1. INTRODUCTION

Thank you for choosing Vacplus Toilet Bowl Cleaner Tablets. This manual provides essential instructions for the proper use and maintenance of your automatic toilet cleaning system. These tablets are designed to help reduce limescale, rust stains, and other common toilet bowl deposits with each flush, contributing to a cleaner and fresher toilet environment.

2. SAFETY INFORMATION

Please read and understand all safety information before using this product. Failure to follow these instructions may result in injury or product damage.

- **Keep Out of Reach of Children and Pets:** The tablets contain cleaning agents that can be harmful if ingested. Store in a secure location.
- **Avoid Contact with Skin and Eyes:** In case of contact, rinse thoroughly with water for several minutes. If irritation persists, seek medical attention.
- **Do Not Mix with Other Cleaners:** Mixing with other household chemicals, especially those containing ammonia, can release hazardous gases.
- **Ventilation:** Use in a well-ventilated area.
- **Do Not Ingest:** If swallowed, do not induce vomiting. Drink a glass of water and seek immediate medical attention.
- **Pet Safety:** Prevent pets from drinking water from the toilet bowl when the tablet is in use. The treated water is not safe for consumption.

Don't let pets drink the toilet water!

when using the toilet bowl cleaners

3. SETUP INSTRUCTIONS

Follow these steps for initial setup and replacement:

1. **Prepare the Toilet:** Before inserting a new tablet, it is recommended to clean the toilet bowl thoroughly with a brush and flush to remove existing stains. This allows the tablet to maintain cleanliness more effectively.
2. **Open the Toilet Tank:** Carefully remove the lid of your toilet tank.
3. **Insert Tablet:** Take one Vacplus toilet bowl cleaner tablet from its packaging. Drop the tablet into the toilet tank, ensuring it is placed away from the water inlet and outlet mechanisms.

AUTOMATIC Cleaning

simply set and flush*

Image 3.1: Correct placement of the tablet in the toilet tank.

4. **Allow to Dissolve:** For optimal activation, allow the tablet to dissolve sufficiently in the tank water for at least 1 hour before the first flush.
5. **Replace Tank Lid:** Carefully place the toilet tank lid back on.

4. OPERATING INSTRUCTIONS

Vacplus Toilet Bowl Cleaner Tablets provide continuous cleaning with every flush.

- **Automatic Cleaning:** Once activated, the tablet slowly releases cleaning agents into the tank water. Each flush then distributes these agents into the toilet bowl, helping to clean and whiten the porcelain surface.
- **Stain Prevention:** Regular use helps prevent the accumulation of limescale, rust, and other tough stains, reducing the need for frequent manual scrubbing.
- **Deodorizing Effect:** The tablets also contribute to deodorizing the toilet bowl, leaving a fresh scent.

