21 Eyes Party Lights DJ Disco Light Instruction Manual

Brand: HZKJNEW

1. PRODUCT OVERVIEW

The HZKJNEW 21 Eyes Party Lights DJ Disco Light is a versatile stage lighting solution designed to create dynamic visual effects for various events. Its unique 21-lens system provides extensive light coverage, integrating pattern, strobe, and party light functionalities. This device is engineered for ease of use and durability, making it ideal for both professional and home entertainment settings.

Figure 1.1: The 21 Eyes Party Light projecting various laser and LED effects in a room setting.

Key Features:

- **21-Lens Design:** Offers larger panoramic flash coverage with combined pattern, strobe, and party light effects.
- **Upgraded Visual Effect:** Projects super bright LED light (Red, Green, Blue, Purple) and 6-lens RGB Beam light with various patterns.
- **Sound Activated:** Built-in high-sensitivity voice control sensor allows patterns, colors, and beam effects to change with music beats.
- **Multiple Working Modes:** Supports DMX512, remote control, sound activated, automatic, and master/slave modes.
- **Durable Construction:** Premium aluminum alloy shell with a built-in cooling fan for efficient heat dissipation and extended service life.
- **Easy Installation:** Comes with adjustable brackets and screws for versatile mounting on t-truss, ceiling, stage bar, or ground placement.

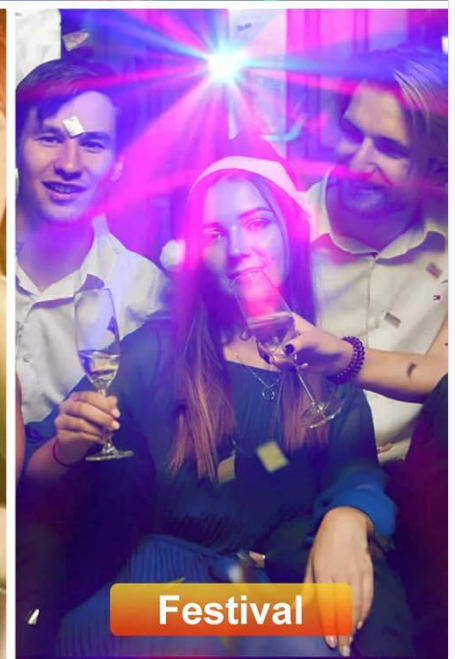

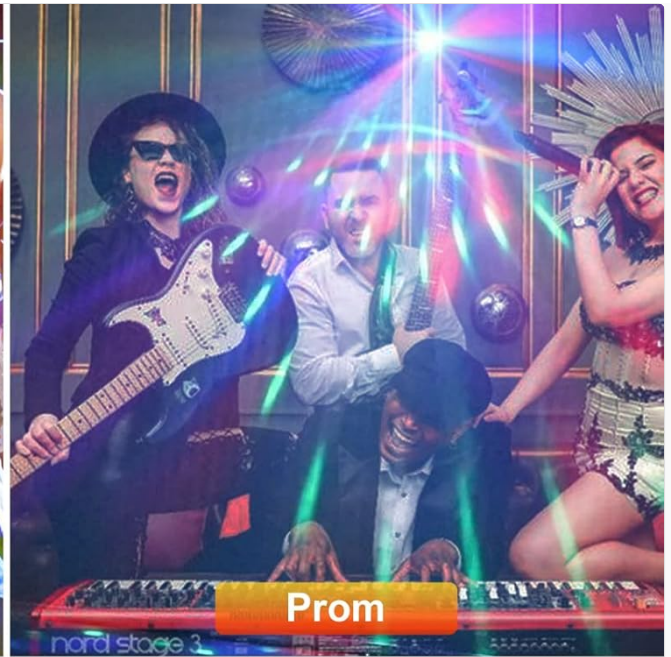

Figure 1.2: The party light is suitable for various events including parties, proms, discos, dances, and festivals.

Party anytime, anywhere

Figure 3.1: Front and back panel layout with control descriptions.

