4D Build Harry Potter Hogwarts Express 3D Model Kit

Instruction Manual

1. Introduction

This manual provides comprehensive instructions for the assembly, display, and care of your 4D Build Harry Potter Hogwarts Express 3D Model Kit. This kit allows you to construct a detailed replica of the iconic Hogwarts Express train, designed for display.

The model consists of 181 durable punch-out pieces across 8 sheets, requiring no glue or additional tools for assembly. Upon completion, the model measures approximately 29.4 inches (74.7 cm) in length, 6.5 inches (16.5 cm) in width, and 5.4 inches (13.8 cm) in height.

2. Safety Information

- **Age Recommendation:** This product is recommended for ages 12 years and up.
- **Small Parts:** The kit contains small parts which may pose a choking hazard for young children. Keep out of reach of children under 3 years.
- **Material:** The pieces are made from durable punch-out material. Handle with care to avoid bending or tearing.

3. Package Contents

Your 4D Build Harry Potter Hogwarts Express 3D Model Kit includes:

- 8 sheets of 181 detailed punch-out pieces
- Instruction manual

4. Assembly Instructions

Follow these steps carefully to assemble your Hogwarts Express 3D Model Kit. No glue or tools are required for assembly.

1. **Preparation:** Lay out all 8 sheets of punch-out pieces. Familiarize yourself with the different components and the overall structure by reviewing the provided instructions.
2. **Punching Out Pieces:** Gently punch out each piece from its sheet. Exercise caution to avoid tearing or damaging the pieces, especially smaller or intricate parts.
3. **Follow Numbered Steps:** The instruction manual provides a step-by-step guide with numbered illustrations. Assemble the model by connecting corresponding tabs and slots. Ensure each connection is secure.
4. **Component Assembly:** Begin by assembling larger sections, such as the main body of the train, before attaching smaller details. Work systematically through the manual.
5. **Securing Connections:** When inserting tabs into slots, apply gentle, even pressure. If a piece feels too tight, do not force it, as this may cause damage. Ensure all tabs are fully inserted for a stable structure.

5. Display and Care

Once assembled, your 4D Build Hogwarts Express is designed for display. Follow these guidelines for optimal presentation and longevity:

- **Placement:** Display the model on a flat, stable surface such as a shelf, desk, or display cabinet. Avoid areas prone to vibrations or accidental bumps.
- **Environment:** Keep the model away from direct sunlight, excessive heat, and high humidity, which can cause fading, warping, or damage to the material.
- **Cleaning:** To clean, gently dust the model with a soft, dry cloth or a soft-bristled brush. Avoid using liquid cleaners or abrasive materials.
- **Handling:** Handle the assembled model with care, supporting its base to prevent stress on individual components.

6. Troubleshooting

If you encounter any issues during assembly or with the finished model, consider the following:

- **Pieces Not Fitting:** Ensure you are using the correct pieces for the current step. Refer to the instruction manual's diagrams. Sometimes, gently wiggling a piece or slightly widening a slot with a fingernail can help, but avoid excessive force.
- **Bent or Damaged Pieces:** If a piece is bent, try to gently flatten it. If a tab breaks, you may need to use a small amount of craft glue (not included) to secure the connection, though this is generally not required for the kit's design.
- **Model Instability:** Double-check all connections to ensure tabs are fully inserted into their corresponding slots. A loose connection can affect the overall stability of the model.
