Dexpt RSF-DY115B-2601000US

Dexpt 26V Replacement Charger Instruction Manual

For Voweeek VC08, VC07, VW-VC07, VW-VC08 Cordless Handheld Vacuum Cleaners

1. PRODUCT OVERVIEW

This manual provides essential information for the safe and effective use of your Dexpt 26V Replacement Charger. This power adapter is designed to replace the original charger for specific Voweeek cordless handheld vacuum cleaner models.

The package includes one (1) power adapter. It features a rugged exterior and scratch-proof design for durability.

Compatibility Check

Step 1: Have your massage gun ready

Step 2: Check if its charging port is designed for Round Tip connector

Step 3: Check the power information on the bottom of your massage gun

VOLTS	AMPS	WATTS	COMPATIBILIYT
24V	1A	24W	✓
25V	1A	25W	✓
25.2V	1A	25.2W	✓
25.2V	0.5A	12.6W	✓
26V	1A	26W	✓
17V	1A	17W	✗

Input: 26V = 1A, 26W

Warning: Do not use it on notebooks with a rated power exceeding 26W
If the above three conditions are met, it is correct.

2. SAFETY INFORMATION

Your safety is paramount. This charger has undergone stringent safety tests to ensure the protection of both the user and connected devices.

- Always ensure the charger is compatible with your device's voltage and amperage requirements before use.
- Do not use the charger if the cable or plug is damaged.
- Avoid exposing the charger to water or extreme temperatures.

- Unplug the charger from the wall outlet when not in use or during electrical storms.
- **Warning:** Do not use this charger on devices with a rated power exceeding 26W.

3. PRODUCT COMPATIBILITY

This Dext 26V Replacement Charger is specifically designed for the following Vowee cordless handheld vacuum cleaner models:

- Vowee VC08
- Vowee VC07
- Vowee VW-VC07
- Vowee VW-VC08

Important: This charger is **NOT** compatible with Vowee vacuum models with a 25.9V battery, such as VW-VC09, VW-VC10, VW-VC11, or VW-VC12.

Ensure your device requires a 26V 1A (26W) power input and has a round tip connector.

Image: A visual guide demonstrating how to check device compatibility. Step 1 shows a device (represented by a massage gun) ready for charging. Step 2 illustrates a round tip connector, confirming the required port type. Step 3 shows a table of voltage, amperage, and wattage, indicating compatibility with 26V 1A 26W input.

4. SETUP AND OPERATING INSTRUCTIONS

Follow these simple steps to set up and operate your Dext 26V Replacement Charger:

1. **Verify Compatibility:** Before connecting, ensure your VoweeK vacuum cleaner model (VC08, VC07, VW-VC07, VW-VC08) requires a 26V input and has a round charging port.
2. **Connect to Device:** Insert the round tip connector of the charger firmly into the charging port of your VoweeK cordless vacuum cleaner.
3. **Connect to Power Outlet:** Plug the charger's AC adapter into a standard 100-240V wall outlet.
4. **Charging Indication:** Your vacuum cleaner should indicate that it is charging (refer to your vacuum's user manual for specific charging indicators).
5. **Disconnect:** Once the device is fully charged, unplug the charger from the wall outlet first, then disconnect it from your vacuum cleaner.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Dextp 26V Replacement Charger, follow these maintenance guidelines:

- **Cleaning:** Wipe the charger with a dry, soft cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and moisture when not in use.
- **Cable Care:** Avoid sharp bends or kinks in the cable. Do not wrap the cable too tightly around the adapter.
- **Inspection:** Periodically inspect the charger and cable for any signs of damage, such as fraying, cuts, or bent pins. Discontinue use if damage is found.

6. TROUBLESHOOTING

If you encounter issues with your Dext 26V Replacement Charger, refer to the following common troubleshooting steps:

- **Device Not Charging:**

- Ensure the charger is securely plugged into both the wall outlet and the vacuum cleaner.
- Verify that the wall outlet is functional by testing it with another device.
- Confirm that the charger is compatible with your specific Voweek vacuum model (VC08, VC07, VW-VC07, VW-VC08) and its power requirements.
- Check for any visible damage to the charger cable or connector.

- **Slow Charging:**

- Ensure the charger is connected directly to a wall outlet, not through a power strip or extension cord that might reduce power delivery.
- The charging speed can also be affected by the condition of your vacuum's battery.

- **Charger Overheating:**

- It is normal for chargers to become slightly warm during operation. However, if the charger becomes excessively hot, unplug it immediately.
- Ensure adequate ventilation around the charger and avoid covering it.
- Verify that the connected device's power requirements do not exceed the charger's output (26V 1A 26W).

If these steps do not resolve the issue, please contact customer support.

7. SPECIFICATIONS

Feature	Specification
Model Number	RSF-DY115B-2601000US
Input Voltage Range	100-240V
Output Voltage	26V
Output Amperage	1A
Output Wattage	26W
Connector Type	Round Tip
Color	Black
Item Weight	3.52 ounces
Package Dimensions	4.57 x 2.68 x 1.73 inches

Image: Illustrates the compact design of the charger, showing approximate dimensions of 2.25 inches in height and 1.3 inches in width.

8. WARRANTY AND SUPPORT

Dexpt is committed to providing reliable products and excellent customer service.

- **30-Day Replacement Guarantee:** Within 30 days of purchase, we offer a no-questions-asked replacement guarantee.
- **360-Day Quality Guarantee:** The product is covered by a 360-Day Quality Guarantee provided by the manufacturer.
- **24-Hour Online Support:** If you encounter any issues or have questions, our technical support team is available 24 hours a day to assist you.

For support, please refer to the contact information provided with your purchase or visit the official Dexpt website.
