1. INTRODUCTION

This user manual provides comprehensive instructions for the installation, operation, and maintenance of your BLANCO ZIA 9 E Granit Sink. Please read this manual carefully before installation and use to ensure proper function and longevity of your product. Keep this manual for future reference.

2. PRODUCT OVERVIEW

The BLANCO ZIA 9 E is a high-quality granite sink made from SILGRANIT, designed for corner or standard cabinet installation. Its durable material and ergonomic design make it a practical addition to any kitchen.

2.1 Key Features

- **SILGRANIT Material:** Composed of up to 80% quartz, offering exceptional durability, scratch resistance, heat resistance, and ease of cleaning.
- **Corner Optimization:** Specifically designed to maximize space in corner cabinets (90 cm) or fit standard 60 cm base cabinets.
- **Integrated Drain Remote Control:** Features a 3 ½" basket strainer with a convenient rotary knob for remote drain operation.
- **Spacious Basin:** Provides a large main basin, a draining area, and an additional outlet for versatile use.
- **Color Options:** Available in various SILGRANIT colors, including vulkangrau (volcano grey), to match BLANCO faucets.

2.2 Product Components

The BLANCO ZIA 9 E sink includes the following components:

- BLANCO ZIA 9 E Granit Sink

- Waste fitting with space-saving pipe
- 3 ½" basket strainer with integrated remote drain control (rotary knob)

Figure 2.2.1: Top view of the BLANCO ZIA 9 E Granit Sink in vulkangrau.

Figure 2.2.2: The BLANCO ZIA 9 E Granit Sink installed in a kitchen setting, showcasing its ergonomic design and spacious basin.

3. SETUP & INSTALLATION

Installation should be performed by a qualified professional. Ensure all local plumbing and building codes are followed.

3.1 Pre-Installation Checklist

- Verify cabinet dimensions: Suitable for 90 cm corner cabinets or 60 cm standard base cabinets.
- Ensure all components listed in Section 2.2 are present.
- Prepare the countertop cutout according to the provided template (refer to Figure 3.2.1).
- Have necessary tools: sealant, screwdriver, wrench, measuring tape, jigsaw (for cutout).

3.2 Dimensions and Cutout

Accurate measurements are crucial for proper installation. Refer to the diagrams below for product and cutout dimensions.

