ZINUS Heidi Metal Platform Bed Frame (King, Black) Instruction Manual

Model: ZU-FBMMH6-42K | Brand: ZINUS

IMPORTANT SAFETY INFORMATION

- Do not exceed the 700 lbs weight capacity for the King size bed frame (including mattress and occupants).
- Exercise caution around sharp edges during assembly and use.
- Ensure all bolts are securely tightened before use to prevent instability and noise.

PRODUCT OVERVIEW

The ZINUS Heidi Metal Platform Bed Frame offers a traditional design with a durable steel construction, eliminating the need for a box spring. It features an ornate spindle headboard and footboard, and provides 11 inches of under-bed clearance for storage.

Key Features:

- Durable Steel Construction
- No Box Spring Required
- 11-inch Under-Bed Storage Clearance
- Easy Assembly
- 5-Year Limited Manufacturer's Warranty

PACKAGE CONTENTS

Your ZINUS Heidi Metal Platform Bed Frame package includes all necessary parts, tools, and instructions for assembly, conveniently packed in one box. Please verify all components are present before beginning assembly. Refer to the included parts list in your physical manual for specific item identification.

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically requires two people and can be completed in under an hour. Follow these steps carefully.

Step 1: Unpack and Identify Parts

Carefully open the shipping box and lay out all components on a clean, soft surface to prevent scratches. Identify each part using the labels and the parts list provided in your physical manual.

Step 2: Assemble Headboard and Footboard Sections

Connect the vertical and horizontal bars of the headboard and footboard sections. Ensure all connections are aligned before tightening bolts.

Image: A detailed view of the footboard section of the ZINUS Heidi bed frame, highlighting the curved metal design and decorative vertical spindles.

Step 3: Attach Side Rails

Securely attach the side rails to the assembled headboard and footboard sections using the provided bolts and the included ratchet tool. Do not fully tighten bolts until all sections are connected.

Easy-to-maneuver box

Step 4: Install Support Slats

Place the metal support slats across the frame. Many ZINUS frames feature slats connected by Velcro or a similar system for easy and even placement. Ensure all slats are properly seated and secured.

Mattress thickness guide

Step 5: Final Tightening

Once all components are in place, systematically tighten all bolts using the provided tool. Ensure all connections are firm and secure.

OPERATING INSTRUCTIONS

Mattress Placement

Place your mattress directly onto the metal support slats. A 10-inch or 12-inch mattress is recommended to best showcase the headboard design.

