MAINTENANCE

Regular maintenance will help preserve the appearance and extend the life of your futon sofa bed.

- **Cleaning:** The upholstery fabric is Chenille with a cleaning code of "W or W/S". This means it can be cleaned with water-based cleaning agents or solvent-based cleaning agents. Always test a small, inconspicuous area first. Do not saturate the fabric.

- **Vacuuming:** Regularly vacuum the upholstery using a soft brush attachment to remove dust and debris.
- **Spills:** Blot spills immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain.
- **Frame:** Periodically check all bolts and connections to ensure they are tight. Retighten if necessary.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.

TROUBLESHOOTING

If you encounter any issues with your VINGLI Futon Sofa Bed, please refer to the following common solutions:

- **Difficulty Converting:** Ensure no obstructions are blocking the pull-out mechanism. Check that the sofa is on a level surface.
- **Wobbly Frame:** Verify that all assembly bolts are securely tightened. Refer to the assembly guide for specific bolt locations.
- **Missing Parts:** If any parts were missing upon delivery, please contact VINGLI customer support immediately with your purchase details.
- **Comfort Issues:** Allow cushions time to fully expand after unpacking. For sleeping, consider adding a mattress topper for enhanced comfort if desired.
