Logistimatics Mobile-200

Logistimatics Mobile-200 4G GPS Tracker User Manual

Model: Mobile-200

Brand: Logistimatics

1. INTRODUCTION

The Logistimatics Mobile-200 is a compact, real-time 4G GPS tracker designed for monitoring vehicles, people, and assets. Its magnetic and waterproof design allows for versatile placement, providing live location updates and geofence alerts. This device requires a subscription service for full functionality.

2. KEY FEATURES

- **4G Connectivity:** Operates on the 4G cellular network for reliable tracking.
- **Real-Time Tracking:** Provides live location updates, typically every 30 seconds.
- **Long Battery Life:** Up to 7 days between charges with 30-second updates, or up to 10 days with less frequent updates.
- **Magnetic Mount:** Features a strong built-in magnetic mount for easy and secure attachment to metallic surfaces.
- **Waterproof Design:** Rated IP67 for dust and water resistance, suitable for outdoor use.
- **Geofence Alerts:** Receive notifications when the tracker enters or exits predefined areas.
- **Mobile & Web Access:** Track from iOS, Android devices, or any web browser.

- **Historical Data:** View past locations and routes.

Features you need.

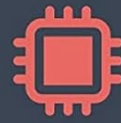

real-time

Never lose sight of what matters most.

Current Location

Know the exact location of your object: address, latitude and longitude.

Geofence Alerts

Geofence alert sends you a real-time notification when your tracker enters or exits an area.

3. SETUP GUIDE

1. **Charge Your Tracker:** Connect the charging cable to the Mobile-200 and plug it into an electrical outlet. Ensure the device is fully charged before first use.
2. **Download the Tracking App:** Search for "Logistimatics" in the Apple App Store (for iOS devices) or Google Play Store (for Android devices) and download the official tracking application.
3. **Activate Subscription:** A subscription to the Logistimatics platform is required for the device to function. Follow the instructions provided with your device or on the Logistimatics website to activate your service plan.
4. **Turn On Your Tracker:** Press and hold the power button on the device until the indicator lights flash. This indicates the tracker is powered on and attempting to connect to the network.
5. **Log In to App/Web Portal:** Use your Logistimatics account credentials to log in to the mobile app or the web-based tracking portal. Your device should appear on the map once connected.

Track vehicles. Track assets. Track everything.

Track from your iOS or Android device or any web-browser. Get real-time tracking alerts if the tracker enters or exits an area.

Worldwide tracking with an included global SIM card.

**Flexible
Subscription**

4. OPERATING INSTRUCTIONS

4.1 Placement

The Mobile-200 can be placed discreetly due to its compact size and magnetic mount. For vehicle tracking, it can be attached to the underside of the vehicle or placed inside. Ensure the device is not obstructed by large metal objects that could interfere with GPS signal reception.

Video: A short preview demonstrating how the Mobile-200 can be used to track teen drivers, showing its discreet placement options inside and outside a vehicle. This video highlights a specific use case for the tracker.

4.2 Real-Time Tracking

Once powered on and connected, the device will send location updates to the Logistimatics platform. You can view the current location and movement history through the mobile app or web portal. The frequency of updates can often be configured within the application settings.

4.3 Geofence Configuration

Set up custom geofences (virtual boundaries) within the Logistimatics application. You will receive instant alerts via email or push notification when the tracker enters or exits these defined zones. This feature is useful for monitoring specific areas of interest.

4.4 Historical Data & Reporting

The platform stores historical tracking data, allowing you to review past routes, speeds, and stops. Comprehensive reports can be generated for detailed analysis of movement patterns over time.

Amazing Data.

Tracks History

View your tracker’s current location and see all of the locations it has been with detailed address information.

Share Links

Share a link with a few clicks to keep anyone notified about current location, destination goal or any data provided by the platform.

5. MAINTENANCE

- **Charging:** Regularly charge the device to maintain optimal battery performance. The app will provide low battery alerts.
- **Cleaning:** Wipe the device with a soft, damp cloth to remove dirt or debris. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** If storing the device for an extended period, ensure it is fully charged and then power it off. Store in a cool, dry place.
- **Software Updates:** Keep the Logistimatics mobile application and device firmware updated to ensure the best performance and access to new features.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not tracking / No location updates	Low battery No cellular signal Subscription inactive Device powered off GPS signal obstruction	Charge the device. Move to an area with better cellular coverage. Verify subscription status on the Logistimatics platform. Turn on the device by holding the power button. Relocate the device to an open area with clear sky view.
Inaccurate location data	Weak GPS signal Device indoors or underground	Ensure the device has a clear line of sight to the sky. Move the device outdoors.
Battery drains quickly	Frequent update interval Constant movement Old battery	Adjust update frequency in app settings to a longer interval. Battery life is reduced with constant movement and frequent updates. Contact support if battery life significantly degrades over time.

7. SPECIFICATIONS

- **Model:** Mobile-200
- **Connectivity:** 4G Cellular
- **Tracking Technology:** GPS
- **Battery:** 1 Lithium Ion battery (included)
- **Battery Life:** Up to 7 days (30-second updates), up to 10 days (less frequent updates)
- **Features:** Magnetic mount, Waterproof (IP67)
- **Dimensions:** Approximately 5.24 x 3.94 x 3.03 inches (Package Dimensions)
- **Item Weight:** 15.2 ounces
- **Manufacturer:** Logistimatics

- **Country of Origin:** USA
- **Included in Box:** Mobile-200 Tracker, Magnet Mount, Charging Cable (implied from video)

8. WARRANTY AND SUPPORT

For warranty information, technical support, or service inquiries, please refer to the official Logistimatics website or contact their customer service directly. Details regarding product registration and warranty claims can typically be found on the manufacturer's support pages.
