SETUP AND ASSEMBLY

Assembly typically requires two adults. A power drill may be helpful for securing screws, but hand tools are generally sufficient. Ensure all connections are firm before use.

Step-by-Step Assembly

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface. Verify against the components list.
2. **Attach Headboard Legs:** Secure the support legs to the headboard using the provided hardware.
3. **Assemble Side Rails:** Connect the side rails to the headboard and footboard using the designated bolts and washers. Ensure the connections are snug.
4. **Install Center Support:** Attach any central support beams or legs to the frame as instructed.
5. **Place Wooden Slats:** Lay the wooden slats across the bed frame. Secure them in place using the provided fasteners or by inserting them into the designated slots. Ensure even spacing.
6. **Final Tightening:** Once all parts are assembled, go back and carefully tighten all bolts and screws to ensure stability. Do not overtighten.
7. **Inspect:** Before placing a mattress, inspect the bed frame for any loose connections or instability.

OPERATION

This platform bed is designed to provide a stable and comfortable sleeping surface without the need for a box spring. Simply place your mattress directly onto the wooden slats.

- Ensure the mattress is properly centered on the bed frame.
 - Avoid jumping on the bed, as this can damage the frame and slats.
 - Adhere to the bed's weight capacity to maintain structural integrity and safety.
-

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Mjkone Pink Princess Bed.

- **Cleaning:** The upholstered velvet fabric should be dry cleaned only. For minor spills, gently blot with a clean, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Frame Care:** Wipe the wooden and metal components with a soft, damp cloth. Avoid excessive moisture.
- **Regular Checks:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
