JBL Vibe Buds True Wireless Earbuds User Manual

Model: JBLVBUDSWHTAM

INTRODUCTION

Welcome to the user manual for your JBL Vibe Buds True Wireless Earbuds. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your earbuds to ensure optimal performance and longevity. The JBL Vibe Buds deliver JBL Deep Bass Sound, offering up to 32 total hours of battery life with speed charging, and feature a comfortable, water and dust resistant design for daily use.

WHAT'S IN THE BOX

The package includes the JBL Vibe Buds earbuds and their charging case. The earbuds are designed for a secure and comfortable fit, and the case provides additional battery life and protection.

Also included are three different sizes of eartips to ensure a personalized and comfortable fit, along with a Type-C to Type-A charging cable for convenient power replenishment.

Additionally, you will find a Warranty/Warning document and a Quick Start Guide/Safety Sheet.

SETUP

Initial Charging

Before first use, fully charge your JBL Vibe Buds. Place the earbuds into the charging case. Connect the Type-C to Type-A charging cable to the case and a power source. The LED indicators on the case will show charging status.

The earbuds offer up to 8 hours of playback, with an additional 24 hours provided by the charging case, totaling 32 hours. A quick 10-minute charge can provide up to 2 hours of playback.

Pairing with a Device

1. Ensure the earbuds are in the charging case and the case lid is open.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Select "JBL Vibe Buds" from the list of available Bluetooth devices.
4. Once connected, the earbuds are ready for use.

Choosing the Right Eartips

Selecting the correct eartip size is crucial for optimal sound quality and comfort. Experiment with the three included sizes to find the best fit that creates a gentle seal in your ear canal, enhancing bass performance and blocking external noise.

OPERATING INSTRUCTIONS

Basic Controls

The JBL Vibe Buds feature intuitive touch controls on each earbud. Specific functions can be customized via the JBL Headphones App.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Triple tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold on either earbud.
- **Activate Voice Assistant:** Press and hold on the right earbud (customizable).

Smart Ambient Technology

Stay aware of your surroundings with Smart Ambient technology, which includes TalkThru and Ambient Aware modes.

- **TalkThru:** Allows you to have quick conversations without removing your earbuds by lowering music volume and amplifying voices around you.
- **Ambient Aware:** Keeps music playing while allowing you to hear ambient sounds, useful for safety in busy environments.

These modes can be toggled and configured through the JBL Headphones App.

Hands-free Calls with VoiceAware

When making stereo calls, VoiceAware allows you to control the amount of your own voice you hear through the earbuds. This feature helps in natural conversation flow and can be adjusted for clarity.

MAINTENANCE

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Use a cotton swab or small brush to gently clean the charging contacts on both the earbuds and the case.

Storage

When not in use, always store the earbuds in their charging case to protect them from dust, dirt, and physical damage. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

Water and Dust Resistance

The JBL Vibe Buds earbuds are IP54-certified, meaning they are resistant to dust and splashes of water. The charging case is IPX2-certified, resistant to dripping water. While they can withstand sweat and light rain, they are not designed for submersion in water. Ensure earbuds are dry before placing them back in the charging case to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Bluetooth off, out of range, or already paired to another device.	Ensure Bluetooth is on, earbuds are in pairing mode, and within range. Forget device on previous connections.

Problem	Possible Cause	Solution
No sound from one earbud	Low battery, earbud not properly seated in case, or connection issue.	Check battery level, ensure earbud is clean and properly seated in case. Re-pair if necessary.
Charging case not charging earbuds	Dirty charging contacts, case battery depleted.	Clean charging contacts on both earbuds and case. Charge the case fully.
Poor sound quality	Incorrect eartip size, dirty earbuds, or weak Bluetooth signal.	Try different eartip sizes for a better seal. Clean earbuds. Move closer to the connected device.

For more detailed troubleshooting, refer to the official [Troubleshooting Guide \(PDF\)](#) or the [User Guide \(PDF\)](#).

SPECIFICATIONS

Model Name: Vibe Buds

Connectivity Technology: Wireless (Bluetooth)

Audio Driver Type: Dynamic Driver

Impedance: 16 Ohm

Frequency Range: 20 Hz – 20 kHz

Earbud Battery Life: Up to 8 hours

Total Battery Life (with case): Up to 32 hours

Speed Charging: 10 minutes for 2 hours playback
