Razer Ornata V3 X

Razer Ornata V3 X Gaming Keyboard User Manual

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Razer Ornata V3 X Gaming Keyboard. Designed for an optimal gaming and typing experience, this keyboard combines low-profile keys with silent membrane switches, customizable Chroma RGB lighting, and an ergonomic wrist rest. Please read this manual thoroughly to ensure proper usage and to maximize your product's potential.

PRODUCT FEATURES

- **Low-Profile Keys:** Experience natural hand positioning with slimmer keycaps and shorter switches, designed for extended use with minimal strain.

- **Silent Membrane Switches:** Ideal for users who prefer a quieter and more comfortable typing and gaming experience.

- **Ergonomic Wrist Rest:** A magnetic wrist rest aligns perfectly with the keyboard, providing essential support for your wrists during long periods of use.

- **Durable, Spill-resistant Design:** Constructed for resilience, the keyboard's sturdy build can withstand intense gaming sessions and minor liquid spills.

- **Cable Routing Options:** Integrated grooves allow for neat cable management, enabling you to route the cable to the left, center, or right to keep your desktop organized.

- **Powered by Razer Chroma RGB:** Customize your keyboard with 16.8 million colors and a variety of lighting effects. Enjoy dynamic lighting that integrates with over 150 Chroma-supported games.

PACKAGE CONTENTS

- Razer Ornata V3 X Gaming Keyboard

- Ergonomic Wrist Rest

- USB Cable (attached)

- User Manual and Documentation

1. Connecting the Keyboard

1. Locate an available USB port on your computer.

2. Plug the USB cable from the Razer Ornata V3 X keyboard into the USB port.

3. Your computer should automatically detect and install the necessary drivers.

2. Attaching the Ergonomic Wrist Rest

The ergonomic wrist rest is magnetic and easily attaches to the front edge of the keyboard. Simply align the wrist rest with the keyboard's front edge until the magnets snap into place.

OPERATING INSTRUCTIONS

1. Basic Key Functions

The Razer Ornata V3 X features a standard full-size keyboard layout. Its low-profile keys provide a comfortable and responsive typing experience. The silent membrane switches ensure quiet operation.

LOW-PROFILE KEYS

SLIMMER KEYCAPS, SHORTER SWITCHES

ERGONOMIC DESIGN FOR LONG HOURS OF USE

SILENT MEMBRANE SWITCHES

SOFT, CUSHIONED KEYSTROKES   QUIET, COMFORTABLE TYPING

2. RGB Lighting Control

The Razer Ornata V3 X features customizable Chroma RGB lighting. While advanced customization is done through Razer Synapse, basic lighting effects may be cycled using the Fn key in combination with specific function keys (refer to the keyboard's printed legends for specific combinations).

Image: Several Razer Ornata V3 X keyboards arranged to demonstrate the wide range of 16.8 million colors and dynamic effects available through Razer Chroma RGB.

3. Programmable Keys and Macros

Utilize the Razer Synapse software to remap keys, assign macros, and create custom profiles for different games or applications. This allows for personalized control and enhanced efficiency.

4. Gaming Mode

Razer Synapse allows you to activate a 'Gaming Mode' which can disable the Windows key to prevent accidental interruptions during gameplay. You can also configure it to disable Alt + Tab and Alt + F4 combinations.

MAINTENANCE

1. Cleaning

To clean your keyboard, gently wipe the keycaps and surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. For deeper cleaning, you may carefully remove keycaps if necessary, but consult Razer support for guidance on proper keycap removal to avoid damage.

2. Spill Resistance

The Razer Ornata V3 X features a spill-resistant design. In case of a minor spill, immediately unplug the keyboard from your computer, gently wipe away any liquid, and allow it to air dry completely before reconnecting. For significant spills, contact Razer support.

TROUBLESHOOTING

- **Keyboard not responding:** Ensure the USB cable is securely connected to your computer. Try plugging it into a different USB port. Restart your computer.

- **RGB lighting not working/incorrect:** Verify that Razer Synapse software is installed and running. Check lighting settings within Synapse. Ensure the keyboard is not in a low-power or sleep mode.

- **Keys not registering:** Clean around the affected keys. If using Razer Synapse, ensure no conflicting macros or key remappings are active.

- **Software issues:** Ensure Razer Synapse is updated to the latest version. Try reinstalling the software.

If you encounter persistent issues not resolved by these steps, please refer to the Razer Support website

for further assistance.
