Product Features

Open-Ear Design for Comfort and Safety

The open-ear design ensures your ear canals remain clean and free from discomfort, even during prolonged use. It also allows you to hear your surroundings, enhancing safety during outdoor activities.

IPX6 Waterproof Rating

These headphones are rated IPX6 waterproof, making them resistant to sweat, dust, and moisture. They are suitable for various sports and outdoor activities, but not recommended for swimming.

Secure and Lightweight Fit

Constructed with a high-strength memory titanium alloy frame, the headphones are ultra-lightweight (23g) and bendable, ensuring a secure and comfortable fit that won't slip off during intense exercise.

Advanced Bluetooth 5.3 Connectivity

Equipped with an upgraded Bluetooth 5.3 chip, these headphones offer fast, stable, and seamless wireless connectivity up to 33 feet (10 meters). They are compatible with most Bluetooth-enabled devices.

Long Battery Life

The built-in 150mAh rechargeable Li-ion battery provides up to 10 hours of uninterrupted music/calls and 200 hours of standby time on a single 1.5-hour charge.

Setup Guide

1. Charging the Headphones

Before first use, fully charge your BANIGIPA headphones. Connect the magnetic charging cable to the charging port on the headphones and plug the USB end into a compatible USB power source (e.g., computer USB port, wall adapter). The charging time is approximately 1.5 hours.

2. Powering On/Off

- **Power On:** Press and hold the multi-function button until you hear a power-on prompt or see the indicator light

illuminate.

- **Power Off:** Press and hold the multi-function button until you hear a power-off prompt or the indicator light turns off.

3. Bluetooth Pairing

Once powered on, the headphones will automatically enter pairing mode (indicated by a blinking light). On your device (phone, PC, laptop, tablet, Nintendo Switch, etc.), enable Bluetooth and search for "G5" in the list of available devices. Select "G5" to connect. A voice prompt will confirm successful pairing.

4. Wearing the Headphones

Place the headphones on your head with the ear hooks resting comfortably over your ears. Adjust the ear hooks to ensure a secure and comfortable fit. The flexible design allows for easy adjustment. When not in use, you can hang them around your neck.

Operating Instructions

The BANIGIPA G5 headphones feature multi-functional touch controls for easy operation:

Image: Overview of the multi-function touch controls on the headphones.

- **Play/Pause Music:** Single tap the multi-function touch area.
- **Next Song:** Double tap the multi-function touch area (right earbud).
- **Previous Song:** Double tap the multi-function touch area (left earbud).
- **Volume Up:** Single tap the Volume + button.
- **Volume Down:** Single tap the Volume - button.
- **Answer/Hang Up Call:** Single tap the multi-function touch area during an incoming call.
- **Reject Call:** Press and hold the multi-function touch area during an incoming call.
- **Activate Voice Assistant (Siri/Google Assistant):** Triple tap the multi-function touch area.
- **Switch Music/Game Mode:** Press and hold the multi-function touch area for 2 seconds.

Maintenance

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Due to their IPX6 waterproof rating, they can withstand

splashes and sweat, but avoid submerging them in water.

- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on them.
- **Charging:** Use only the provided magnetic charging cable. Do not attempt to force the cable into the port.

Troubleshooting

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Press and hold the power button for a few seconds.
Cannot pair with device.	Ensure Bluetooth is enabled on your device. Make sure the headphones are in pairing mode (blinking indicator light). Forget previous pairings on your device and try again. Ensure headphones are within 10 meters of the device.
No sound or low volume.	Check the volume level on both the headphones and your connected device. Ensure the headphones are properly paired.
Charging issues.	Ensure the magnetic charging cable is correctly aligned and connected. Try a different USB power source.
Microphone not working.	Ensure the headphones are connected and selected as the audio input device on your phone/PC. Check for any obstructions on the microphone.
