Cosco Topsdie Backless Booster Car Seat Instruction Manual

Model: BC030-S1-US-EN

1. INTRODUCTION

This manual provides essential information for the proper installation, use, and maintenance of your Cosco Topsdie Backless Booster Car Seat. Please read all instructions carefully before using the product to ensure the safety and comfort of your child. This booster seat is designed to provide additional height for children who have outgrown their forward-facing car seats, allowing the vehicle's seatbelt to be properly positioned across their body.

2. IMPORTANT SAFETY INFORMATION

- Always secure your child in the booster seat using the vehicle's lap and shoulder belt system.
- Ensure the lap belt is low on the hips, touching the child's thighs, and the shoulder belt rests across the center of the child's shoulder and chest.
- Never use this booster seat with only a lap belt. A lap and shoulder belt system is required.
- Do not use this booster seat if your child's weight or height falls outside the recommended limits.
- Never leave your child unattended in the vehicle.
- Inspect the booster seat regularly for any damage or wear. Discontinue use if damaged.

Weight and Height Requirements:

- Minimum Weight:** 40 lbs (18.1 kg)
- Maximum Weight:** 100 lbs (45.4 kg)
- Minimum Height:** 43.4 inches (110.2 cm)
- Maximum Height:** 57 inches (144.8 cm)

3. PRODUCT FEATURES

The Cosco Topsdie Backless Booster Car Seat is designed with convenience and child comfort in mind. Key features include:

- Lightweight Design:** Easy to transfer between vehicles.
- Seat-Friendly Design:** Engineered to prevent scuffing or indentations on vehicle seats.
- Extra-Plush Padding:** Provides enhanced comfort for longer rides.

- **Easy-to-Clean Fabric Cover:** Removable and hand-washable for simple maintenance.

4. SETUP AND INSTALLATION

The Cosco Topside Backless Booster Car Seat is designed for simple installation using your vehicle's existing lap and shoulder belt system.

- Placement:** Place the booster seat firmly on the vehicle's seat. Ensure it is positioned flat and stable against the vehicle's seat back.
- Child Positioning:** Have your child sit on the booster seat with their back flat against the vehicle's seat back.
- Lap Belt Routing:** Guide the vehicle's lap belt across your child's upper thighs, ensuring it passes under both armrests of the booster seat. The lap belt should fit snugly across the hips, not the stomach.
- Shoulder Belt Positioning:** Route the vehicle's shoulder belt across your child's chest and shoulder. The shoulder belt should lie flat across the center of the shoulder, not on the neck or off the shoulder.
- Buckling:** Buckle the vehicle's seatbelt securely. Pull the shoulder belt to remove any slack.
- Final Check:** Verify that the booster seat is stable and the seatbelt is properly positioned and snug against your child.

This video demonstrates the process of placing the Cosco Topside Backless Booster Car Seat in a vehicle and how a child can securely buckle themselves in using the vehicle's seatbelt.

5. OPERATING INSTRUCTIONS

Once installed, the booster seat is straightforward to use:

- Ensure your child is seated correctly with their back against the vehicle seat.
- Always use the vehicle's lap and shoulder belt. The booster seat is designed to correctly position these belts on your child.
- The armrests on the booster seat help guide the lap belt to the correct position over the child's hips.
- Regularly check that the seatbelt remains snug and properly positioned throughout the journey.

6. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and hygiene of your booster seat:

- Fabric Cover:** The fabric cover is hand-washable. Remove the cover from the booster seat base. Use mild soap and cold water. Air dry completely before reattaching. Do not machine wash, bleach, or iron.
- Booster Base:** Wipe the plastic base with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- Storage:** Store the booster seat in a cool, dry place away from direct sunlight when not in use.

7. SPECIFICATIONS

Product Dimensions	14 x 15.5 x 6.5 inches
Item Model Number	BC030-S1-US-EN

Minimum Weight Recommendation	40 Pounds
Maximum Weight Recommendation	100 Pounds
Minimum Height Recommendation	43.4 Inches
Maximum Height Recommendation	57 Inches

8. TROUBLESHOOTING

If you encounter any issues with your booster seat, consider the following:

- **Loose Fit:** Ensure the booster seat is placed firmly on the vehicle seat and the vehicle's seatbelt is pulled snug.
- **Belt Positioning:** Re-check that the lap belt is low on the hips and the shoulder belt is centered on the shoulder. Adjust as necessary.
- **Child Discomfort:** Verify that the child meets the minimum and maximum height and weight requirements. Ensure the seatbelt is not digging into the child's neck or abdomen.
- **Damage:** If any part of the booster seat is damaged, discontinue use immediately and contact customer support.

9. WARRANTY AND SUPPORT

For specific warranty information, please refer to the documentation included with your purchase. For product support, replacement parts, or further assistance, please contact Cosco customer service directly. Contact details are typically available on the product packaging or the manufacturer's official website.