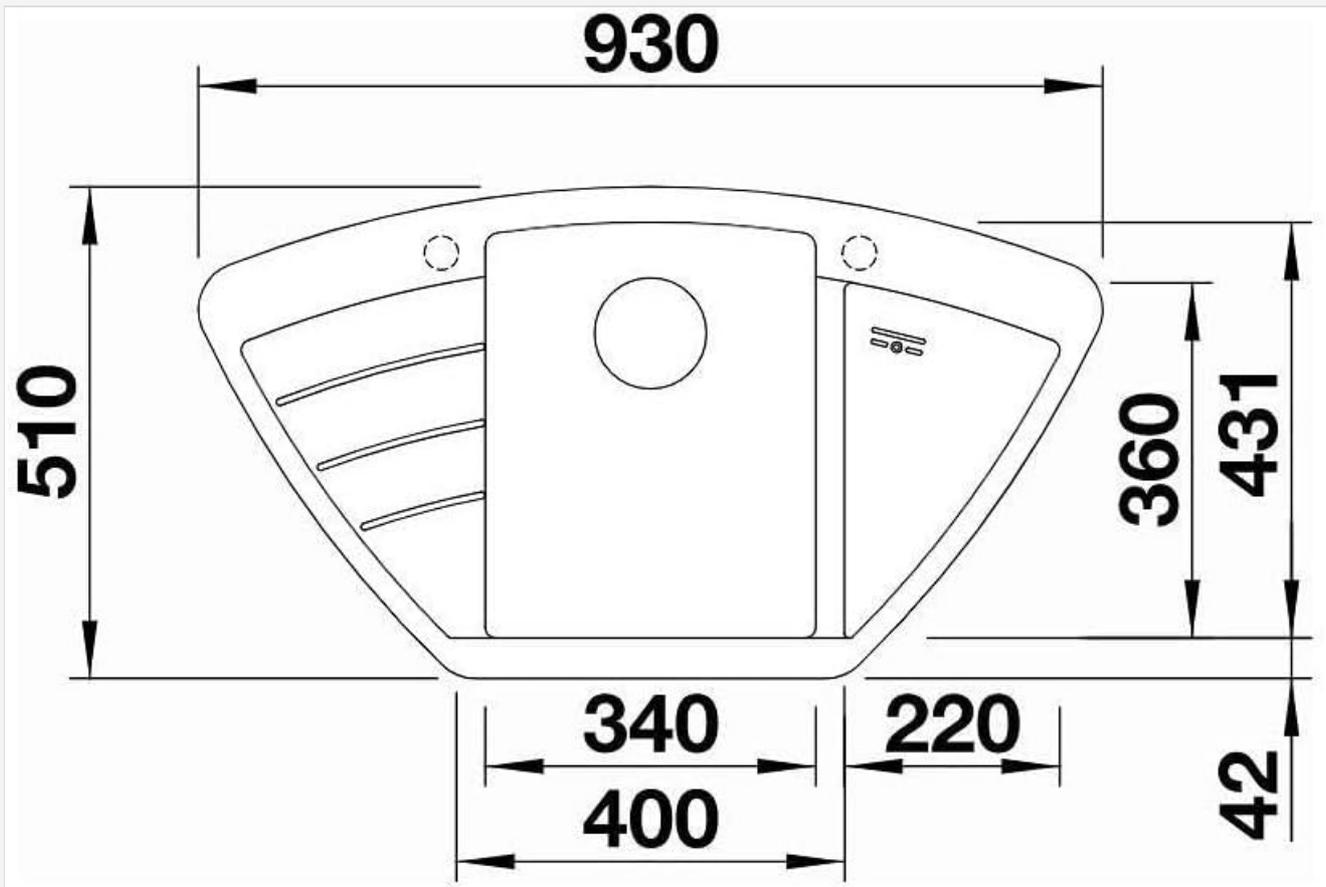

Figure 3.2.1: Top view of the sink with overall dimensions (930mm width, 510mm depth, 360mm basin depth, 431mm basin width, 340mm basin length, 400mm total basin length, 220mm drainer width, 42mm edge height). All dimensions are in millimeters.

