Picket House TN700KB

Picket House Charlotte King Storage Bed User Manual

Model: TN700KB | Brand: Picket House

1. Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Picket House Charlotte King Storage Bed. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product.
The Charlotte King Storage Bed features a platform design, a channel upholstered faux leather headboard with LED mood lighting, and two spacious storage drawers integrated into the footboard. It is designed for use without a box spring.

2. Safety Information

- Always follow assembly instructions carefully. Incorrect assembly can lead to instability and injury.
- Assembly requires at least two adults. Do not attempt to assemble alone.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten hardware as needed.
- Do not exceed the bed's weight capacity of 800 lbs.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Use only the recommended mattress size (King) for this bed.
- Do not stand or jump on the bed.
- Ensure electrical connections for the LED lighting are properly installed and maintained. Disconnect power before cleaning or servicing the LED lights.

3. Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Headboard with LED lighting and upholstered panels

- Footboard with two integrated storage drawers
- Side rails (left and right)
- Bed slats and support system
- Hardware pack (screws, bolts, washers, Allen wrench, etc.)
- Assembly instructions manual

4. Setup and Assembly

Assembly of the Picket House Charlotte King Storage Bed is required. Please ensure you have adequate space and assistance before starting.

4.1 Unpacking and Preparation

1. Carefully unpack all components and lay them out on a soft, clean surface to prevent scratches.
2. Identify all parts against the parts list provided in the separate assembly instructions.
3. Ensure all necessary tools (usually an Allen wrench, included, and a Phillips head screwdriver, not included) are available.

4.2 Assembly Steps (General Overview)

Refer to the detailed assembly instructions included in your package for step-by-step guidance. The general process involves:

1. Attaching the side rails to the headboard.
2. Attaching the footboard to the side rails.
3. Installing the bed slats and central support system.
4. Ensuring the storage drawers are properly seated in the footboard mechanism.
5. Connecting the LED mood light power supply.

Figure 4.2: View of the bed frame with wooden slats, illustrating the platform support system.

5. Operating Instructions

5.1 LED Mood Lighting

The headboard features integrated LED mood lighting. To operate the lights, locate the control switch or remote (if included) typically found on the back or side of the headboard. Follow the specific instructions provided with the bed for turning the lights on/off and adjusting settings.

Figure 5.2: Detailed view of the LED mood lighting integrated into the headboard design.

5.2 Storage Drawers

The footboard is equipped with two spacious storage drawers. These drawers operate on smooth glides for easy opening and closing. To use, simply pull the acrylic drawer pulls to open and push to close. Ensure drawers are fully closed when not in use to prevent dust accumulation and maintain a tidy appearance.

Figure 5.4: Detailed view of the clear acrylic drawer pull, designed for easy access to the storage drawers.

6. Maintenance

Proper care and maintenance will help preserve the appearance and functionality of your bed. Refer to the specific product care instructions provided with your purchase.

- **Cleaning:** For the faux leather headboard, wipe with a soft, damp cloth. Avoid harsh chemicals. For wood and mirror trim surfaces, use a soft, dry cloth or a mild, non-abrasive cleaner specifically designed for furniture.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Drawers:** Keep drawer glides free of dust and debris. If drawers become stiff, a small amount of silicone lubricant can be applied to the glides.
- **LED Lights:** The LED lights are designed for long life. If a light fails, contact customer support for replacement options. Do not attempt to replace individual LEDs yourself.

7. Troubleshooting

If you encounter issues with your bed, refer to the following common problems and solutions:

- **Bed Squeaks:** Check all hardware connections and tighten any loose bolts or screws. Ensure the bed is on a level surface.
- **LED Lights Not Working:** Verify that the power cord is securely plugged into an outlet and the headboard. Check the control switch or remote for proper function. Ensure the outlet is receiving power.
- **Drawers Sticking/Not Opening Smoothly:** Inspect drawer glides for obstructions or damage. Ensure the drawers are properly aligned within their tracks. Clean glides of any dust or debris.
- **Bed Feels Unstable:** Re-check all assembly points, especially where side rails connect to the headboard and footboard. Ensure all hardware is fully tightened.

If these steps do not resolve the issue, please contact customer support.

8. Specifications

Feature	Detail
Model Number	TN700KB
Size	King
Material	Wood
Product Dimensions (L x W x H)	86"L x 80"W x 68"H
Headboard Dimensions (D x W x H)	4"D x 79"W x 68"H
