MAINTENANCE AND CARE

To ensure the longevity and appearance of your WLIVE Tall Dresser, follow these simple maintenance guidelines:

- **Cleaning the Wood Top:** Wipe the wooden top surface with a dry cloth to remove dust and spills. Avoid using abrasive cleaners or excessive moisture.
- **Cleaning Fabric Drawers:** For the fabric drawers, spot clean with a damp cloth and mild detergent if necessary. Allow to air dry completely before reinserting into the frame. Do not machine wash or tumble dry.

- **Frame Care:** Periodically check the steel frame for any loose screws and tighten them as needed to maintain stability.
- **Avoid Overloading:** Do not overload drawers, as this can cause the fabric to sag or deform over time.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading of the fabric drawers.