Dimensions & capacity

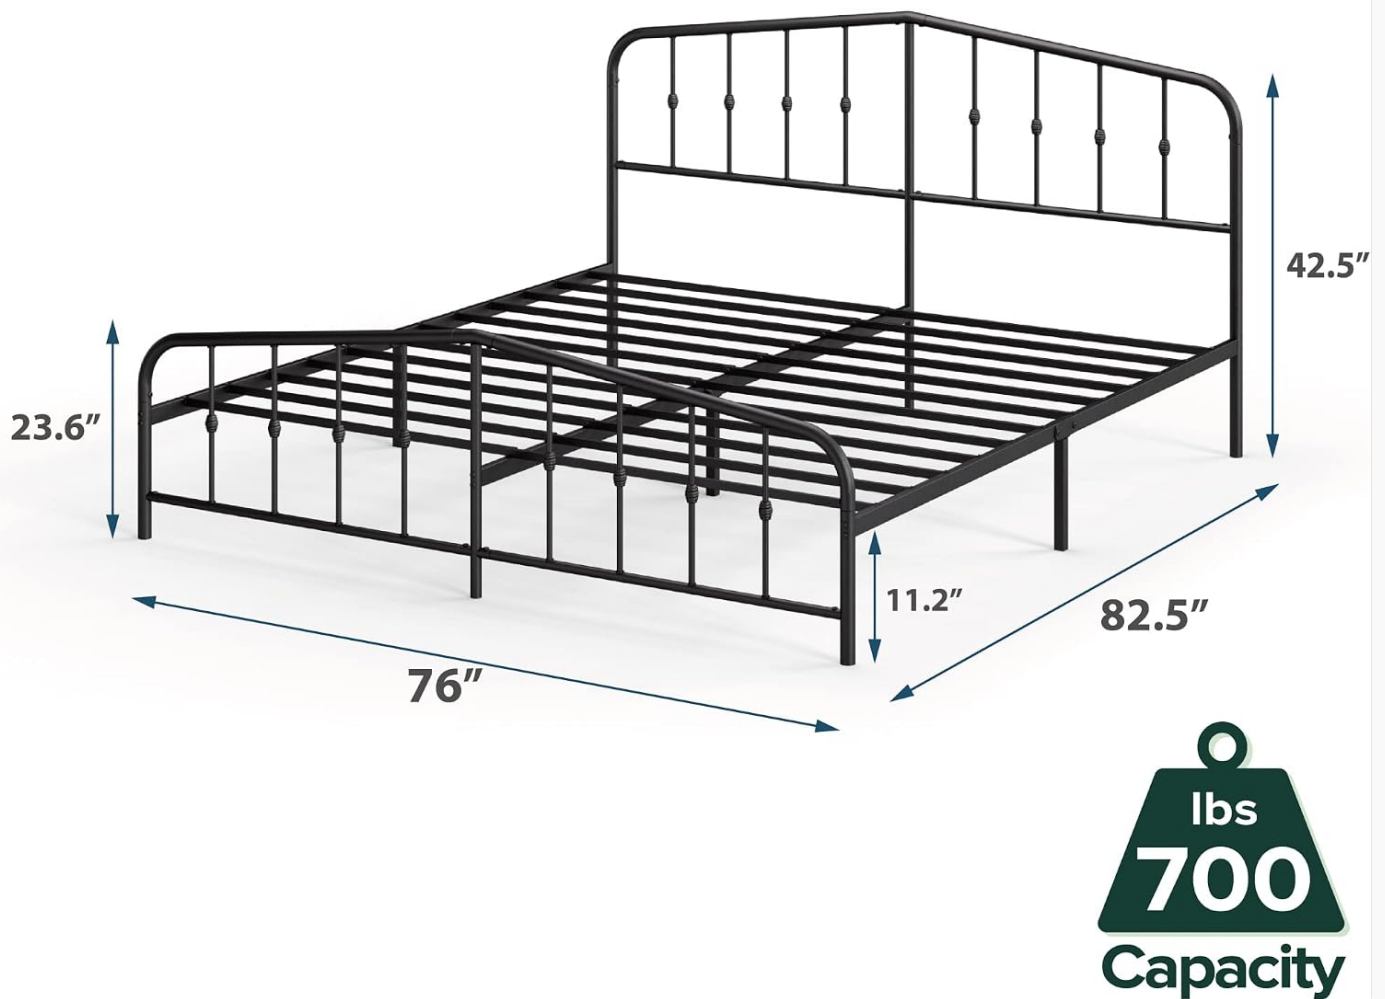

Image: A visual guide demonstrating how 10-inch and 12-inch mattresses appear on the ZINUS Heidi bed frame, illustrating the recommended mattress thickness for optimal aesthetic.

Weight Capacity

The King size ZINUS Heidi Metal Platform Bed Frame supports up to 700 lbs (including mattress and occupants). Do not exceed this weight limit.

Under-Bed Storage

Utilize the 11 inches of clearance beneath the frame for convenient storage of bins, baskets, or other items.

MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Periodic Check:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Moving:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

TROUBLESHOOTING

Squeaking Noises

If the bed frame produces squeaking noises, it is typically due to loose bolts.

1. Remove the mattress and carefully inspect all connection points.
2. Using the provided tool or an appropriate hex key, tighten all bolts securely. Do not overtighten.
3. Check that the support slats are evenly spaced and properly seated.

If squeaking persists, disassemble and reassemble the affected sections, ensuring all parts are correctly aligned before tightening.

Instability

If the frame feels unstable, ensure all bolts are fully tightened and that the frame is placed on a level surface. Verify that all parts are assembled according to the instructions.

SPECIFICATIONS

Feature	Detail
Brand	ZINUS
Model Number	ZU-FBMMH6-42K
Size	King
Product Dimensions	82.5"L x 76"W x 42.5"H
