Dreo DR-HTF008S Silver

Dreo Smart Tower Fan Instruction Manual

Model: DR-HTF008S Silver | Brand: Dreo

1. Introduction

Thank you for choosing the Dreo Smart Tower Fan. This manual provides essential information for the safe and efficient operation of your new appliance. Please read it thoroughly before use and keep it for future reference.

2. Important Safety Instructions

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

- Read all instructions before using this fan.
- Use this fan only as described in this manual. Other uses not recommended may cause fire, electric shock, or injury to persons.
- To reduce the risk of fire or electric shock, do not use this fan with any solid-state speed control device.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.
- Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.
- Always unplug fan when not in use, when moving from one location to another, and before cleaning.
- Do not insert or allow fingers or foreign objects to enter any ventilation or exhaust opening as it may cause an electric shock or fire, or damage the fan.
- Do not block air intakes or exhaust in any manner. Do not use on any soft surface, like a bed, where openings may become blocked.
- This fan is not intended for use in wet or damp locations.
- This fan is not intended for use by children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the fan by a person responsible for their safety.

3. Package Contents

Ensure all items are present and in good condition:

- 1 x Tower Fan
- 2 x Fan Base parts
- 1 x Remote Control

4. Setup

The Dreo Smart Tower Fan features tool-free assembly for quick setup.

1. **Assemble the Base:** Connect the two fan base parts together by aligning the grooves and pressing them firmly until they click into place.

Figure 2: Assembling the two parts of the fan base.

2. **Attach Fan to Base:** Align the main body of the tower fan with the assembled base. Gently push down and twist clockwise until the fan is securely locked onto the base.

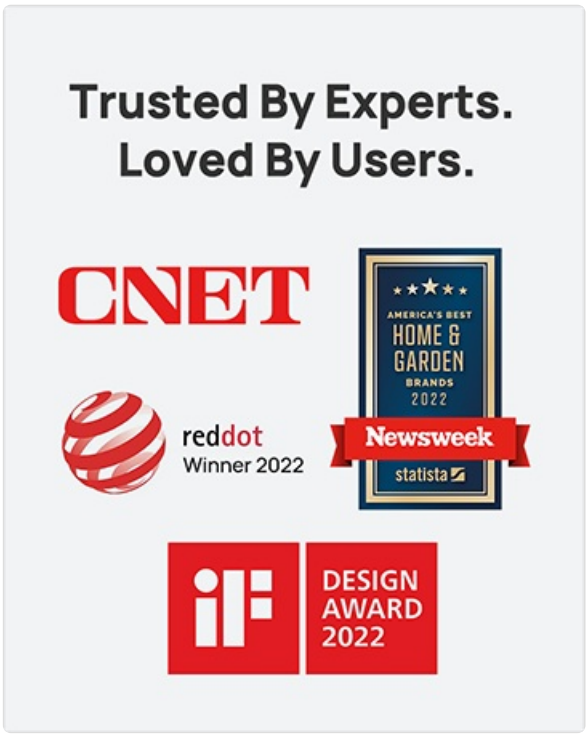

Figure 3: Attaching the tower fan body to the assembled base.

3. **Placement:** Place the fan on a firm, level surface. Ensure there are no obstructions to the air intake or exhaust.

5. Operating Instructions

Your Dreo Smart Tower Fan offers multiple control options for personalized comfort.

5.1 Control Panel & Display

Figure 4: The intuitive touch control panel on top of the fan.

Icon	Function	Description
	Power On/Off	Press to turn the fan on or off.
↻	Oscillation	Activates 90° wide-angle oscillation for broader air distribution.

Icon	Function	Description
	Timer	Set a timer for up to 12 hours for automatic shut-off.
	Mute/Unmute	Turns the button press sound on or off.
	Mode Selection	Cycle through Normal, Natural, Sleep, and Auto modes.
☰	Fan Speed	Adjusts fan speed (5 levels).

