Corrugated Acrylic Doors

The unique corrugated acrylic cabinet door design offers superb light transmission while maintaining a non-perspective view, enhancing interior aesthetics. These doors are specifically designed not to interfere with remote control signals, allowing seamless operation of your devices even when the doors are closed.

Cable Management

Triangular cable holes are strategically located behind the cabinet sections to help organize and route wires, keeping your entertainment area neat and tidy and preventing cable clutter.

MAINTENANCE

To maintain the appearance and longevity of your WLIVE Retro TV Stand, follow these simple care instructions:

- Wipe the surfaces with a dry, soft cloth to remove dust and fingerprints.
- Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the finish.
- Immediately clean up any spills with a dry cloth to prevent moisture damage.

TROUBLESHOOTING

Common Issues and Solutions

- **Stability Issues:** If the stand feels wobbly, ensure all screws and cam locks are fully tightened according to the assembly manual. Verify the stand is placed on a level and stable surface.
- **Missing Parts:** If any parts are missing upon unboxing, please refer to the "Support and Warranty" section to contact customer service for assistance. Provide the part number from the manual.
- **Difficulty Assembling:** Review the detailed PDF instruction manual carefully, paying close attention to diagrams. If issues persist, contact customer support for guidance.
