MAINTENANCE

To ensure the longevity and appearance of your ODK L-shaped desk, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the desk surfaces with a dry, soft cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth to prevent moisture damage. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Promptly wipe up any spills to prevent staining or damage to the surface.
- **Heat and Moisture:** Avoid placing hot items directly on the desk surface. Use coasters for drinks to protect against moisture rings.
- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your ODK L-shaped desk, refer to the following common troubleshooting tips:

1. Desk Instability/Wobbling

- **Check Foot Pads:** Ensure all adjustable non-slip foot pads are in firm contact with the floor and are adjusted to level the desk. Rotate them clockwise or counter-clockwise to raise or lower each corner.
- **Tighten Screws:** Verify that all assembly screws are securely tightened. Loose connections can lead to instability.
- **Even Surface:** Ensure the desk is placed on a flat, even surface.

2. Power Outlets Not Working

- **Power Connection:** Confirm that the desk's power cord is fully plugged into a functional wall outlet.
- **Overload:** Avoid overloading the power strip. Ensure the total power draw of connected devices does not exceed the specified limits (120V/12A).
- **Device Check:** Test the devices you are trying to power with another outlet to ensure they are functioning correctly.

3. Missing or Damaged Parts During Assembly

- **Contact Support:** If you find any parts missing or damaged upon unpacking, do not proceed with assembly. Contact ODK Customer Service immediately for assistance.