5.2 Modes and Speeds

The fan offers 4 modes and 5 speeds to personalize your comfort:

- **Normal Mode:** Provides a constant airflow at your selected speed.
- **Natural Mode:** Simulates natural breeze by cycling through different fan speeds.
- **Sleep Mode:** Operates at a low, quiet speed (34dB) with display auto-off for undisturbed sleep.
- **Auto Mode:** Fan speed adapts automatically based on the ambient room temperature, optimizing energy efficiency.

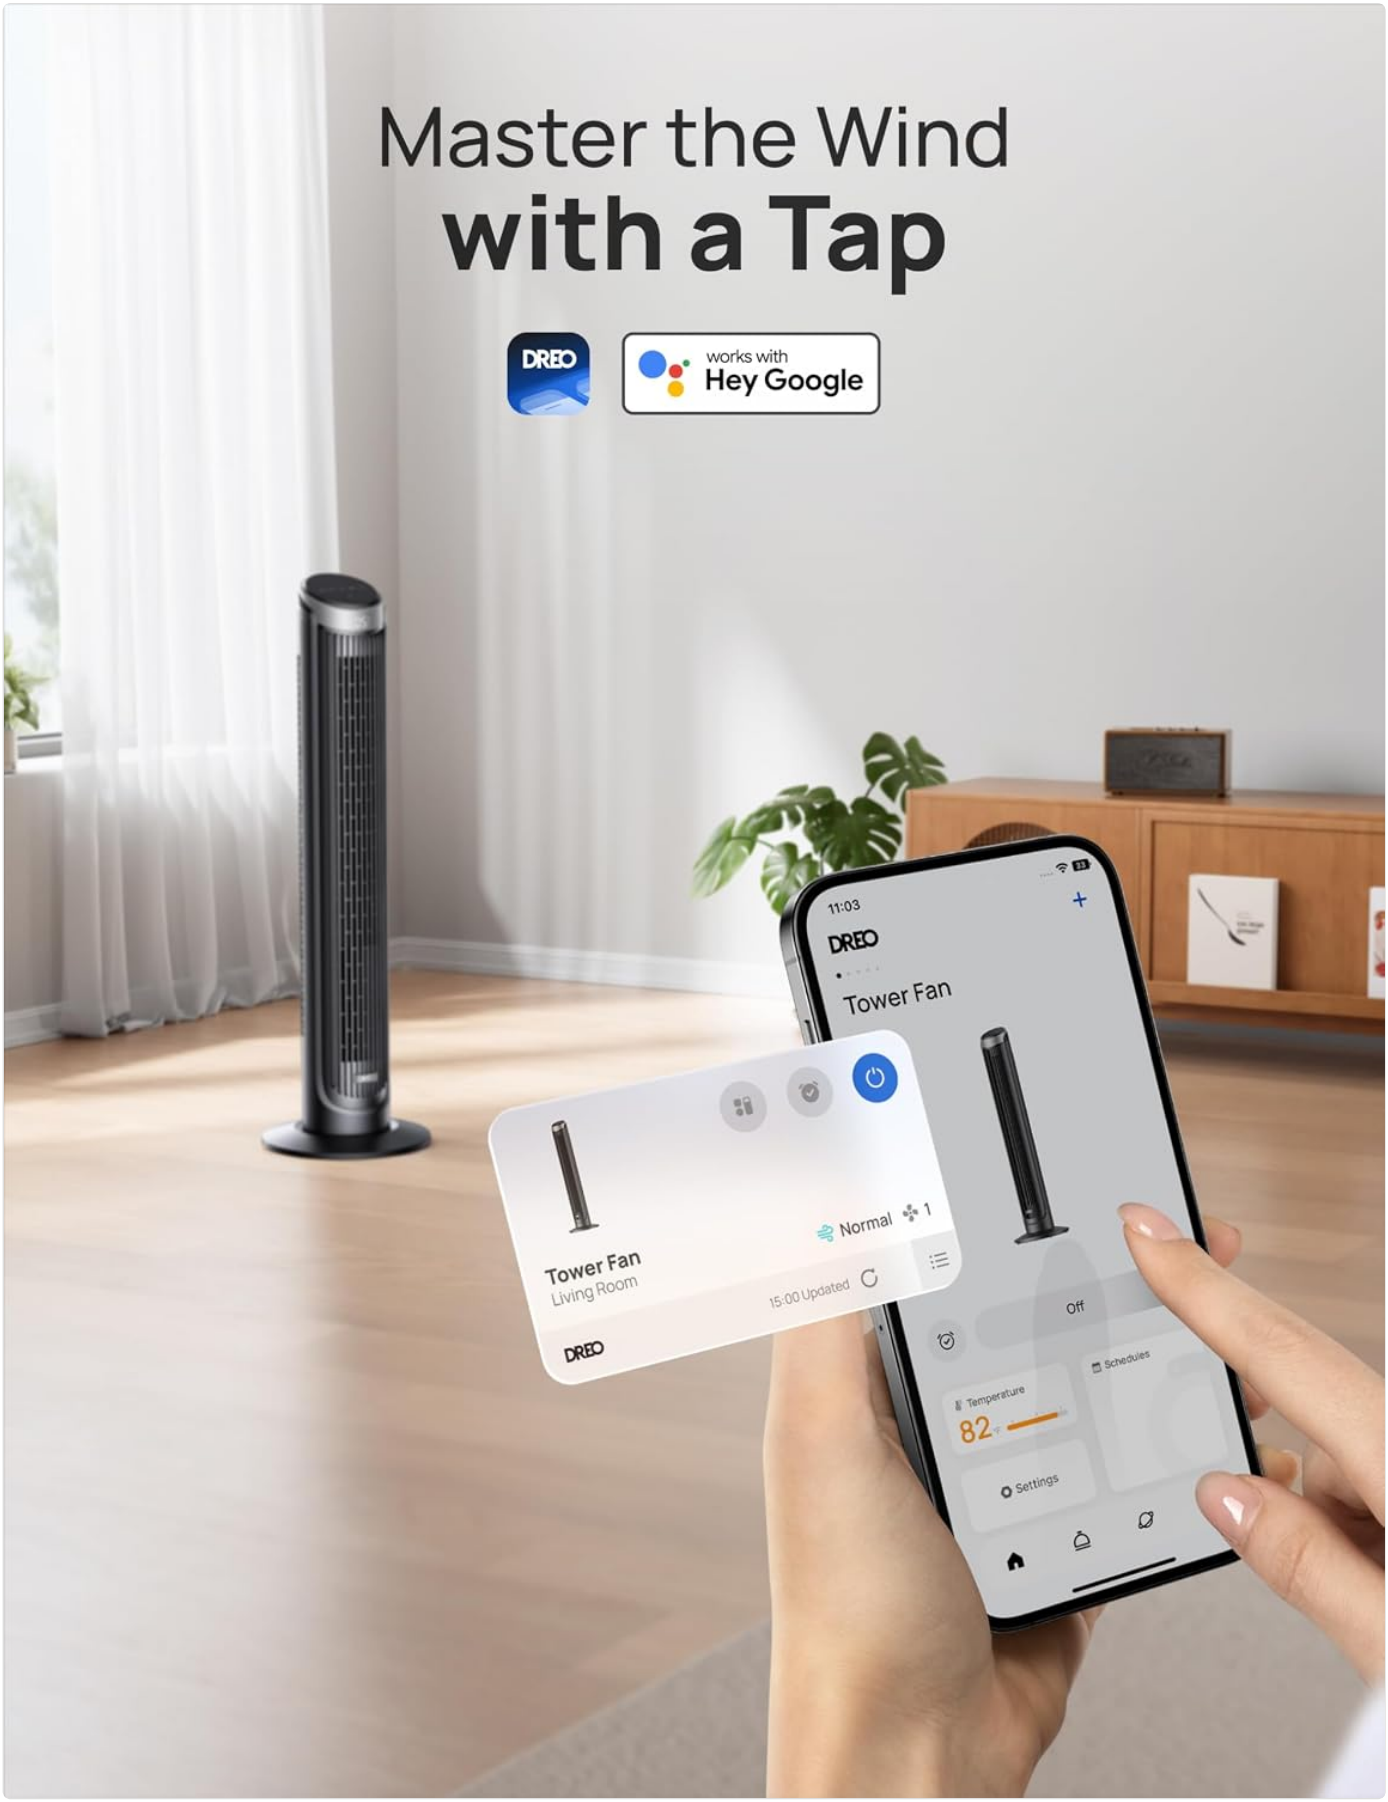

Figure 5: Visual representation of the fan's four operating modes.

5.3 Remote Control

The included remote control allows convenient operation from a distance.

Figure 6: The compact remote control for easy adjustments.

The remote control features buttons mirroring the main control panel for power, oscillation, timer, mute, mode, and speed adjustment. It can be stored in a magnetic slot at the back of the fan for safekeeping.

5.4 App & Voice Control (Alexa/Google Home)

Control your fan from anywhere using the Dreo app or integrate with smart home assistants like Alexa and Google Home for hands-free operation.

- **Dreo App:** Download the Dreo app from your smartphone's app store. Follow the in-app instructions to connect your fan to your home Wi-Fi network. The app allows full control, scheduling, and monitoring of ambient temperature.