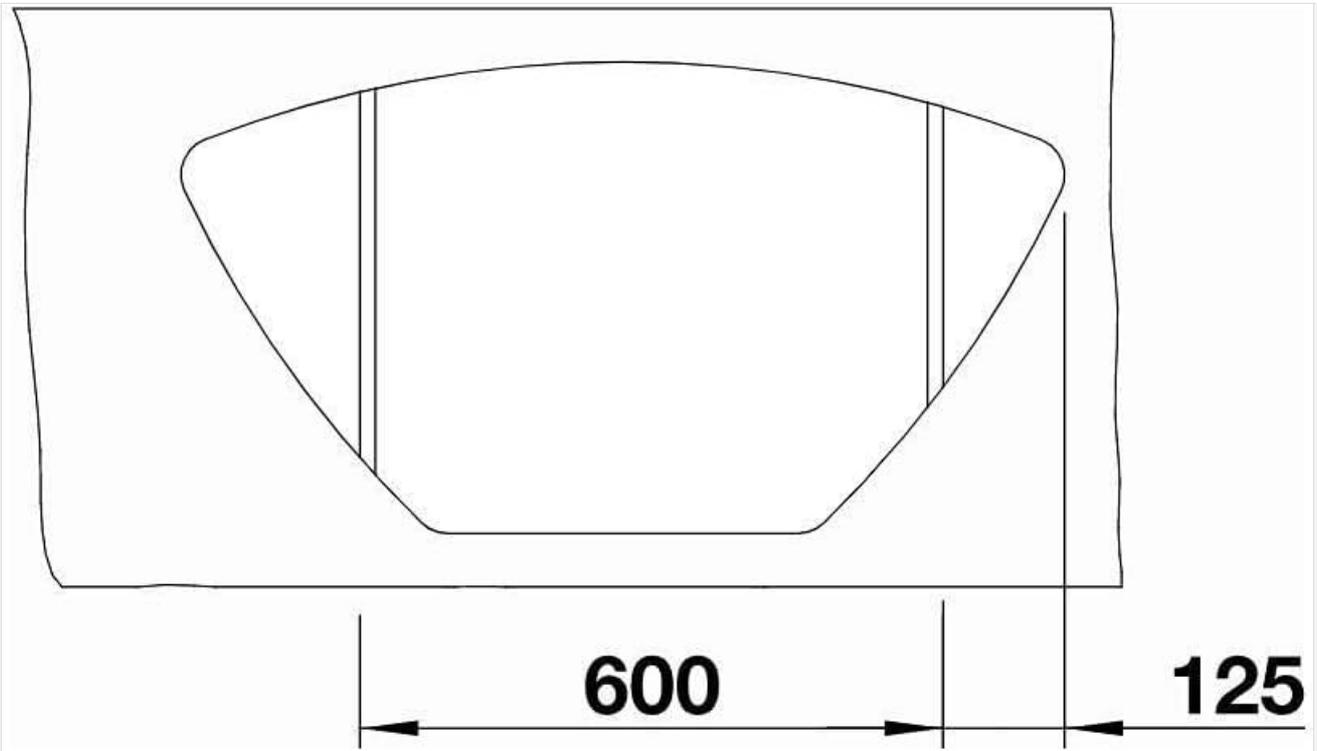

Figure 3.2.2: Recommended countertop cutout dimensions for the BLANCO ZIA 9 E sink. The main cutout width is 600mm, with an additional 125mm for the corner section. All dimensions are in millimeters.

