Setup and Assembly

This product requires assembly. It is recommended to assemble the unit in the room where it will be used. Ensure all components are present before beginning assembly. A Phillips head screwdriver and an Allen wrench (often included) are typically required.

1. Unpack all components and lay them out on a soft, clean surface to prevent scratches.
2. Identify all hardware and components by comparing them to the parts list (not provided in this manual, refer to your product packaging).
3. Begin by assembling the table frame, ensuring all screws are finger-tightened initially.
4. Attach the tabletop to the assembled frame.

5. Proceed to assemble the chairs, attaching the seat cushions and backrests to the metal frames.
6. Once all components are assembled, gradually tighten all screws with the appropriate tools until secure. Do not overtighten.
7. Adjust the leveling feet on the table and chairs to ensure stability on uneven floors.

Operating Instructions

The Sweiko Industrial Bar Table and Chair Set is designed for daily use in various home and commercial settings. To ensure optimal performance and longevity, follow these guidelines:

- Use the table and chairs on a level surface to prevent wobbling and potential accidents.
- Distribute weight evenly on the tabletop and chair seats. Avoid concentrating heavy loads on small areas.
- When moving the furniture, lift it rather than dragging to prevent damage to the legs and floor.
- The stools are designed for seating one person at a time. Do not stand on the chairs.

Maintenance

Proper maintenance will extend the life and appearance of your Sweiko Bar Table and Chair Set.

- **Cleaning:** Wipe with a dry cloth. For spills, promptly wipe with a damp cloth and then dry thoroughly. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
- **Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Protection:** Use coasters or placemats to protect the tabletop from hot items, spills, and scratches.
- **Environment:** Avoid prolonged exposure to direct sunlight or extreme temperature changes, which can cause fading or warping.
