Purity Air Open Ear Headphones User Manual

Model: UU000140 (Style: K7)

Brand: Purity

1. INTRODUCTION

The Purity Air Open Ear Headphones are designed to provide a unique audio experience through true air conduction technology. These wireless Bluetooth earbuds offer a secure and comfortable fit, making them ideal for various activities including sports and daily use. With dual microphones and environmental noise cancellation, they ensure clear communication while allowing you to remain aware of your surroundings.

2. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- Wireless Headphone
- USB-A Charging Cable
- User Manual

3. SETUP

3.1 Charging the Headphones

Before first use, fully charge your Purity Air Open Ear Headphones. Connect the provided USB-A Charging Cable to the charging port on the headphones and plug the other end into a compatible USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status and turn off when fully charged.

3.2 Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button until the LED indicator flashes rapidly, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Purity Air Headphones" (or similar name) from the list of found devices.
5. Once connected, the LED indicator on the headphones will change to a steady light or turn off, depending on the model.

The headphones have a Bluetooth range of up to 10 meters (33 feet).

Open Ear Technology

Delivers clear, natural sound directly to your ear without hurting your hearing.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

- **Power On:** Press and hold the power button for approximately 3 seconds.
- **Power Off:** Press and hold the power button for approximately 5 seconds.

4.2 Music Playback

The headphones feature touch controls for music management:

- **Play/Pause:** Single tap the touch control area.
- **Next Track:** Double tap the right touch control area.
- **Previous Track:** Double tap the left touch control area.
- **Volume Control:** Adjust volume directly from your connected device.

4.3 Call Management

Equipped with dual microphones and Environmental Noise Cancellation (ENC) technology, these headphones ensure clear voice transmission during calls.

- **Answer/End Call:** Single tap the touch control area during an incoming call.
- **Reject Call:** Press and hold the touch control area for 2 seconds during an incoming call.

Clear Voice & Video Calls

Dual-Mic powered by ENC Technology to cancel ambient background noise while keeping your voice clear.

4.4 Wearing Comfort

The lightweight design and secure fit of the Purity Air Open Ear Headphones ensure comfort even during extended periods of wear. The open-ear design allows for situational awareness, which is beneficial for outdoor activities.

Designed for All-Day Wearing

Lightweight and comfortable, even for extended periods of time.

5. MAINTENANCE

5.1 Cleaning

To maintain optimal performance and hygiene, regularly clean your headphones. Use a soft, dry, lint-free cloth to wipe the surfaces. Do not use abrasive cleaners, alcohol, or chemical solvents.

5.2 Water Resistance

The Purity Air Open Ear Headphones are IPX5 water resistant, meaning they can withstand sweat and light splashes. They are not designed for submersion in water. After exposure to sweat or water, wipe the headphones dry before charging or storing.

Workout Buddy

Experience more efficient workouts with IPX5 water resistance and a secure fit for your Purity open-ear headphones.

Image 5.1: The headphones feature IPX5 water resistance, making them suitable for workouts and outdoor activities.

5.3 Storage

Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on them.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; Bluetooth off on device; device too far.	Ensure headphones are in pairing mode; enable Bluetooth on device; move device closer (within 10m).

Problem	Possible Cause	Solution
No sound or low volume.	Volume too low on headphones/device; not connected properly.	Increase volume on both headphones and device; re-pair the headphones.
Poor call quality.	Environmental noise; microphone obstruction.	Move to a quieter environment; ensure microphones are not covered.
