PRODUCT FEATURES

- **Stylish Design:** Features lovely trendy cat ear and cat paw design with LED lights, and cushioned earpads for comfort.
- **Dual Connectivity:** Supports both wireless Bluetooth 5.0 and wired 3.5mm audio jack connections for versatile use.
- **Long Battery Life:** Up to 10 hours of playtime on a single 2-2.5 hour charge.
- **Built-in Microphone:** Enables hands-free calls, video chats, and online classes.
- **Excellent Audio Quality:** Delivers crisp, clear sound with bumping bass for an enjoyable listening experience.
- **Adjustable & Foldable:** Adjustable headband to fit various head sizes and foldable design for easy portability and storage.
- **Universal Compatibility:** Works with a wide range of devices including smartphones, tablets, PCs, laptops, and music players.

PACKAGE CONTENTS

Please check the package for the following items:

- Wireless Cat Ear LED Bluetooth Headphones
- USB Charging Cable
- 3.5mm Audio Cable
- User Manual (This document)

SETUP

1. Charging the Headphones

Before first use, fully charge the headphones. Connect the supplied USB charging cable to the micro charging port on the headphones and the other end to a USB power source (e.g., computer USB port, USB wall adapter).

- Charging time: Approximately 2-2.5 hours.
- The LED indicator will show charging status (e.g., red light during charging, off when fully charged).

Figure 2: Headphone Controls and Ports (Micro Charging Port and 3.5mm Audio Port)

2. Powering On/Off

Press and hold the Power button (usually the multi-function button) for a few seconds to power on or off the headphones. You will hear an audible prompt.

3. Bluetooth Pairing (Wireless Mode)

1. Ensure the headphones are powered off.
2. Press and hold the Power button until the LED indicator flashes rapidly (e.g., blue and red alternately), indicating pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select "viv-23m" or a similar name from the list of found devices.
5. Once paired, the LED indicator will typically slow down its flashing or turn solid blue, and you will hear a connection confirmation sound.

UNIVERSAL COMPATIBILITY

Support All Bluetooth Enabled Devices

Figure 3: Universal Compatibility with Bluetooth Enabled Devices

4. Wired Connection (Optional)

If the battery is low or you prefer a wired connection, use the supplied 3.5mm audio cable. Plug one end into the 3.5mm audio port on the headphones and the other end into your device's audio jack. The headphones will automatically switch to wired mode.

OPERATING INSTRUCTIONS

Headphone Controls

Refer to Figure 2 for the location of the control buttons.

Button/Function	Action	Description
Power On/Off / Light On/Off / FM Mode	Press and Hold	Power On/Off the headphones.

Button/Function	Action	Description
	Short Press	Toggle LED lights On/Off. Switch to FM radio mode (if supported).
Next Song / Volume+	Short Press	Skip to the next track.
	Press and Hold	Increase volume.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. Utilize the foldable design for compact storage.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the headphones regularly, even if not in use for extended periods.
- **Avoid Water:** These headphones are not waterproof. Avoid exposure to water or excessive moisture.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.

Problem	Possible Cause	Solution
Cannot pair via Bluetooth.	Headphones not in pairing mode; Bluetooth disabled on device; interference.	Ensure headphones are in pairing mode (flashing LED). Enable Bluetooth on your device. Move closer to the device. Restart both devices.
No sound or low volume.	Volume too low; incorrect audio source; loose cable (wired mode).	Increase volume on headphones and device. Ensure correct audio output is selected on your device. Check 3.5mm cable connection.
Microphone not working.	Microphone muted; incorrect input device selected.	Ensure microphone is not muted on your device. Select the headphones as the input device in your device's audio settings.
LED lights not working.	Lights turned off; low battery.	Short press the Power button to toggle lights. Charge the headphones.