Front Panel Controls:

- **RGB+UV Lights:** Multiple lenses for Red, Green, Blue, and UV light output.
- **Laser Aperture:** Output for red and green lasers.
- **Sound Sensor:** Microphone for sound-activated mode.

Rear Panel Controls:

- **Control Panel Display:** Digital display for mode selection and settings.
- **Menu/Up/Down/Enter Buttons:** For navigating and selecting options on the control panel.
- **DMX IN/OUT:** Ports for DMX512 control connection.
- **Power Input:** Connection for the power cord.

Remote Control Functions:

Figure 3.2: The party light unit shown with its included remote control.

- **ON/OFF:** Power on/off the unit.
- **AUTO:** Activates automatic mode, cycling through various effects.
- **DJ Sound:** Activates sound-activated mode, synchronizing effects with music.
- **Flash:** Activates strobe flash effect.
- **Pattern Switch:** Cycles through different laser patterns.
- **Motor Start/Stop:** Controls the rotation of the internal motor for dynamic effects.
- **LED Control (R, G, B, UV):** Independently controls the Red, Green, Blue, and UV LED lights.
- **Laser Control (R, G):** Independently controls the Red and Green lasers.
- **Speed Adjustment:** Adjusts the speed of effects (strobe, motor rotation).

4. SETUP

4.1 Initial Placement

The 21 Eyes Party Light can be placed on a flat surface, mounted on a t-truss, ceiling, or stage bar using the provided adjustable brackets and screws. Ensure the placement allows for optimal projection coverage and is stable

to prevent accidental falls.

Figure 4.1: Examples of flexible setup options for the party light in different environments.

4.2 Power Connection

1. Connect the provided power cord to the 'Power Input' port on the rear of the unit.
2. Plug the other end of the power cord into a standard electrical outlet (AC 100-240V).
3. Ensure the power source matches the voltage requirements of the device.

5. OPERATING INSTRUCTIONS

5.1 Remote Control Operation

Point the remote control directly at the front of the party light unit for optimal signal reception. The remote allows for convenient control of various functions and modes.

6. MAINTENANCE

6.1 Cleaning

- Before cleaning, always disconnect the power cord from the unit.
- Use a soft, dry cloth to wipe the exterior of the unit.
- For lenses, use a soft, lint-free cloth specifically designed for optical surfaces to avoid scratches. Do not use abrasive cleaners.
- Periodically check the cooling fan for dust accumulation and gently clean if necessary to ensure proper airflow.

6.2 Storage

- Store the unit in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, it is recommended to place the unit back in its original packaging to protect it from dust and physical damage.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not power on.	No power supply; faulty power cord; unit switch off.	Check power connection; try a different outlet; ensure unit is switched on.
Remote control not working.	Remote battery low/dead; remote not pointed correctly; obstruction.	Replace LR44 battery (included); ensure direct line of sight to the front of the unit.
Sound activated mode not responsive.	Music volume too low; microphone obstructed; mode not selected.	Increase music volume; ensure microphone is clear; re-select 'DJ Sound' mode.
LEDs appear dim.	Room too bright; large room size.	Operate in darker environments for best effect; consider additional lighting for very large spaces.

8. SPECIFICATIONS

Attribute	Detail
Model Number	YSH-503
Color	Black
Shape	Rectangular
Material	Aluminum

Attribute	Detail
Finish Type	Alloy, Aluminum
Light Source Type	Light Emitting Diode (LED)
Power Source	Corded Electric
Voltage	120 Volts (AC)
Brightness	1000 Lumens
Item Weight	1.2 Pounds
Product Dimensions	9.06"L x 5.51"W x 5.31"H
Number of Light Sources	21
Batteries Required	Yes (1 LR44 battery for remote, included)

9. WARRANTY AND SUPPORT

HZKJNEW provides a lifetime warranty for this product. This warranty covers manufacturing defects and ensures the long-term reliability of your party light.

For any questions, technical assistance, or warranty claims, please contact our customer support team. We are committed to providing prompt and helpful responses within 24 hours.

Please refer to your purchase documentation for specific contact details or visit the official HZKJNEW website for the most up-to-date support information.
