

HUAWEI Orange-T020

HUAWEI FreeBuds 5i Wireless Earphone User Manual

Model: Orange-T020

1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your HUAWEI FreeBuds 5i Wireless Earphones. Please read this manual carefully before using the product to ensure proper functionality and longevity.

The HUAWEI FreeBuds 5i are TWS Bluetooth earbuds featuring Hi-Res sound, multi-mode noise cancellation, and a long battery life. They are designed for comfort and versatile connectivity.

2. SETUP

2.1 Unboxing and Initial Charge

Upon unboxing, ensure all components are present: the earbuds, charging case, USB-C cable, and ear cushions. It is recommended to fully charge the charging case and earbuds before first use.

Image: HUAWEI FreeBuds 5i earbuds inside their open charging case, both in white. This shows the product's primary components.

2.2 Connecting to Your Device

- 1. Download the HUAWEI AI Life App:** For optimal experience and access to all features, download the HUAWEI AI Life app from your device's app store or by scanning the QR code in the quick start guide.

Image: The HUAWEI AI Life app icon, a blue square with a stylized 'H' logo, essential for managing your FreeBuds 5i.

- 2. Enable Bluetooth:** On your smartphone, tablet, or laptop, navigate to the Bluetooth settings and ensure Bluetooth is enabled.
- 3. Enter Pairing Mode:** Open the charging case. Press and hold the function button on the side of the charging case for 2 seconds until the indicator light flashes white. This indicates the earbuds are in pairing mode.

4. **Select Earbuds:** On your device's Bluetooth list, select "HUAWEI FreeBuds 5i" to connect.
5. **Complete Setup in AI Life App:** Open the HUAWEI AI Life app. It should automatically detect your FreeBuds 5i. Follow the on-screen prompts to add the device and customize settings such as noise control and sound effects.

High Resolution Sound¹ | 28h of Music Playback² | 42dB Multi-mode ANC³

Product color, shape, interface and functions are for reference only. The actual product may vary.
1. The Hi-Res Audio Wireless certification is implemented based on the UAC, "HND transmission protocol, and the LDAC™ protocol is mandatory for the playback device.
2. Music playback with fully charged case, the data comes from Huawei lab tests. Additional information about the testing requirements can be found on the HUAWEI official website.
3. The earphones feature maximum noise cancellation performance of 42dB. Data comes from Huawei lab tests.

3. OPERATING YOUR FREEBUDS 5i

3.1 Noise Cancellation Modes

The FreeBuds 5i offer multi-mode active noise cancellation (ANC) up to 42dB. You can switch between Ultra, General, and Cozy modes to suit your environment using the AI Life app or touch controls.

- **Ultra Mode:** Ideal for noisy environments like airports or subway stations.
- **General Mode:** Suitable for moderately noisy places like restaurants or offices.
- **Cozy Mode:** Best for quiet environments, providing a subtle reduction in ambient sound.
- **Awareness Mode:** Allows you to hear your surroundings without removing the earbuds.

3.2 Dual Device Connection

The FreeBuds 5i can connect to two devices simultaneously, allowing seamless switching between them. For example, you can listen to music on your tablet and instantly switch to answer a call on your phone.

الاتصال بجهازين

3.3 Touch Controls

The earbuds feature intuitive touch controls for various functions:

- **Double-tap:** Play/pause music, answer/end calls.
- **Long press:** Switch noise cancellation modes (ANC On/Off/Awareness).
- **Swipe up/down:** Adjust volume.

Customization of touch controls is available through the HUAWEI AI Life app.

4. MAINTENANCE

4.1 Battery Life and Charging

The FreeBuds 5i offer up to 28 hours of music playback with the charging case. A 15-minute charge can provide 4 hours of audio playback.

- To charge the earbuds, place them in the charging case.
- To charge the case, connect it to a power source using the provided USB-C cable.
- The indicator light on the case shows charging status.

4.2 Water Resistance

The FreeBuds 5i are rated IP54 for water resistance, meaning they are protected against dust and splashing water from any direction. This makes them suitable for workouts and light rain, but they are not designed for swimming or showering.

- Avoid exposing the earbuds to hot water or steam.
- Do not intentionally submerge the earbuds in water.
- If the earbuds get wet, wipe them dry thoroughly before placing them back in the charging case.

تقنية إلغاء الضجيج النشط متعدد الأوضاع بقدرة 42dB

4.3 Cleaning and Care

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Use a cotton swab to gently clean the charging contacts on both the earbuds and the case.
- Store the earbuds in their charging case when not in use to protect them from dust and damage.

5. TROUBLESHOOTING

5.1 Common Issues and Solutions

Issue	Possible Cause	Solution
Earbuds not connecting	Bluetooth off, out of range, pairing mode not activated, interference.	Ensure Bluetooth is on. Place earbuds closer to device. Re-enter pairing mode. Restart device.
No sound or low volume	Volume too low, ear tips not sealed, dirty speaker mesh, incorrect audio output.	Adjust volume on device and earbuds. Try different ear tip sizes. Clean speaker mesh. Check device's audio output settings.
Noise cancellation not effective	Incorrect mode selected, improper fit, ear tips not sealed.	Switch ANC modes in AI Life app. Adjust earbud position. Try different ear tip sizes for a better seal.
Charging issues	Dirty charging contacts, faulty cable/charger, low power source.	Clean charging contacts. Try a different USB-C cable and power adapter. Ensure power source is adequate.

5.2 Resetting Your FreeBuds 5i

If you encounter persistent issues, you may need to reset your earbuds:

1. Place both earbuds into the charging case and leave the lid open.
2. Press and hold the function button on the charging case for 10 seconds until the indicator light flashes red, then white. This indicates a factory reset.
3. After resetting, the earbuds will enter pairing mode. You will need to re-pair them with your devices.

6. SPECIFICATIONS