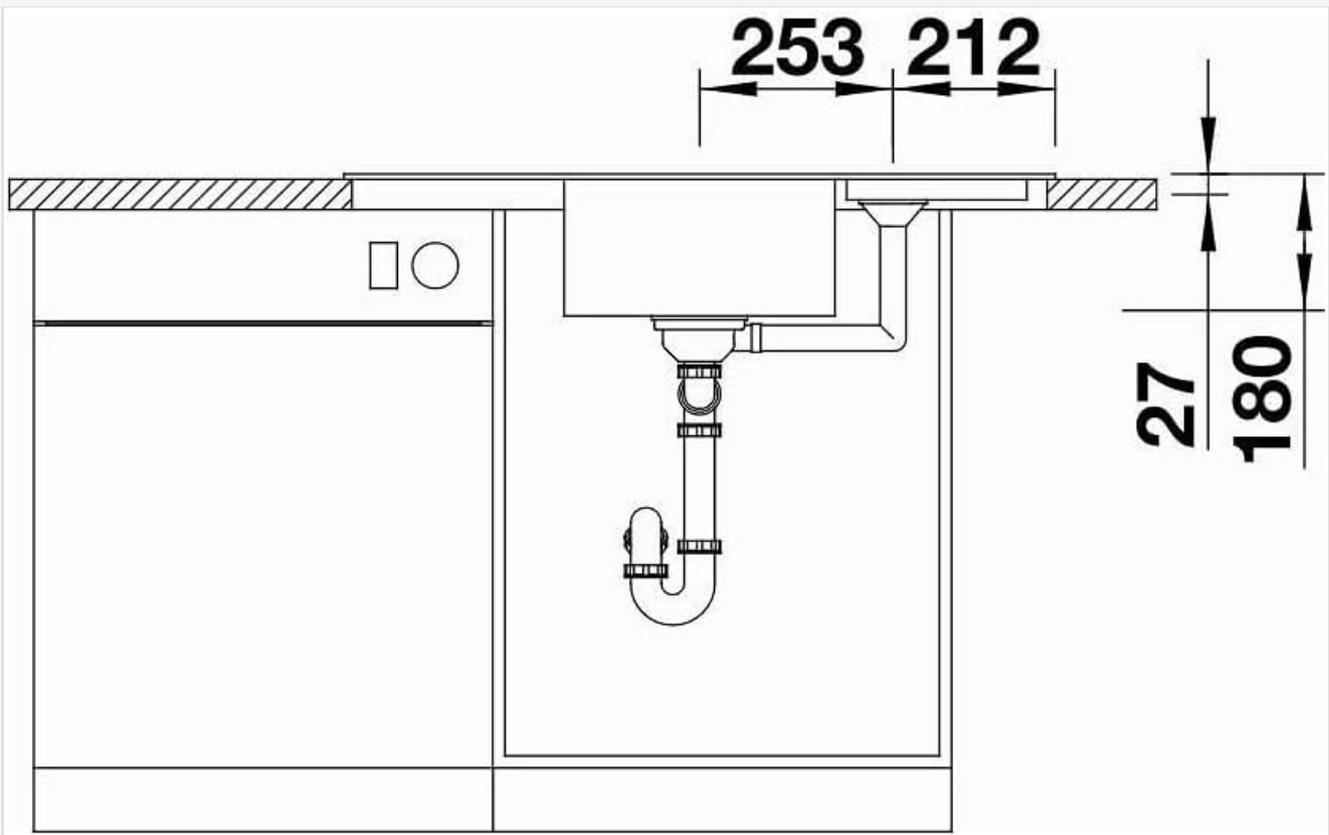

Figure 3.2.3: Side view of the sink installation, showing the depth of the sink (180mm from countertop surface to bottom of basin) and the required clearance (27mm from countertop edge to sink edge). All dimensions are in millimeters.

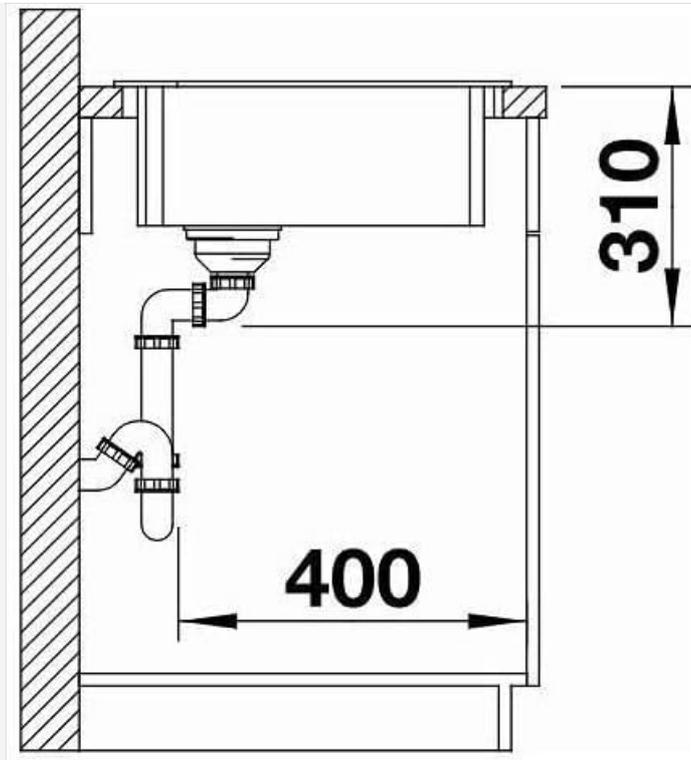

Figure 3.2.4: Front view of the sink installation, indicating the required depth for plumbing (310mm from countertop surface to bottom of pipe) and the horizontal clearance needed (400mm). All dimensions are in millimeters.

3.3 Installation Steps (Overview)

1. Create the countertop cutout using the provided template and dimensions.
2. Apply a suitable sealant around the edge of the cutout to ensure a watertight seal.
3. Carefully lower the sink into the cutout.
4. Secure the sink using the included mounting clips (if applicable) from underneath the countertop.
5. Install the waste fitting and space-saving pipe according to the manufacturer's instructions. Ensure all connections are tight and leak-free.
6. Connect the 3 ½" basket strainer and the remote drain control mechanism. Test its functionality.
7. Connect the faucet (sold separately) to the designated faucet hole on the sink.
8. Perform a leak test by filling the sink with water and checking all connections.

