Olakids NP10794

Olakids Climbing Dome with Slide Instruction Manual

Model: NP10794

Product Overview

The Olakids Climbing Dome with Slide is an 8-foot outdoor play structure designed for children aged 36 months to 10 years. It features a sturdy steel frame, a climbing dome, and an integrated slide with a seat, offering a variety of play activities. This equipment is built with anti-rust steel and a weather-resistant coating to ensure durability and longevity in various outdoor conditions. It is compliant with US CPSIA and ASTM requirements, ensuring safety with no sharp points or edges, and is free from harmful chemicals.

Safety Information

Prioritize safety during assembly and use. Adhere to all instructions and guidelines provided. This product is designed for children aged 36 months to 10 years, with a total weight capacity of 330 lbs for the dome and 88 lbs for the sliding seat. Always supervise children during play.

- **Age and Weight Limits:** Suitable for kids 3+ years old with 330 lbs total weight capacity for the dome, and 88 lbs for the sliding seat.
- **Material Safety:** Made of safe material, FREE from BPA, PVC, Phthalates, Lead, Latex, and Formaldehyde.
- **Structural Integrity:** No sharp points or edges. Passed tests for stability, asphyxiation, load, and shear.
- **Ground Anchoring:** Ensure the structure is firmly fixed to the ground using the provided ground hooks to prevent tipping.
- **Supervision:** Adult supervision is required at all times when children are using the climbing dome.
- **Clearance:** Ensure adequate clear space around the climbing dome to prevent collisions.

Key Assembly Tips:

- **Read Instructions Carefully:** Follow the detailed instructions provided in the manual and video to ensure correct assembly.
- **Two-Person Assembly:** It is highly recommended to have at least two people for assembly to manage components and ensure proper alignment.
- **Component Identification:** All pieces are labeled. Match components to the instructions before beginning each step.
- **Secure Connections:** Ensure all bolts and nuts are securely tightened. Periodically check connections for tightness after assembly.
- **Ground Anchors:** Utilize the four provided ground stakes to firmly fix the dome to the ground, enhancing stability.

Operating Instructions

The Olakids Climbing Dome with Slide offers multiple ways for children to engage in active play. Encourage imaginative play while ensuring safe usage.

- **Climbing:** Children can climb on the geometric dome structure, enhancing motor skills and balance.
- **Sliding:** The integrated slide provides a fun descent from the platform. Ensure children slide feet first.
- **Rest Platform:** The central platform offers a resting spot or a base for imaginative play.
- **Group Play:** The dome is designed to accommodate multiple children, promoting social interaction and cooperative play.

Maintenance

Regular maintenance will extend the life of your Olakids Climbing Dome with Slide and ensure continued safety.

- **Regular Inspection:** Periodically check all bolts, nuts, and connections to ensure they are tight. Tighten as needed.
- **Frame Condition:** Inspect the steel frame for any signs of rust, corrosion, or damage. The anti-rust and weather-resistant coating helps protect the frame, but regular checks are important.
- **Slide and Platform:** Check the slide and fabric platform for cracks, tears, or excessive wear.
- **Cleaning:** Clean the surfaces with mild soap and water. Avoid abrasive cleaners that could damage the finish.
- **Ground Anchors:** Ensure ground anchors remain securely in place, especially after heavy winds or rain.

Troubleshooting

If you encounter any issues with your Olakids Climbing Dome with Slide, refer to the following common solutions:

Problem	Possible Cause	Solution
Difficulty Assembling	Incorrect part orientation or missing steps.	Review the Installation Manual (PDF) and the official installation video carefully. Ensure all pieces are correctly identified and aligned before tightening.
Structure Feels Unstable	Loose connections or improper ground anchoring.	Check all bolts and nuts for tightness. Ensure ground anchors are fully inserted and secure. Verify the dome is on a level surface.
Parts Do Not Fit	Misidentification of parts or manufacturing defect.	Double-check part labels against the manual. If a part is genuinely defective or missing, contact Olakids customer support.

Specifications

Product Dimensions: 96 x 72 x 36 inches

Item Weight: 52 pounds

Item Model Number: NP10794

Manufacturer Recommended Age: 36 months - 10 years

Weight Capacity (Dome): 330 lbs

Weight Capacity (Sliding Seat): 88 lbs

Material: Steel, PP, Oxford Cloth

Compliance: US. CPSIA and ASTM Requirements
