production:** Produces up to 9 pieces of ice cubes in approximately 8 minutes, with a daily capacity of up to 26 lbs.
- **Two Ice Cube Sizes:** Offers the flexibility to choose between two different ice cube sizes to suit your preference.
- **Large Capacity:** Features a 1.2-liter water reservoir and a 1.1 lbs ice basket, reducing the frequency of refills.
- **Automatic Cleaning Function:** Simplifies maintenance with a one-press, 5-minute automatic cleaning cycle.
- **Low Noise Operation:** Designed to operate quietly, with noise levels typically at or below 45dB.
- **Compact Design:** Its space-saving dimensions make it suitable for various counter spaces.

Manual Operation

This image illustrates the rapid ice production capability, yielding 9 ice pieces in 7 minutes and up to 26 lbs in 24 hours, significantly faster than traditional manual freezing methods.

# Two Ice Cube Sizes

A Comparison in Coolness

The ice maker produces two distinct ice cube sizes, approximately 0.8 x 0.9 inches and 0.9 x 1 inch, offering versatility for different beverage needs.

# Large Capacity

An internal view highlights the generous capacity, featuring a 1.1 lbs ice basket and a 1.2-liter water reservoir for extended operation.

# Low Noise

Quiet Operation  $\leq 45\text{dB}$

This chart demonstrates the ice maker's low noise level, typically around 45dB, ensuring quiet operation in your environment.

# Maximize Space with Compact Design

The compact design of the ice maker is shown with its dimensions: 8.9 inches wide, 11.1 inches deep, and 11.3 inches high, making it suitable for various spaces.

## 4. SETUP

1. **Unpacking:** Carefully remove the ice maker from its packaging. Remove all packing materials, including any tape or protective film.
2. **Placement:** Place the ice maker on a flat, stable surface away from direct sunlight and heat sources (e.g., stoves, furnaces, radiators). Ensure there is at least 4 inches (10 cm) of space around the unit for proper ventilation.
3. **Initial Cleaning:** Before first use, clean the interior of the ice maker. Refer to the 'Maintenance and

Cleaning' section for detailed instructions.

4. **First Use:** For the first three cycles of ice production, it is recommended to discard the ice cubes to ensure optimal cleanliness and performance.

## 5. OPERATING INSTRUCTIONS

---

Operating your CROWNFUL ice maker is simple:

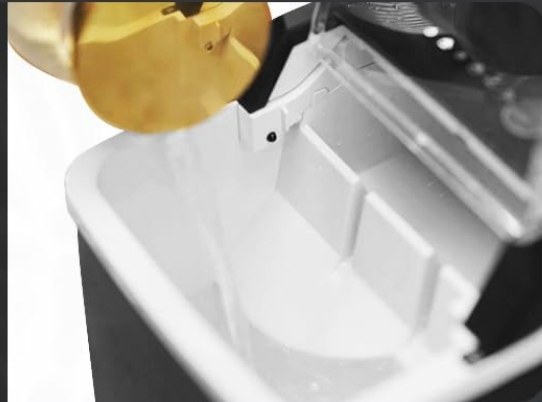

1. **Add Water:** Open the lid and fill the water reservoir with potable water up to the MAX fill line. Do not overfill.
2. **Power On and Select:** Plug the unit into a grounded electrical outlet. Press the 'ON/OFF' button to turn on the ice maker. Use the 'SELECT' button to choose your desired ice cube size (small or large).
3. **Ice Production:** The ice maker will begin the ice-making cycle. The 'ICE FULL' indicator will illuminate when the ice basket is full, and the unit will pause. The 'ADD WATER' indicator will illuminate when the water reservoir needs refilling.
4. **Enjoy:** Once ice is produced, use the provided ice scoop to remove the ice. For best results, transfer ice to a freezer for storage as the ice maker is not a freezer and will not keep ice frozen for extended periods.

# Simple 3 steps, easy to use

With Ice Full & Water Shortage Reminder

1

Add water

2

Select

3

Enjoy

This visual guide simplifies the operation into three easy steps: Add water, Select settings, and Enjoy your freshly made ice.

## 6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will ensure the longevity and hygiene of your ice maker.

- **Automatic Cleaning:** The unit features an automatic cleaning function. To activate, ensure the water reservoir is filled, then press the dedicated cleaning button (refer to your control panel for the specific icon). The cycle typically takes 5 minutes.
- **Draining Water:** Periodically drain any remaining water from the reservoir using the drain plug located at the bottom or side of the unit.

- **Interior Cleaning:** For a more thorough cleaning, unplug the unit. Mix water with a small amount of mild detergent or vinegar. Wipe down the interior surfaces, including the water reservoir and ice basket, with a soft cloth. Rinse thoroughly with clean water.
- **Exterior Cleaning:** Wipe the exterior of the ice maker with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the ice maker for an extended period, ensure it is completely dry inside and out. Store in a cool, dry place.

## Automatic Cleaning

1 Press

5 Mins

The automatic cleaning feature is activated with a single press and completes its cycle in 5 minutes, simplifying the maintenance process.

## 7. TROUBLESHOOTING

If you encounter issues with your ice maker, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Ice maker not working	No power; Unit too hot/cold	Check power connection; Ensure ambient temperature is within operating range (10°C-32°C / 50°F-90°F).
Ice cubes are too small or cloudy	Insufficient water; Water quality	Add more water; Use distilled or filtered water.
"ADD WATER" indicator is on	Water reservoir is empty	Fill the water reservoir with potable water.
"ICE FULL" indicator is on, but basket is not full	Ice sensor is blocked or dirty	Clear any ice blocking the sensor; Clean the sensor area.
Unusual noise during operation	Unit not level; Internal component issue	Ensure unit is on a level surface; If noise persists, contact customer support.

## 8. SPECIFICATIONS

Specification	Detail
Model Number	IMB1000-UL
Product Dimensions	22.61 x 28.19 x 28.7 cm (8.9 x 11.1 x 11.3 inches)
Weight	7.21 kg
Water Reservoir Capacity	1.2 Liters
Ice Basket Capacity	1.1 lbs
Wattage	105 Watts
Voltage	120 Volts
Refrigerant	R600a
Daily Ice Production	Up to 26 lbs (11.8 kg)
Ice Cycle Time	Approx. 8 minutes per cycle

## 9. WARRANTY AND SUPPORT

CROWNFUL products are manufactured to the highest quality standards. This product is covered by a limited warranty from the date of purchase. For detailed warranty information, product support, or to inquire about replacement parts, please visit the official CROWNFUL website or contact their customer service department. Please have your model number (IMB1000-UL) and proof of purchase ready when contacting support.
