Setup

1. **Unpack Contents:** Carefully remove all pieces, baseplates, and the guide book from the packaging.
2. **Inspect Pieces:** Check all 275 PLUS PLUS pieces and 2 green baseplates for any damage. In the unlikely event of damaged or missing pieces, please refer to the Support section.
3. **Prepare Play Area:** Choose a clean, flat surface for building. The baseplates can be used as a foundation for your creations.
4. **Review Guide Book:** Familiarize yourself with the step-by-step instructions and example builds provided in the included guide book.

Operating

PLUS PLUS pieces are designed for intuitive connection, allowing for both two-dimensional and three-dimensional construction. Each piece has a unique shape that interlocks with others.

Building Techniques:

- **2D Mosaics:** Lay pieces flat on a surface or a baseplate. Connect them side-by-side to create colorful patterns and images. The guide book provides examples for building figures and scenes.
- **3D Structures:** Connect pieces vertically and horizontally to build three-dimensional objects. Experiment with different angles and orientations to create complex shapes and figures. The unique interlocking design allows for stable constructions.
- **Using Baseplates:** The included green baseplates provide a stable foundation for your builds, especially for larger or more intricate 2D and 3D creations. Pieces snap securely onto the studs of the baseplate.

Maintenance

To ensure the longevity and cleanliness of your PLUS PLUS Learn to Build Set, follow these simple maintenance guidelines:

- **Cleaning:** The plastic pieces can be cleaned with mild soap and lukewarm water. Avoid harsh chemicals or abrasive cleaners, as these may damage the plastic. Rinse thoroughly and allow to air dry completely before storing.
- **Storage:** Store all pieces and baseplates in a dry, cool place, away from direct sunlight. Keep them in their original packaging or a designated storage container to prevent loss and protect them from dust.
- **Handling:** While durable, avoid excessive force when connecting or disconnecting pieces to prevent wear or breakage.

Troubleshooting

If you encounter any issues while using your PLUS PLUS Learn to Build Set, consider the following common solutions:

- **Pieces Not Connecting:** Ensure the pieces are correctly aligned. PLUS PLUS pieces interlock in a specific way. Try rotating the pieces to find the correct connection point.
- **Unstable Builds:** For 3D structures, ensure a solid base and reinforce connections as you build upwards. Adding more interlocking points can increase stability.
- **Missing Pieces:** While quality control is strict, if you find any pieces missing from a new set, please contact PLUS PLUS customer support as detailed in the Support section.
