## SEENMING HOUSE 3416D3ST3

# SEENMING HOUSE Crystal Pendant Light Fixture User Manual

Model: 3416D3ST3

## 1. INTRODUCTION

Thank you for choosing the SEENMING HOUSE Mini Integrated Hanging Crystal Kitchen Island Pendant Light Fixture. This modern and concise lighting solution is designed to enhance the ambiance of your kitchen island, dining room, bedroom, or hallway. Featuring a brushed nickel finish and integrated crystal elements, this UL Listed fixture provides both elegant illumination and a sophisticated aesthetic. Please read this manual thoroughly before installation and use to ensure proper operation and safety.

## 2. SAFETY INFORMATION

**WARNING:** To reduce the risk of fire, electric shock, or personal injury, follow these instructions carefully.

- Always disconnect power at the main circuit breaker before installation, maintenance, or cleaning.
- All electrical connections must be in accordance with local codes, ordinances, and the National Electric Code (NEC). Consult a qualified electrician if you are unsure about wiring.
- This fixture is designed for indoor use only. Do not expose to moisture or direct water.
- Ensure the mounting surface can support the weight of the fixture. The crystal components are heavy (approximately 8 pounds each). Professional installation is recommended.
- Handle crystal components with care to prevent chipping or breakage.
- Use only GU10 base bulbs as specified. Do not exceed the maximum wattage of 6 watts per bulb.
- If using dimmable bulbs, ensure they are compatible with your dimmer switch. (Dimmer switch and dimmable bulbs are not included).
- Keep packaging materials away from children.

### 3. WHAT'S IN THE BOX

Please verify that all components are present and undamaged before beginning installation.

- Ceiling Canopy with Mounting Hardware
- Pendant Light Fixtures (3 units for 3-light model)
- Crystal Shades/Sticks
- Adjustable Length Cords
- Wire Nuts
- Instruction Manual

**Note:** Bulbs (GU10 base) and dimmer switch are **NOT** included and must be purchased separately.

### 4. SETUP AND INSTALLATION

It is highly recommended to have this fixture installed by a qualified electrician due to its weight and electrical requirements. Ensure power is OFF at the circuit breaker before starting.

1. **Prepare for Installation:** Turn off the power at the main circuit breaker. Ensure the wall switch is in the OFF position.
2. **Mounting Bracket Installation:** Attach the mounting bracket (pre-attached to the canopy) to the junction box in your ceiling. Ensure it is securely fastened.
3. **Adjust Cord Length:** Determine the desired hanging length for each pendant. The cords are adjustable up to a maximum of 55 inches. Loosen the set screws on the canopy to adjust the cord length, then tighten them securely once the desired length is achieved.
4. **Electrical Connections:** Connect the fixture's wires to your household electrical wires using the provided wire nuts.
  - Connect the black wire (Live/Hot) from the fixture to the black wire from the junction box.
  - Connect the white wire (Neutral) from the fixture to the white wire from the junction box.
  - Connect the green or bare copper wire (Ground) from the fixture to the ground wire from the junction box.

Ensure all connections are secure.

5. **Secure Canopy:** Carefully push the wires into the junction box and secure the ceiling canopy to the mounting bracket using the provided screws.
6. **Install Bulbs:** Insert GU10 base bulbs (not included) into each pendant fixture.
7. **Restore Power:** Turn the power back on at the main circuit breaker. Test the light fixture.

## RECOMMENDED BULBS

( Bulb base:GU10 )

**⚠ BULBS NOT INCLUDED**

## SPECIFICATIONS

Voltage: 110V A-C

Bulb wattage: 2W-6W(20W-60W)

Material: Metal. Crystal

color: Brushed. Nickel

## 5. OPERATING INSTRUCTIONS

This pendant light fixture is designed for simple operation via a standard wall switch. For enhanced control, it supports dimming functionality.

- **Turning On/Off:** Use your existing wall switch to turn the light fixture on or off.
- **Dimming Functionality:** This fixture is fully dimmable when used with compatible dimmable GU10 bulbs and a dimmer switch (both sold separately). Adjust the dimmer switch to achieve your desired brightness level.

- **Bulb Selection:** You can choose different styles of GU10 bulbs and color temperatures (e.g., warm white, cool white) to create various atmospheres in your space.

## 6. MAINTENANCE

Regular cleaning will help maintain the appearance and performance of your pendant light fixture.

- **Cleaning:** Ensure the power is turned off before cleaning. The crystal sticks can be cleaned directly with water or a mild glass cleaner. Use a soft, lint-free cloth to wipe down the metal components. Avoid abrasive cleaners or solvents that could damage the finish.
- **Bulb Replacement:** Turn off the power before replacing bulbs. Allow old bulbs to cool completely before handling. Replace with GU10 base bulbs of the appropriate wattage (max 6W).
- **Inspection:** Periodically inspect the wiring and connections for any signs of wear or damage. If any issues are found, consult a qualified electrician.

## 7. TROUBLESHOOTING

If you encounter any issues with your light fixture, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wiring connection. Faulty bulb.	Check circuit breaker and wall switch. Turn off power, check all wire connections. Replace bulb with a new, known-good GU10 bulb.
Light flickers or dims unexpectedly.	Loose wiring. Incompatible dimmer switch or bulb. Overheating.	Turn off power, check all wire connections. Ensure dimmable bulbs and dimmer switch are compatible. Ensure proper ventilation around the fixture.
Crystal appears dull or dirty.	Dust or residue buildup.	Clean crystal sticks with water and a soft cloth as per maintenance instructions.

If the problem persists after trying these solutions, please contact customer support.

## 8. SPECIFICATIONS