Mild Ingredients

friendly to water tanks & septic systems

Non-Abrasive

5. MAINTENANCE

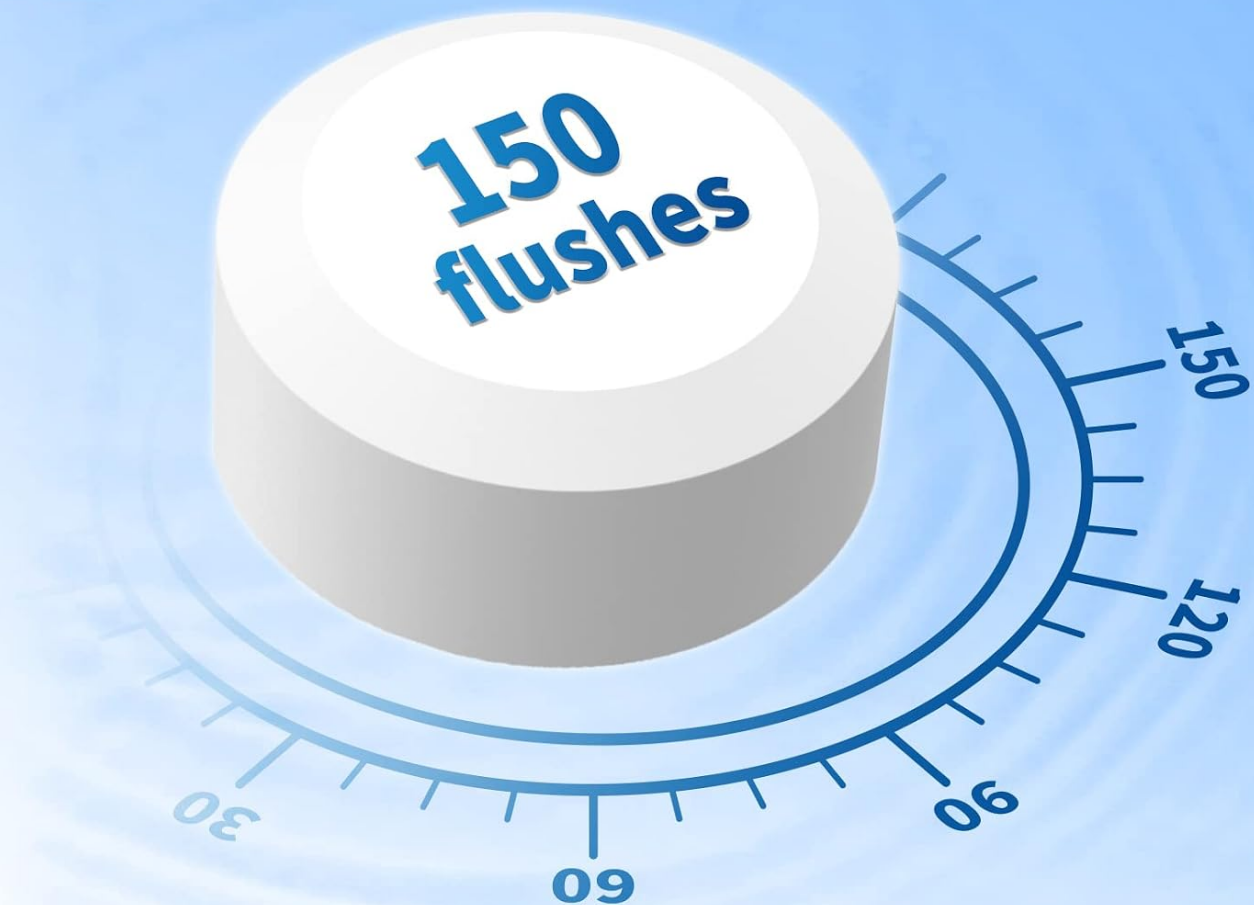

To ensure continuous cleaning performance, regular replacement of the tablets is necessary.

- **Tablet Lifespan:** Each Vacplus tablet is designed to last for approximately 15 days with an average of 20 flushes per day. The actual lifespan may vary depending on the frequency of flushes, water temperature, and water quality.
- **Replacement Indicator:** When the tablet has completely dissolved and the blue color (if applicable) or cleaning effect diminishes, it is time to replace it with a new one.
- **Storage:** Store unused tablets in their original packaging in a cool, dry place, away from direct sunlight and moisture.

Long-Lasting

each pack lasts up to 150 flushes*

— •

* The lifetime may vary based on seasons, water temperature and quality.

6. TROUBLESHOOTING

If you encounter issues with the product's performance, consider the following:

- **Reduced Cleaning Effectiveness:** If the toilet bowl does not appear clean, ensure that the tablet has not fully dissolved. If it has, replace it with a new one.
- **Initial Stains Persist:** These tablets are designed for continuous maintenance and prevention of new stains. For heavily stained toilets, a thorough manual cleaning with a brush is recommended before the first use of the tablets.
- **Tablet Not Dissolving:** Ensure the tablet is not obstructed by any toilet tank mechanisms. If the water level is consistently low, address the toilet's water supply issue.
- **Strong Odor:** Some users may notice a strong bleach odor, especially during the first few flushes after placing a new tablet. Ensure adequate ventilation in the bathroom.

7. PRODUCT SPECIFICATIONS

Feature	Detail
Product Dimensions	1.18 x 1.18 x 0.59 inches (per tablet)
Item Weight	0.71 ounces (per tablet)
Item Form	Tablet
Scent	Bleach
Specific Uses	Toilet cleaning, deodorizing, descaling
Manufacturer	Vacplus
Model Number (ASIN)	B0BRN1XPSP
