IKIFLY HU9000-BK

IKIFLY Metal King Size Headboard

Model: HU9000-BK

1. Introduction

Thank you for choosing the IKIFLY Metal King Size Headboard. This headboard features a farmhouse Victorian style with adjustable height settings, designed for easy assembly and compatibility with various bed frames. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure a safe and satisfying experience with your new headboard.

2. Safety Information

Warning: This product requires assembly. Handle with care to avoid injury from sharp edges or heavy components.

- Always follow assembly instructions carefully.
- Ensure all bolts and fasteners are securely tightened before use.
- Keep small parts away from children during assembly.
- Do not stand on or apply excessive weight to the headboard.

3. Package Contents

Before beginning assembly, verify that all components are present. The package should include:

- Headboard frame components
- Assembly hardware (bolts, washers, nuts)
- Assembly tools (e.g., Allen wrench)
- Instruction manual

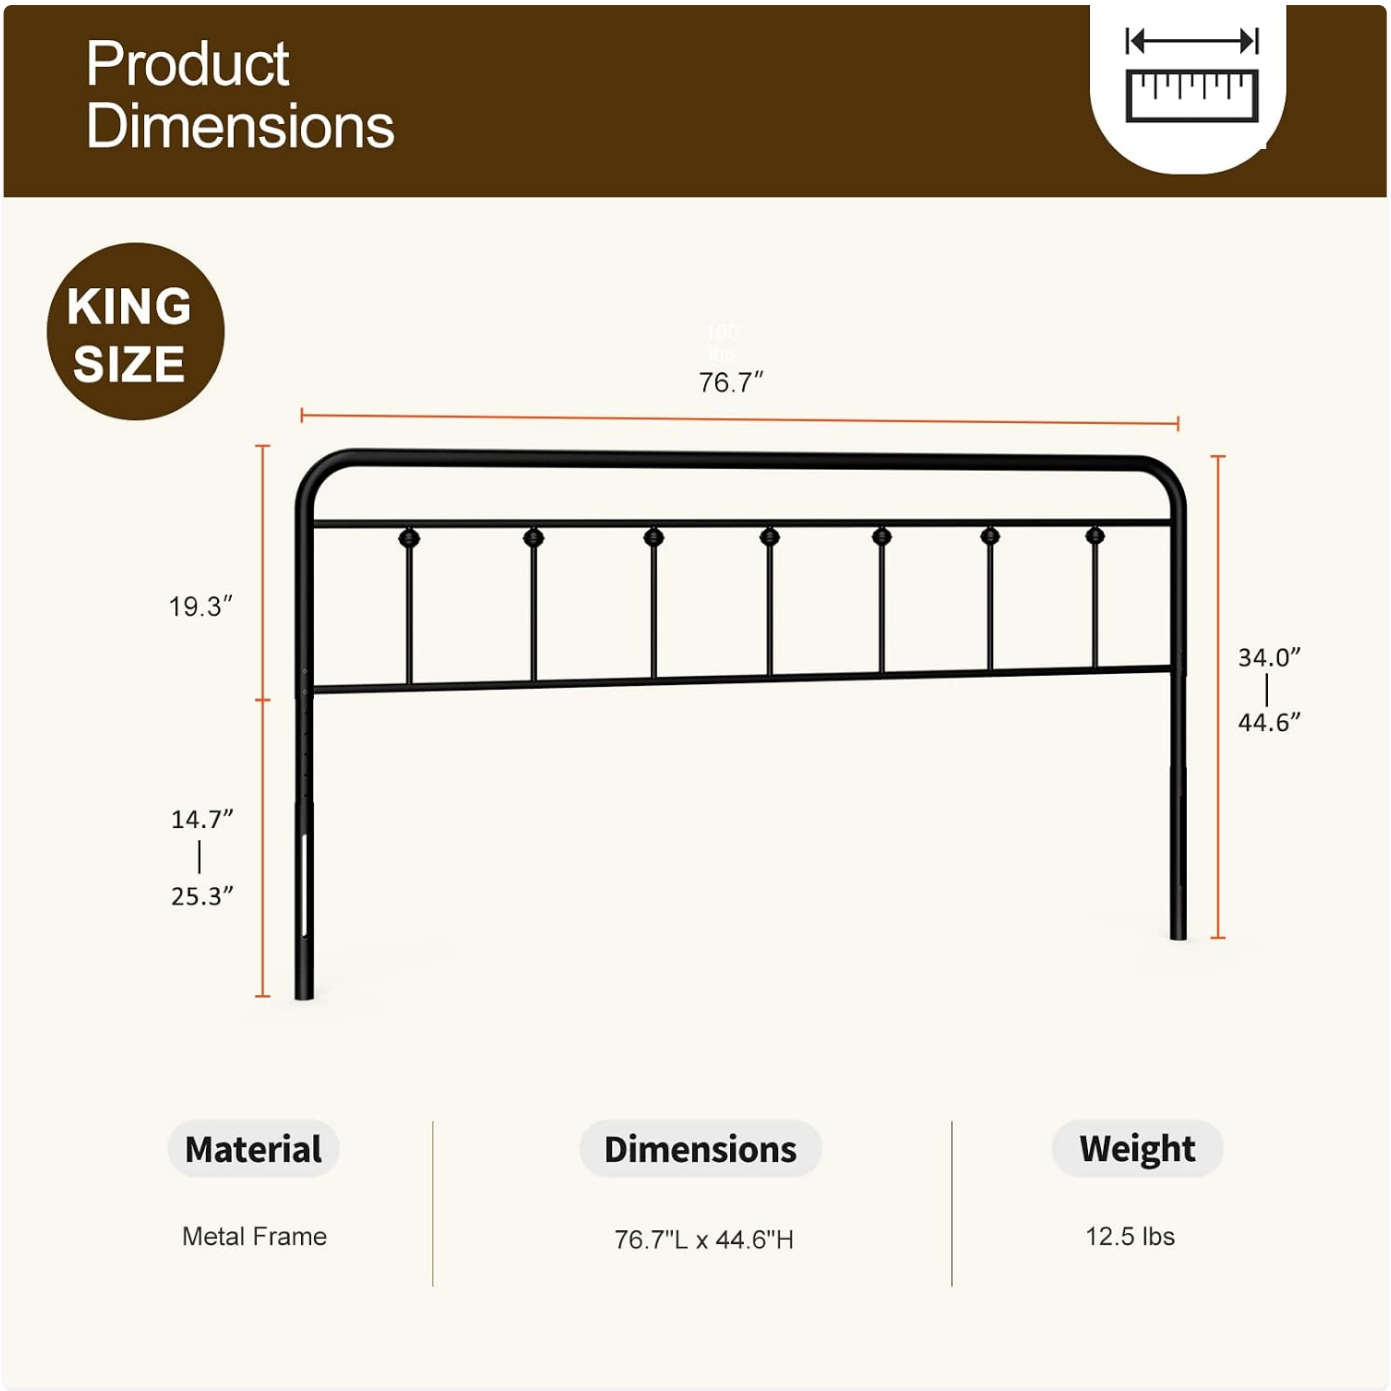

Image 3.1: Product dimensions and included components.

4. Assembly Instructions

The IKIFLY Metal King Size Headboard is designed for easy assembly. Follow these steps to attach it to your existing bed frame.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the included parts list and diagrams to identify each component.
3. **Attach Legs to Headboard Panel:** Secure the vertical support legs to the main headboard panel using the provided bolts and tools. Ensure they are oriented correctly for height adjustment.
4. **Adjust Height (Optional):** The headboard offers 7 different mounting positions, allowing you to adjust the height from 34 inches to 44.6 inches. Select your desired height before attaching to the bed frame.

Image 4.1: Headboard height adjustment mechanism.

5. **Attach to Bed Frame:** Align the pre-drilled holes on the headboard legs with the corresponding holes on your bed frame. Insert the provided bolts and tighten them securely. If your bed frame has insufficient width or specific leg holes, an adapter may be used.

