

INIU AI-213

INIU AI-213 15W Magnetic Wireless Charger Stand Instruction Manual

Model: AI-213 | Brand: INIU

PRODUCT OVERVIEW

The INIU AI-213 is a 15W fast-charging magnetic wireless charger stand designed for convenience and efficiency. It features a sleep-friendly adaptive light and a cooling fan to maintain optimal device temperature during charging. This charger is compatible with iPhone 12-16 Series and AirPods.

Key Features:

- **15W Fast Wireless Charging:** Provides efficient power delivery for quick charging.
- **9-Fin Turbo Cooling Fan:** Minimizes heat loss and ensures low-temperature charging to protect device battery health.
- **Strong 11N Magnetic Force:** Securely holds compatible devices in place.
- **Detachable Design:** Allows for versatile charging in horizontal, vertical, or handheld orientations.
- **Sleep-Friendly Adaptive Light:** Designed to be gentle on the eyes.
- **Broad Compatibility:** Supports iPhone 12-16 series (magnetic cases only) and AirPods 3/2/Pro.

PACKAGE CONTENTS

Upon opening the package, you should find the following items:

- INIU MagPro 15W Magnetic Wireless Charger (Model: AI-213) x 1
- Wall Charger (20W USB-C Adapter) x 1
- 5ft USB-C Cable x 1
- User Manual x 1

Image: INIU AI-213 Wireless Charger package contents, showing the magnetic charger, a 20W USB-C wall adapter, and a 5ft USB-C cable.

SETUP INSTRUCTIONS

- 1. Connect the Cable:** Insert one end of the provided 5ft USB-C cable into the USB-C port on the wireless charger stand.
- 2. Connect to Power:** Plug the other end of the USB-C cable into the 20W USB-C wall adapter.
- 3. Plug into Outlet:** Insert the wall adapter into a power outlet. The charger is now ready for use.

Market's Fastest 15W Wireless Charging

OPERATING INSTRUCTIONS

- Placing Your Device:** Align your compatible iPhone (12-16 Series with MagSafe or magnetic case) or AirPods (3/2/Pro) with the magnetic charging surface of the stand. The strong 11N magnetic force will securely hold your device in place.
- Charging Orientation:** The detachable design allows for flexible use. You can charge your iPhone horizontally for media consumption, vertically for video calls, or detach the charging puck for handheld use while charging.
- Cooling Fan Operation:** The integrated 9-Fin Turbo Cooling Fan automatically activates during charging to prevent overheating. To manually control the fan and adaptive light, locate the 'S' button on

the charger. Pressing this button will toggle the fan and light on or off.

4. **Adaptive Light:** The sleep-friendly adaptive light provides a subtle glow during charging. It can be turned off using the 'S' button if preferred, especially in dark environments.

Compatibility:

This charger is specifically designed for magnetic wireless charging. For iPhones, it is compatible with iPhone 12-16 Series models. For optimal magnetic attachment and charging, a MagSafe-compatible case is recommended if using a phone case. It also supports AirPods 3/2/Pro.

Image: Visual guide to compatibility, showing iPhones with no case, a magnetic case, and a regular case, alongside AirPods, indicating which setups are compatible.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the charger. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the USB-C cable excessively to prevent damage.

TROUBLESHOOTING

- **Device Not Charging:**
 - Ensure the charger is properly connected to the wall adapter and power outlet.
 - Verify that your device is correctly aligned with the magnetic charging surface.
 - Check if your iPhone has a MagSafe-compatible case. Regular cases may interfere with magnetic charging.
 - Confirm your device is compatible with wireless charging.
- **Slow Charging:**
 - Ensure you are using the provided 20W wall adapter and USB-C cable for optimal 15W fast charging.
 - Remove any thick or non-magnetic cases that might impede charging efficiency.
- **Overheating:**
 - The 9-Fin Turbo Cooling Fan is designed to prevent overheating. Ensure the fan vents are not obstructed.
 - If the device or charger feels excessively hot, discontinue use and contact support.

SPECIFICATIONS

Model Number	AI-213
--------------	--------

Brand	INIU
Wattage	15 watts
Amperage	3 Amps
Input Voltage	9 Volts
Connector Type	USB Type C
Compatible Devices	Cellular Phones (MagSafe compatible iPhone 12-16 Series), AirPods (3/2/Pro)
Special Features	15W Wireless Charging, 9-Fin Turbo Cooling Fan, Automatic Off, Magnetic, Multi Device Charging
Item Weight	8.5 ounces
Package Dimensions	4.13 x 3.15 x 3.03 inches
