Setup and Assembly Instructions

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

Maintenance

Proper care will extend the life of your bed frame:

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Tightening:** Periodically check all bolts and screws and re-tighten them as needed to ensure stability and prevent squeaking.
- **Avoid Moisture:** Keep the bed frame away from excessive moisture or direct sunlight to prevent warping or fading of the wood.
