Simple Trending ST58701

Simple Trending 3-Tier Metal Plant Stand Instruction Manual

Model: ST58701

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Simple Trending 3-Tier Metal Plant Stand. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of the product. Retain this manual for future reference.

2. SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or damaged.
- Assemble the stand on a soft, clean surface to prevent scratches.

- Tighten all screws securely, but do not overtighten to avoid stripping threads.
- Do not exceed the recommended weight capacity per shelf. Distribute weight evenly.
- Keep small parts away from children during assembly.
- Place the stand on a stable, level surface to prevent tipping.
- This product is designed for displaying plants and decorative items. Do not use it as a step stool or for climbing.

3. PACKAGE CONTENTS

Please verify that all components listed below are included in your package:

- Side Frames (2 pieces)
- Shelf Panels (3 pieces)
- Connecting Rods (6 pieces)
- Screws (Quantity as per design, typically 12-16)
- Allen Wrench (1 piece)
- Foot Caps (4 pieces)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is straightforward and requires minimal tools. An Allen wrench is provided.

1. Step 1: Attach Connecting Rods to Side Frames

Lay one side frame on a soft, flat surface. Align the connecting rods with the pre-drilled holes on the side frame. Secure them using the provided screws and Allen wrench. Do not fully tighten the screws yet.

2. Step 2: Attach Second Side Frame

Carefully attach the second side frame to the other end of the connecting rods. Ensure all holes are aligned.

Secure with screws, but do not fully tighten.

3. Step 3: Insert Shelf Panels

Slide each of the three shelf panels into their respective slots on the assembled frame. Ensure they sit flush and are properly supported by the connecting rods.

4. Step 4: Tighten All Screws

Once all components are in place, gradually tighten all screws on both side frames and connecting rods. Ensure the stand is stable and level.

5. Step 5: Attach Foot Caps

Press the four plastic foot caps onto the bottom of the stand's legs. These protect your floor and provide additional stability.

5. OPERATING INSTRUCTIONS

Your Simple Trending 3-Tier Metal Plant Stand is designed for versatile use both indoors and outdoors.

- **Placement:** Position the stand on a flat, stable surface. For outdoor use, ensure it is not in an area prone to strong winds that could tip it over.
- **Loading:** Place potted plants or other decorative items on the shelves. The stand can accommodate at least three plants per tier, depending on their size. Distribute weight evenly across each shelf to maintain stability.
- **Capacity:** The sturdy metal construction is designed to hold various plant sizes. Avoid placing excessively heavy items that could cause the shelves to bow or the stand to become unstable.

Image 5.1: The plant stand used indoors, demonstrating its waterproof design suitable for various environments.

6. MAINTENANCE

To ensure the longevity and appearance of your plant stand, follow these maintenance guidelines:

- **Cleaning:** Wipe the stand regularly with a soft, damp cloth to remove dust and dirt. For stubborn stains, a mild soap solution can be used, followed by drying thoroughly.
- **Rust Prevention:** The stand features a matte powder-coated finish designed to be waterproof and anti-corrosion. However, prolonged exposure to harsh weather conditions or standing water may affect the finish over time. Inspect periodically for any signs of wear.
- **Tightness Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.

7. TROUBLESHOOTING

- **Stand is wobbly:** Ensure all screws are fully tightened. Verify the stand is placed on a level surface. Adjust

the position or use shims if the floor is uneven.

- **Difficulty assembling:** Re-check the package contents against the list to ensure all parts are present. Review the assembly steps carefully, ensuring correct orientation of parts before tightening screws.
- **Scratches on floor:** Ensure the foot caps are securely attached to all four legs.

8. SPECIFICATIONS

Feature	Detail
Brand	Simple Trending
Model Number	ST58701
Material	Metal, Iron Metal
Finish Type	Iron (Matte Powder Coated)
Shape	3-tier
Product Dimensions (L x W x H)	27 x 11.37 x 29.75 inches
Item Weight	5.61 pounds (2.55 Kilograms)
Assembly Required	Yes
