Evenflo Pivot Xpand Modular Stroller User Manual

Model: 13812454AZ | Brand: Evenflo

1. PRODUCT OVERVIEW

The Evenflo Pivot Xpand Modular Stroller is designed for versatility, converting from a single to a double stroller to accommodate growing families. Its modular design allows for various seating configurations, including a toddler seat that transforms into a lay-flat carriage mode. The stroller is compatible with Evenflo LiteMax Infant Car Seats (sold separately) without requiring additional adapters.

Key features include an expandable frame, reversible seating options, a large storage basket, and smooth-riding wheels with suspension for enhanced maneuverability.

2. SAFETY INFORMATION

Always prioritize safety when using the Evenflo Pivot Xpand Modular Stroller. This product meets Federal Safety Standards.

- **Maximum Weight Capacity:** Do not exceed a combined weight of 55 pounds (25 kg) for children in the stroller.
- **Harness System:** Always secure your child using the 5-point harness system. Ensure straps are snug and properly adjusted.

- **Brake Engagement:** Always engage the stroller's brake when parking the stroller or when placing/removing a child. Ensure the brake is fully engaged before releasing the handle.
- **Supervision:** Never leave a child unattended in the stroller.
- **Folding/Unfolding:** Keep children clear of the stroller when folding or unfolding to prevent pinching or injury.
- **Accessories:** Use only Evenflo approved accessories. Using unapproved accessories may compromise the stroller's safety and stability.
- **Maintenance:** Regularly inspect the stroller for loose parts, damaged components, or worn fabric. Discontinue use if any damage is found and contact customer support.

3. SETUP AND ASSEMBLY

The Evenflo Pivot Xpand Modular Stroller comes with the toddler seat and stroller frame. Minimal assembly is required.

3.1 Unfolding the Stroller Frame

1. Place the folded stroller on a flat, stable surface.
2. Locate the folding latch (if applicable) and release it.
3. Lift the handlebar firmly until the frame clicks into its fully open and locked position. Ensure all locking mechanisms are engaged before use.

Figure 3.1: The Evenflo Pivot Xpand Stroller in its compact, self-standing folded position.

3.2 Attaching the Toddler Seat

1. Align the seat connectors with the corresponding slots on the stroller frame.
2. Push the seat firmly downwards until you hear an audible "click," indicating it is securely locked in place.
3. Gently pull upwards on the seat to ensure it is properly attached before placing a child in it.

3.3 Adjusting the Handlebar

The handlebar is 4-position adjustable. Locate the adjustment buttons on either side of the handlebar and press them simultaneously to raise or lower the handle to your desired height. Release the buttons to lock the handle in position.

4. OPERATING INSTRUCTIONS

4.1 Converting to Double Stroller Mode

The stroller frame features an easy slide and lock system to expand for a second seat (sold separately).

1. Locate the expansion mechanism on the stroller frame.
2. Slide the frame outwards until it locks into the expanded position.
3. Attach the second toddler seat or infant car seat (sold separately) to the designated slots.

Figure 4.1: Detail of the Pivot Xpand frame expanding to accommodate a second seat.

4.2 Adjusting Seat Recline and Footrest

- **Seat Recline:** The seat offers 3 recline positions. Locate the recline lever or button on the back of the seat and adjust to the desired angle.
- **Footrest:** The footrest has 6 adjustable positions. Press the buttons on either side of the footrest to adjust its angle.

4.3 Converting to Lay-Flat Carriage Mode

The toddler seat can be converted into a comfortable lay-flat carriage mode, suitable for infants.

1. Fully recline the seat to its lowest position.
2. Adjust the footrest to create a flat surface, aligning with the seat back.
3. Ensure the canopy is extended for full coverage.

Figure 4.2: The stroller configured in lay-flat carriage mode, ideal for infants.

4.4 Engaging the Brake

The stroller features a flip-flop friendly brake. Press down on the brake pedal located near the rear wheels to engage. Lift the pedal to release. Always ensure the brake is fully engaged when the stroller is stationary.

4.5 Using the Storage Basket

The extra-large storage basket expands to over 2 feet in length and offers easy access from both the front and back. Use it to store diaper bags, groceries, or other essentials.

Figure 4.3: Demonstrating easy access to the stroller's spacious storage basket.

4.6 Folding the Stroller

The Pivot Xpand can be stored in a self-standing, compact fold with the toddler seat still attached.

1. Ensure the seat is in an upright position.
2. Locate the folding mechanisms (usually levers or buttons on the handlebar or frame).
3. Follow the specific folding sequence as indicated by the product's physical markings or detailed instructions in the full user manual.
4. Once folded, ensure the stroller locks into its compact position and can stand independently.

5. CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your Evenflo Pivot Xpand Modular Stroller.

- **Fabric, Vinyl, or Plastic Surfaces:** Clean minor spills and stains with cold water and mild soap. Air dry thoroughly.
- **Removable Seat Pads:** If your model has removable seat pads, machine wash them separately in cold water on a delicate cycle. **DO NOT** use chlorine bleach. Tumble dry for 10-15 minutes on low heat and remove immediately to prevent wrinkles. **DO NOT** iron or dry clean.
- **Metal and Plastic Parts:** Wipe clean with a soft damp cloth and dry with a soft cloth. **DO NOT** use abrasive cleaners, as they may damage the finish.
- **Wheels:** Periodically check wheels for debris and ensure they spin freely. Clean as needed.

- **Storage:** Store the stroller in a clean, dry place away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your stroller.

Problem	Possible Cause	Solution
Stroller does not fold/unfold smoothly.	Folding mechanisms are stiff or obstructed.	Ensure all locking mechanisms are disengaged. Check for any fabric or debris obstructing the folding joints. Apply a silicone-based lubricant to moving parts if necessary.
Wheels are difficult to turn or squeak.	Debris in wheel axles; lack of lubrication.	Remove any hair, dirt, or debris from around the wheel axles. Apply a small amount of silicone spray to the axle points.
Brake is not engaging or releasing properly.	Brake mechanism obstructed or misaligned.	Check for debris around the brake pedal and mechanism. Ensure the brake pedal is fully depressed or lifted. If the issue persists, contact customer support.
Seat is difficult to recline or adjust.	Recline mechanism obstructed or stiff.	Ensure no fabric or items are caught in the recline mechanism. Apply a small amount of silicone spray to the pivot points if needed.
