OPERATING INSTRUCTIONS

Individual Vehicle Modes

Each vehicle can be played with independently.

- **Police Car:** Features lights, phrases, and an animated driver. Roll the car to activate sounds and phrases.
- **Fire Truck:** The ladder can be rotated and extended.
- **Helicopter:** The propeller can be spun manually.

Transforming to T-Rex Mode

To combine the three vehicles into the T-Rex, follow these general steps. Specific connection points are designed for a secure fit.

1. Identify the main body section, which is typically formed by the fire truck.
2. Attach the police car component to form the head and upper body of the T-Rex. Ensure it snaps securely into place.
3. Attach the helicopter component to complete the T-Rex form, often forming part of the back or tail section.
4. Once assembled, the T-Rex will be over twenty inches long and feature animated dino eyes, action sounds, phrases, and digital effects.

MAINTENANCE

Cleaning

To clean the product, wipe surfaces with a slightly damp cloth. Do not immerse the toy in water. Avoid using harsh chemicals or abrasive cleaners.

Storage

Store the toy in a cool, dry place away from direct sunlight. If storing for an extended period, remove batteries to prevent leakage.

TROUBLESHOOTING

- **Toy not responding or sounds/lights not working:**

Check battery installation. Ensure batteries are new and inserted with correct polarity. Replace batteries if necessary.

- **Difficulty transforming or parts not snapping together:**

Ensure all components are correctly aligned before attempting to snap them. Some connections may require firm but gentle pressure. Refer to the Quick Start Guide for visual transformation steps. Adult assistance may be required.

for younger users.

• **T-Rex mode is unstable or falls over:**

Verify that all connecting parts are fully engaged and locked into place. Ensure the T-Rex is placed on a flat, stable surface. Adjust the leg positions for better balance if needed.
