SAFETY PRECAUTIONS

Always follow basic safety precautions to reduce the risk of fire, electric shock, or injury to persons.

- Ensure the toilet is connected to a 120V power supply.
- Do not immerse the electrical components in water.
- Avoid using abrasive cleaners or harsh chemicals on the toilet surface.
- Keep children and individuals with reduced physical, sensory, or mental capabilities away from the toilet's automatic functions unless supervised.
- In case of power outage, use the emergency flush feature.

PRODUCT FEATURES

The Casta Diva Smart Toilet CD-K010 offers a range of advanced features for enhanced comfort and hygiene:

- **Automatic Open/Close:** The lid automatically opens upon approach and closes upon departure. This feature can be

disabled via the remote control.

- **Heated Seat:** The toilet seat provides adjustable warmth for comfort, with temperature settings that can be saved for individual users.
- **Touch Panel Remote Control:** A comprehensive remote allows control over bidet cleansing, water pressure, temperature, and user-specific settings.
- **Foot Sensor:** Designed for convenience, a foot sensor can activate seat lifting and bowl flushing.
- **Emergency Flush:** A built-in capacitor enables flushing during power outages by long-pressing the side flush button.
- **Multiple Cleansing Modes:** Includes rear wash, front wash, oscillating cleanse, and a self-cleaning nozzle for optimal hygiene.
- **Warm Air Dryer:** Adjustable warm air drying reduces the need for toilet paper.
- **Smart Night Light:** A sensing night light and breathing button light guide users in the dark.
- **Auto Deodorizing:** Automatically activates during and after use to eliminate odors.

SETUP AND INSTALLATION

The Casta Diva Smart Toilet CD-K010 is a floor-mounted, tankless unit. Professional installation is recommended. Ensure you have a rough-in of at least 12 inches and a 120V power supply within 3.93 ft (1.2m) of the installation area.

Pre-Installation Checklist:

- Verify rough-in measurement (minimum 12 inches).
- Confirm 120V power outlet availability.
- Ensure adequate water pressure (30-80 PSI recommended).
- Gather necessary tools (wrenches, screwdriver, sealant).

Installation Steps:

1. **Prepare the Area:** Turn off the water supply and remove the old toilet. Clean the flange area thoroughly.
2. **Install Shut-off Valve:** Install the provided shut-off valve on the wall. Connect the water hose and flush to measure water volume (should be >1.05 GAL/10S).

3. **Positioning:** Use the provided template to mark the drain outlet centerline and mounting points on the floor.
4. **Mounting Bracket:** Assemble the mounting bracket with bolts and secure them to the pre-installed flange on the ground. Tighten with nuts.
5. **Connect Water Supply:** Connect the toilet's water supply lines to the shut-off valve.
6. **Place Toilet:** Carefully position the smart toilet over the mounting bracket and secure it.
7. **Power Connection:** Plug the toilet into the 120V power outlet.
8. **Test Functions:** Turn on the water supply and test all toilet functions, including flushing, bidet, and automatic features.

OPERATING INSTRUCTIONS

Your Casta Diva Smart Toilet can be operated using the remote control or the side panel buttons.

Remote Control Functions:

- **STOP:** Halts any active function.
- **REAR/MASSAGE:** Activates rear cleansing with massage option.
- **FRONT/MASSAGE:** Activates front cleansing with massage option.
- **WARM DRY:** Initiates warm air drying.
- **FLUSH:** Activates bowl flushing. Long press to toggle auto flush on/off.
- **USER 1/2:** Saves and recalls personalized settings for two users.
- **POSITION:** Adjusts nozzle position. Long press to toggle foot sensing flush on/off.
- **WATER PRES +/-:** Adjusts water pressure.
- **DRY TEMP:** Adjusts warm air dryer temperature. Long press for night light.
- **WATER TEMP:** Adjusts water temperature. Long press for nozzle cleaning.
- **SEAT TEMP:** Adjusts heated seat temperature. Long press for ECO mode.

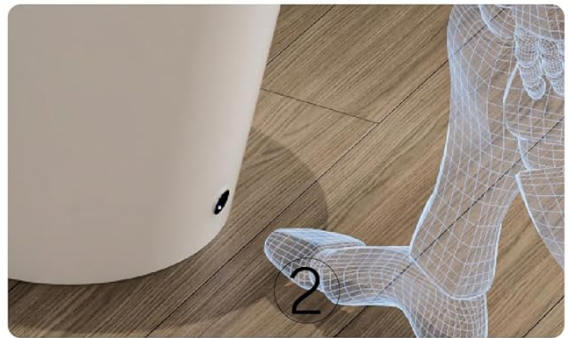

Automatic Features:

- **Auto Open/Close:** The lid opens when you approach and closes when you leave. This can be toggled on/off.
- **Auto Flush:** The toilet flushes automatically after use. This can be toggled on/off.
- **Foot Sensor:** A foot sensor allows for hands-free seat lifting and flushing.
- **Smart Night Light:** Provides subtle illumination for nighttime use.

Easy to control

- ① Controlled by Shortcut Key
- ② Foot Sensor Flush
- ③ Controlled by Remote Control

- Stop
- Hip cleaning
- Female Wash
- Flush

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and optimal performance of your smart toilet.

- **Exterior Cleaning:** Wipe the exterior surfaces with a soft, damp cloth and mild, non-abrasive cleaner.
- **Nozzle Cleaning:** Use the remote control to activate the nozzle self-cleaning function. For deeper cleaning, gently wipe the nozzle with a soft brush when extended.
- **Bowl Cleaning:** Clean the toilet bowl regularly using standard toilet bowl cleaner.
- **Filter Maintenance:** Periodically check and clean the water inlet filter to prevent blockages.
- **Power Off for Deep Cleaning:** For extensive cleaning or maintenance, unplug the toilet from the power outlet.

TROUBLESHOOTING

If you encounter any issues with your Casta Diva Smart Toilet, refer to the following common solutions:

Problem	Possible Cause	Solution
No power/functions unresponsive	Power cord unplugged, circuit breaker tripped, power outage.	Check power connection, reset circuit breaker, use emergency flush during outage.
Bidet water not warm	Water heater setting too low, ECO mode active.	Adjust water temperature via remote, disable ECO mode.
Weak water pressure	Water pressure setting too low, clogged filter.	Increase water pressure via remote, clean water inlet filter.
Auto open/close not working	Feature disabled, sensor obstructed.	Enable feature via remote, ensure sensor is clean and unobstructed.
Toilet not flushing	Water supply off, power outage, sensor issue.	Check water supply, use emergency flush, check foot sensor settings.

For issues not listed here, please contact customer support.