Image 4.2: Adapter for bed frames with leg holes, showing vertical and horizontal slots.

Note: Some bed frames may require longer bolts than those supplied. If the provided hardware does not fit your bed frame, suitable bolts can be purchased from a local hardware store.

5. Operating Instructions (Adjustable Height)

The IKIFLY headboard features an adjustable height mechanism to accommodate different mattress and bed frame setups. To adjust the height:

1. **Loosen Bolts:** Carefully loosen the bolts connecting the headboard legs to the vertical support posts. Do not remove them completely.
2. **Slide to Desired Height:** Gently slide the headboard panel up or down along the vertical support posts to one of the 7 available height settings.
3. **Secure Bolts:** Once the desired height is achieved, re-tighten all bolts securely to ensure stability.

Image 5.1: Visual representation of the adjustable height feature.

6. Maintenance

To maintain the appearance and longevity of your IKIFLY Metal King Size Headboard:

- **Cleaning:** Wipe the headboard with a dry, soft cloth to remove dust and debris. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Periodic Check:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

7. Troubleshooting

Problem	Possible Cause	Solution
Headboard is wobbly or unstable.	Loose bolts or improper attachment to bed frame.	Ensure all assembly bolts are fully tightened. Verify the headboard is correctly attached to the bed frame.
Headboard does not fit existing bed frame.	Incompatible bolt sizes or frame width.	Check if an adapter is needed (refer to Image 4.2). If bolts are too short, purchase longer bolts of the same diameter from a hardware store.
Difficulty adjusting height.	Bolts are too tight or mechanism is obstructed.	Loosen the height adjustment bolts sufficiently. Ensure no debris is obstructing the sliding mechanism.

8. Specifications

Feature	Detail
Model Number	HU9000-BK
Material	Metal
Size	King
Color	Black
Style	Farmhouse Victorian
Item Dimensions (W x H)	76.7" x 44.6" (maximum height)
