WLIVE ASNG073DK

WLIVE 13-Drawer Storage Organizer Unit

MODEL: ASNG073DK

Brand: WLIVE

Introduction

Thank you for choosing the WLIVE 13-Drawer Storage Organizer Unit. This manual provides essential information for the safe assembly, operation, and maintenance of your new storage solution. Designed for versatility, this unit features a robust steel frame, a durable wooden top, and 13 fabric drawers, making it ideal for organizing items in various rooms such as living rooms, hallways, and offices.

Key Features

- **Multifunction Drawer Tower:** Equipped with 13 detachable fabric drawers and a spacious wooden top, this unit facilitates organized storage and provides display space.
- **Stable Structure & Safety Assured:** Features a 15mm thickened metal steel frame with cross support rods for durability. Includes an anti-tilt device for wall mounting to ensure stability and safety.
- **Premium Details:** Drawers are equipped with smooth slide tracks and curved handles for easy operation. Four all-directional adjustable feet adapt to various floor types and protect against scratches.
- **Durable Quality Material:** Drawers consist of 3 layers of high-quality fiberboard and breathable non-woven fabric. The desktop is made of P2 grade artificial wood, resistant to scratches and easy to clean. Materials are tested for health and environmental protection.

Safety Information

To prevent tipping and ensure the safety of your household, especially children and pets, it is crucial to install the included anti-tilt device. Securely fasten the unit to a wall following the assembly instructions. Do not allow children to climb on the unit or hang from the drawers. Avoid placing excessively heavy items in the drawers or on the top surface.

Package Contents

Please verify that all components are present before beginning assembly. The package should include:

- Steel Frame Components
- 13 Fabric Drawers (various sizes)
- Wooden Top Panel
- Drawer Handles
- Adjustable Feet (4)
- Anti-Tilt Device Kit
- Assembly Hardware (screws, bolts, etc.)
- Assembly Tools (e.g., Allen wrench)
- Detailed Assembly Guide

Setup and Assembly

Assembly of the WLIVE Storage Organizer Unit is designed to be straightforward, typically completed within an hour. Follow the detailed assembly guide provided in the package. All screw parts are clearly marked, and reserved holes and necessary tools are included.

Key Assembly Steps:

1. Unpack all components and verify against the package contents list.
2. Assemble the steel frame using the provided hardware. Pay attention to the orientation of bars as indicated in the instructions.
3. Attach the wooden top panel to the assembled frame.
4. Screw in the adjustable feet to the bottom of the frame.
5. Prepare the fabric drawers by inserting the bottom panels and attaching the handles.
6. Insert the assembled fabric drawers into their respective slots in the frame.
7. Install the anti-tilt device to secure the unit to a wall.

Usage and Operation

The WLIVE Storage Organizer Unit is designed for convenient storage of various items. The fabric drawers slide smoothly on their tracks, allowing for easy access to contents.

- **Drawer Operation:** Use the curved handles to pull drawers open and push them closed. Ensure items are placed neatly to prevent obstruction.
- **Capacity:** The drawers offer ample space for clothing, accessories, and other household items. While durable, avoid overfilling drawers with excessively heavy items, as this may cause them to sag over time.
- **Placement:** The unit's lightweight design makes it easy to move and reposition as needed. The adjustable feet ensure stability on uneven surfaces.

Maintenance

To maintain the appearance and longevity of your storage unit, follow these simple care instructions:

- **Cleaning:** Wipe the wooden top and steel frame with a dry cloth. For the fabric drawers, spot clean with a damp cloth and mild detergent if necessary, then air dry. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if any looseness is detected.
- **Drawer Care:** Ensure drawers are not consistently overfilled to prevent deformation of the fabric or strain on the frame.

Troubleshooting

Here are solutions to common issues you might encounter:

- **Drawers not closing properly or pushing out:** This often occurs if drawers are overfilled. Reduce

the contents of the drawer to allow it to close smoothly. Ensure items are folded or placed flat.

- **Unit feels unstable:** Verify that the adjustable feet are properly leveled on the floor. If the unit is still wobbly, ensure the anti-tilt device is securely installed and fastened to the wall.
- **Damaged plastic rails:** In rare cases, plastic rails may be damaged during shipping or assembly. The manufacturer typically includes extra rails. Contact customer support if you require replacements beyond the provided spares.
- **Noticeable gap on top shelf:** If there is a slight gap between the top drawers and the wall, this is a minor aesthetic issue. Consider placing a decorative item or a thin backing material behind the unit to conceal it if desired.

Specifications

Attribute	Value
Brand	WLIVE
Product Dimensions	11.8"D x 39.4"W x 56.8"H
Color	Charcoal Black