4. OPERATION

Operating your BLANCO ZIA 9 E sink is straightforward.

4.1 Using the Main Basin

The main basin is designed for washing dishes, preparing food, and other kitchen tasks. Its generous size accommodates large pots and pans.

4.2 Remote Drain Control

The sink features a convenient remote drain control. To open or close the drain, simply turn the rotary knob located on the sink's surface. This allows you to manage water drainage without putting your hands into dirty water.

4.3 Draining Area and Additional Outlet

Utilize the integrated draining area for drying dishes or preparing food. The additional outlet can be used for continuous drainage or as a secondary disposal point if connected to a waste disposer.

5. CARE & MAINTENANCE

The SILGRANIT material of your BLANCO sink is highly durable and easy to maintain. Regular cleaning will preserve its appearance and hygiene.

5.1 Daily Cleaning

- After each use, rinse the sink thoroughly with clean water to remove food residues and soap film.
- Wipe the sink dry with a soft cloth to prevent limescale buildup, especially in hard water areas.

5.2 Deep Cleaning (Weekly/As Needed)

- For stubborn stains or limescale, use a mild, non-abrasive cleaner specifically designed for granite or composite sinks. BLANCO recommends its own cleaning products for best results.
- Apply the cleaner with a soft sponge or cloth, rub gently, and then rinse thoroughly with plenty of water.
- Avoid using harsh chemicals, abrasive pads, steel wool, or strong acids/alkalis, as these can damage the SILGRANIT surface.
- For metallic marks (e.g., from pots), use a non-abrasive cream cleaner and a soft cloth.

5.3 Preventing Damage

- While SILGRANIT is heat-resistant, avoid placing extremely hot items (e.g., directly from the stove) onto the sink surface without protection. Use a trivet or heat pad.
- Do not cut directly on the sink surface. Always use a cutting board.
- Avoid dropping heavy or sharp objects into the sink, which could cause chipping or cracking.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your BLANCO ZIA 9 E sink.

Problem	Possible Cause	Solution
Water stains/Limescale buildup	Hard water deposits; water not wiped dry after use.	Regularly wipe the sink dry after use. Use a mild limescale remover or a solution of vinegar and water. Rinse thoroughly.
Dull appearance/Loss of shine	Accumulation of soap scum or grease; improper cleaning agents.	Clean with a specialized SILGRANIT cleaner. Ensure thorough rinsing. Avoid abrasive cleaners.
Drain not closing/opening properly	Debris in the drain mechanism; cable issue for remote control.	Check for obstructions in the basket strainer. If remote control is faulty, contact BLANCO customer service.
Slow drainage	Partial clog in the waste pipe.	Clear the basket strainer. Use a drain cleaner suitable for plastic pipes, or consult a plumber.

7. SPECIFICATIONS

Detailed technical specifications for the BLANCO ZIA 9 E Granit Sink.

- **Model Number:** 527394
- **Material:** SILGRANIT (up to 80% quartz)
- **Color:** Vulkangrau (Volcano Grey)
- **Installation Type:** Top-mount (Einbau von Oben)
- **Suitable Cabinet Width:** 90 cm corner cabinet or 60 cm standard base cabinet
- **Product Dimensions (L x W x H):** 93 x 61.6 x 19.2 cm (approx. 36.6 x 24.2 x 7.5 inches)
- **Item Weight:** 11 kg (approx. 24.25 lbs)
- **Number of Basins:** 1 main basin + 1 additional outlet
- **Drain Type:** 3 ½" basket strainer with integrated remote drain control
- **Surface Finish:** Powder-coated (referring to the SILGRANIT finish)
- **Shape:** Rectangular (overall shape for corner fit)

8. WARRANTY & SUPPORT

BLANCO stands behind the quality of its products.

8.1 Warranty Information

For detailed warranty terms and conditions, please refer to the official BLANCO website or the warranty card included with your product. Keep your proof of purchase for warranty claims.

8.2 Customer Support

Should you have any questions or require assistance with your BLANCO ZIA 9 E sink, please contact BLANCO customer service. They are available by phone from Germany or via the contact form on their website.
