Deolme bar stools set of 2 3 4

Deolme Swivel Velvet Bar Stools Instruction Manual

Model: bar stools set of 2 3 4

1. INTRODUCTION

Thank you for choosing the Deolme Swivel Velvet Bar Stools. This manual provides essential information for the safe and proper assembly, operation, and maintenance of your new bar stools. These modern counter stools feature 360-degree swivel capability, adjustable height, and comfortable velvet upholstery, designed to enhance your kitchen island or bar area.

2. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Maximum Weight Capacity:** For safe use, do not exceed the maximum weight recommendation of 250 pounds (113 kg) per stool.
- **Proper Assembly:** Ensure the stool is properly assembled according to the instructions provided. Incorrect assembly can lead to instability and injury.
- **Stable Surface:** Always use the bar stools on a flat, stable, and level surface.
- **Children Safety:** Do not allow children to play on or around the bar stools unsupervised.
- **Avoid Standing:** Do not stand on the bar stool.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

Each set of 3 bar stools typically includes the following components:

- Seat with Backrest (3x)
- Gas Lift Cylinder (3x)
- Base (3x)
- Footrest Ring (3x)

- Assembly Hardware (screws, washers, Allen wrench)
- Instruction Manual (1x)

4. ASSEMBLY INSTRUCTIONS

Assembly is quick and easy, typically taking about 10 minutes per stool. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratching.
2. **Attach Backrest to Seat:** Secure the backrest to the seat cushion using the provided screws and Allen wrench. Ensure it is firmly attached.
3. **Insert Gas Lift into Base:** Place the large circular base on the floor. Insert the wider end of the gas lift cylinder into the central hole of the base.
4. **Attach Footrest Ring:** Slide the footrest ring over the gas lift cylinder and secure it in place according to the diagram.
5. **Attach Seat Assembly to Gas Lift:** Carefully align the hole under the seat assembly with the top of the gas lift cylinder and press down firmly until it is securely seated.

5. OPERATING INSTRUCTIONS

Your Deolme bar stools are designed for ease of use with adjustable height and 360-degree swivel functionality.

5.1. Adjusting Seat Height

The seat height can be adjusted from 23.62 inches (60 cm) to 31.1 inches (79 cm) to accommodate various counter and bar heights.

- **To Raise:** While seated, lift the lever located under the seat. The seat will rise automatically. Release the lever when the desired height is reached.
- **To Lower:** While seated, lift the lever located under the seat and apply downward pressure. The seat will lower. Release the lever when the desired height is reached.

5.2. Swivel Function

The bar stool features a 360-degree swivel, allowing for easy rotation and movement without needing to reposition the entire stool.

- Simply rotate the seat in any direction to face your desired position.

Powered by gas shock

It will stop wherever you set the lever on stable when adjusted to different heights.

6. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Deolme bar stools.

- **Cleaning:** Wipe with a dry cloth. For velvet upholstery, gently brush with a soft fabric brush to remove dust. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish or fabric.
- **Spills:** For spills on velvet, blot immediately with a clean, dry cloth. Do not rub.
- **Hardware Check:** Periodically check and tighten all screws and bolts to maintain stability and prevent wobbling.
- **Floor Protection:** The large golden metal base includes non-slip and anti-scratch rubber pads to protect your floors and reduce noise. Ensure these pads are intact and clean.

Rubber ring underneath

The highest height of Deolme swivel bar chairs from floor to seat is **31.1** inches, and they can be adjusted in the range of **23.62-31.1** inches to pretty much fit anywhere.

7. TROUBLESHOOTING

If you encounter any issues with your bar stools, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Stool is wobbly	Loose screws or uneven floor.	Check and tighten all assembly screws. Ensure the stool is on a flat, level surface.
Height adjustment not working	Gas lift cylinder issue or lever mechanism.	Ensure the gas lift is correctly inserted into the base and seat. Check if the lever is fully engaged. If the issue persists, contact customer support.
Squeaking or noise during swivel	Lack of lubrication or debris in swivel mechanism.	Apply a small amount of silicone-based lubricant to the swivel mechanism under the seat. Clean any debris from the base.
Scratches on floor	Damaged or missing rubber pads on the base.	Inspect the rubber pads under the base. Replace if damaged or missing. Ensure the floor is clean of abrasive particles.