- **Voice Control:** Once connected to the Dreo app, enable the Dreo skill in your Alexa or Google Home app. You can then use voice commands to turn the fan on/off, adjust speed, change modes, and control oscillation.

6. Maintenance

Regular cleaning helps maintain optimal performance and extends the lifespan of your fan.

- **Exterior Cleaning:** Use a soft, dry cloth to wipe the exterior surfaces of the fan. For stubborn dirt, a slightly damp cloth can be used, followed by a dry one.
- **Air Intake/Exhaust Grilles:** Use a vacuum cleaner with a brush attachment to gently remove dust and debris from the air intake and exhaust grilles.
- **Internal Cleaning:** The rear grille can be removed for deeper cleaning of internal components. Refer to the detailed instructions in the full user manual (PDF) for this procedure.

Figure 8: Illustration of how to clean the fan's rear grille.

7. Troubleshooting

If you encounter issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on.	Not plugged in; Power outlet malfunction; Fan is damaged.	Ensure the power cord is securely plugged into a working outlet. Test the outlet with another device. Contact customer support if damaged.
Weak airflow.	Air inlets/outlets blocked; Fan speed too low.	Check for and remove any obstructions. Increase the fan speed setting. Clean grilles if dusty.
Fan is noisy.	Fan not on a level surface; Internal components dirty.	Place the fan on a flat, stable surface. Clean the fan as per maintenance instructions.
App/Voice control not working.	Wi-Fi connectivity issues; Incorrect app setup.	Ensure your fan is connected to a stable 2.4GHz Wi-Fi network. Re-pair the fan with the Dreo app. Check smart assistant skill enablement.

For further assistance, please refer to the full user manual (PDF) or contact Dreo Customer Support.

8. Specifications

Feature	Detail
Brand	Dreo
Model Name	Cruiser Pro (DR-HTF008S Silver)
Color	Silver

Feature	Detail
Product Dimensions	11.34"D x 11.34"W x 39.76"H
Item Weight	7.7 Pounds
Power Source	Corded Electric
Noise Level	35 dB
Control Method	App, Remote, Touch, Voice
Special Features	Remote Controlled, Portable, Oscillating, App Operable, Sleep Mode
Wind Speed	Up to 26 ft/s
Oscillation Angle	90°

9. Warranty & Support

Dreo provides a 1-year limited warranty for this product from the date of purchase. For warranty claims, technical support, or any questions, please contact Dreo Customer Support.
You can find more information and contact details on the official Dreo website or through the Dreo Home App.
For the complete User Manual in PDF format, please refer to the official document: User Manual (PDF)

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
