BLANCO 443121 PRECIS SILGRANIT Super Single Undermount Kitchen Sink Instruction Manual

Model: 443121 | Brand: BLANCO

PRODUCT OVERVIEW

The BLANCO PRECIS SILGRANIT Super Single Undermount Kitchen Sink is crafted from SILGRANIT, a premium granite composite material. This sink is designed for durability and ease of use in a kitchen environment. Its super single bowl design offers ample space for various kitchen tasks.

KEY FEATURES

- **Patented SILGRANIT Material:** Engineered for high resistance to heat, scratches, stains, chips, and impacts.
- **Hygienic+Plus Surface Technology:** Provides a protective shield against liquids and dirt, promoting a cleaner surface.
- **Undermount Installation:** Facilitates easy countertop cleanup by allowing crumbs and spills to be wiped directly into the sink.
- **Rear-positioned Drain:** Maximizes usable bowl space and cabinet storage beneath the sink.
- **Third-Party Certified:** Tested and certified to meet IAPMO standards for composite stone materials.

SETUP AND INSTALLATION

This sink is designed for undermount installation. A template is included to assist with countertop cutout. Professional installation is recommended to ensure proper sealing and support.

- **Countertop Preparation:** Use the provided template for accurate cutting of the countertop opening.
- **Mounting:** Secure the sink to the underside of the countertop using appropriate mounting clips (sold separately). Ensure a watertight seal with silicone sealant.
- **Drain Installation:** Install the drain assembly (basket strainer and installation clips sold separately) into the rear-positioned drain opening.
- **Faucet Installation:** Install your chosen faucet and any other accessories (e.g., soap dispenser) into the pre-drilled holes on the countertop.

OPERATING THE SINK

The BLANCO PRECIS Super Single Sink offers a large, unobstructed basin, ideal for handling oversized cookware, baking sheets, and other large kitchen items. The rear-positioned drain maximizes the usable area of the sink bowl.

Maintenance and Care

The SILGRANIT material is designed for easy maintenance. Regular cleaning will help preserve its appearance and hygienic properties.

Daily Cleaning:

- Wipe down the sink with a soft cloth or sponge and mild dish soap after each use.
- Rinse thoroughly with water to remove any soap residue.
- For best results, dry the sink with a clean towel to prevent water spots, especially in areas with hard water.

Deep Cleaning (as needed):

- For stubborn stains or residue, use a non-abrasive cleaner specifically designed for granite composite sinks, such as [BLANCO CLEAN SILGRANIT Sink Cleaner](#).

- Apply the cleaner with a soft sponge, gently scrub the affected areas, and rinse thoroughly.
- Avoid using harsh chemicals, abrasive pads, or steel wool, as these can damage the surface.

The Hygienic+Plus surface technology helps protect against bacteria, but regular cleaning is still essential for optimal hygiene.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Water Spots/Mineral Deposits	Hard water residue.	Regularly dry the sink after use. For existing spots, use a mild vinegar solution (diluted) or a specialized descaler for granite composite sinks.
Dull Appearance	Accumulation of soap scum or mineral film.	Perform a deep clean using BLANCO CLEAN or a similar granite composite sink cleaner. Ensure thorough rinsing.
Stains	Food dyes, coffee, tea, or other staining agents.	Clean immediately. For persistent stains, a paste of baking soda and water can be applied, left for a short period, then scrubbed gently and rinsed. Avoid bleach.
