

## HAPAW HP044

# HAPAW PS-5 Cooling Stand and PSVR2 Charging Station User Manual

Model: HP044 | Brand: HAPAW

## INTRODUCTION

---

Thank you for choosing the HAPAW PS-5 Cooling Stand and PSVR2 Charging Station. This multifunctional accessory is designed to enhance your gaming experience by providing efficient cooling for your PlayStation 5 console, convenient charging for up to four controllers (two PS5 DualSense and two PSVR2 Sense controllers), and organized storage for your PSVR2 headset and gaming accessories. It is compatible with both Disc and Digital Editions of the PS5 console.

## PACKAGE CONTENTS

---

Please verify that all items listed below are included in your package:

- 1x PS5 Cooling Stand/Controller Charging Station
- 5x Magnetic Charging Terminals (for PS5 and PSVR2 controllers)
- 1x PSVR2 Headset Holder
- 1x Fixing Screw (for securing PS5 console)
- 2x Magic Straps (for cable management)
- 1x USB-A Cable (2-in-1 for power supply)
- 1x User Manual

# Installation Guide

**1** Take out the screw and fix the console to the stand.

**2** Plug the USB-A charging cable into your console.

**3** Join the headset holders and plug it into the stand.

**4** Take out a magnetic terminal and plug it into controller.

**5** Put the controller onto the correct charging slot.

**6** Turn On the console (or Plug in AC Adapter) to supply power.

## SETUP INSTRUCTIONS

Follow these steps to set up your HAPAW Cooling Stand:

- 1. Prepare the Stand:** Take out the fixing screw from the stand's base.
- 2. Attach PS5 Console:** Carefully place your PS5 console onto the stand, aligning the console's bottom fixing port with the screw hole on the stand. Secure the console by inserting and tightening the fixing screw.
- 3. Connect Power:** Plug the 2-in-1 USB-A charging cable from the stand into a USB-A port on your PS5 console. Alternatively, if the console is off, power the stand using a 5V/3A AC adapter (not included) plugged into the Type-C input port on the stand. *Note: It is not recommended to use both the console and an*

*AC adapter to supply power simultaneously.*

4. **Install Headset Holder:** Join the two parts of the PSVR2 headset holder and plug it into the designated slot on the stand.
5. **Prepare Controllers for Charging:** Insert a magnetic charging terminal into the Type-C port of each PS5 DualSense controller and PSVR2 Sense controller you wish to charge.
6. **Place Controllers:** Gently place the controllers onto their respective charging slots on the stand. The magnetic terminals will align automatically for charging.
7. **Organize Cables:** Use the provided magic straps to manage any excess cables for a tidy setup.

## OPERATING INSTRUCTIONS

---

### Cooling Function

The stand features dual cooling fans with three adjustable speed levels (3800 RPM, 3600 RPM, 3400 RPM) to efficiently dissipate heat from your PS5 console. A touch switch on the front of the stand allows you to cycle through the fan speeds or turn them off. The LED indicators will show the current fan speed setting.

## Charging Controllers

The stand provides wireless charging for two PS5 DualSense controllers and two PSVR2 Sense controllers simultaneously. The magnetic charging terminals ensure a secure and efficient connection. LED indicators for each controller slot will display the charging status: red for charging and green for no load or fully charged. PS5 controllers typically charge in 3-3.5 hours, while PSVR2 controllers charge in 1.5-2 hours.

### Storage and Organization

The HAPAW stand provides a centralized solution for storing your PS5 console, PSVR2 headset, PS5 DualSense controllers, and PSVR2 Sense controllers. The dedicated headset holder keeps your VR gear secure and easily accessible. Integrated USB hubs (2x USB-A output, 1x Type-C input/output) allow for charging additional devices simultaneously, helping to maintain a neat and orderly gaming area.

## MAINTENANCE

To ensure optimal performance and longevity of your HAPAW Cooling Stand, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the stand with a soft, dry cloth to remove dust and debris. Avoid using abrasive cleaners or solvents.
- **Fan Vents:** Ensure the fan vents on the stand are clear of obstructions to maintain efficient airflow.
- **Cable Management:** Periodically check and re-organize cables to prevent tangling and damage.
- **Storage:** When not in use for extended periods, store the stand in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

---

If you encounter any issues with your HAPAW Cooling Stand, please refer to the following common solutions:

- **Fans Not Working:**
  - Ensure the USB-A power cable is securely connected to the PS5 console or a 5V/3A AC adapter.
  - Press the fan speed touch switch to ensure the fans are turned on and set to a desired speed.
- **Controllers Not Charging:**
  - Verify that the magnetic charging terminals are correctly inserted into the controller's Type-C port.
  - Ensure the controllers are properly seated in their respective charging slots on the stand, allowing the magnetic connection to engage.
  - Check the LED indicators; if they are not red (charging), re-seat the controller or check the power connection to the stand.
- **Stand Not Powering On:**
  - Confirm that the 2-in-1 USB-A cable is firmly connected to both the stand and the PS5 console.
  - If using an AC adapter, ensure it is a 5V/3A adapter and properly connected to a working power outlet.

## SPECIFICATIONS

---

Feature	Detail
Model Number	HP044
Input Voltage/Current	5V / 2.8A
Output Voltage/Current	5V / 2.8A
Cooling Fan Speeds	3800 RPM, 3600 RPM, 3400 RPM (Adjustable)
PS5 Controller Charge Time	Approx. 3-3.5 hours
PSVR2 Controller Charge Time	Approx. 1.5-2 hours
USB Ports	2x USB-A Output, 1x Type-C Input/Output
Product Dimensions	12.91 x 11.18 x 2.44 inches
