Mobili Fiver Clara 21CRQ7310R

Mobili Fiver Clara Electric Standing Desk User Manual

Model: Clara 21CRQ7310R

1. Introduction

Thank you for choosing the Mobili Fiver Clara Electric Standing Desk. This manual provides essential information for the safe assembly, operation, and maintenance of your new desk. Please read these instructions carefully before use and retain them for future reference.

The Clara Electric Standing Desk is designed to offer a versatile and ergonomic workspace, allowing you to easily switch between sitting and standing positions to promote a healthier work routine.

2. Safety Information

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Keep children and pets away from the desk during operation to prevent injury.
- Do not place hands or other objects near moving parts (legs, motors) during height adjustment.
- Ensure the power cord is properly connected and routed to avoid tripping hazards or damage.
- Do not overload the desk. Refer to the specifications for maximum weight capacity.
- Only use the provided power cords (UK, USA, EU) suitable for your region.
- In case of malfunction, disconnect the power supply immediately and contact customer support.

3. Assembly Instructions

Assembly is required for this product. All necessary tools are included. It is recommended to assemble the desk with two people for ease and safety.

1. **Unpack Components:** Carefully remove all parts from the packaging. Keep the packaging materials until assembly is complete in case of return.
2. **Identify Parts:** Refer to the included instruction manual for a detailed list and diagram of all components.
3. **Attach Legs to Desktop:** Securely fasten the desk legs to the underside of the desktop using the provided screws and tools. Ensure proper alignment.
4. **Connect Motors and Control Panel:** Connect the motor cables to the control box and the control panel cable to the control box as per the diagram in the separate instruction sheet.
5. **Install Power Cord:** Connect the appropriate power cord (UK, USA, or EU) to the control box.
6. **Cable Management:** Route all cables neatly to prevent tangling or damage.
7. **Final Check:** Ensure all screws are tightened and the desk is stable before connecting to power.

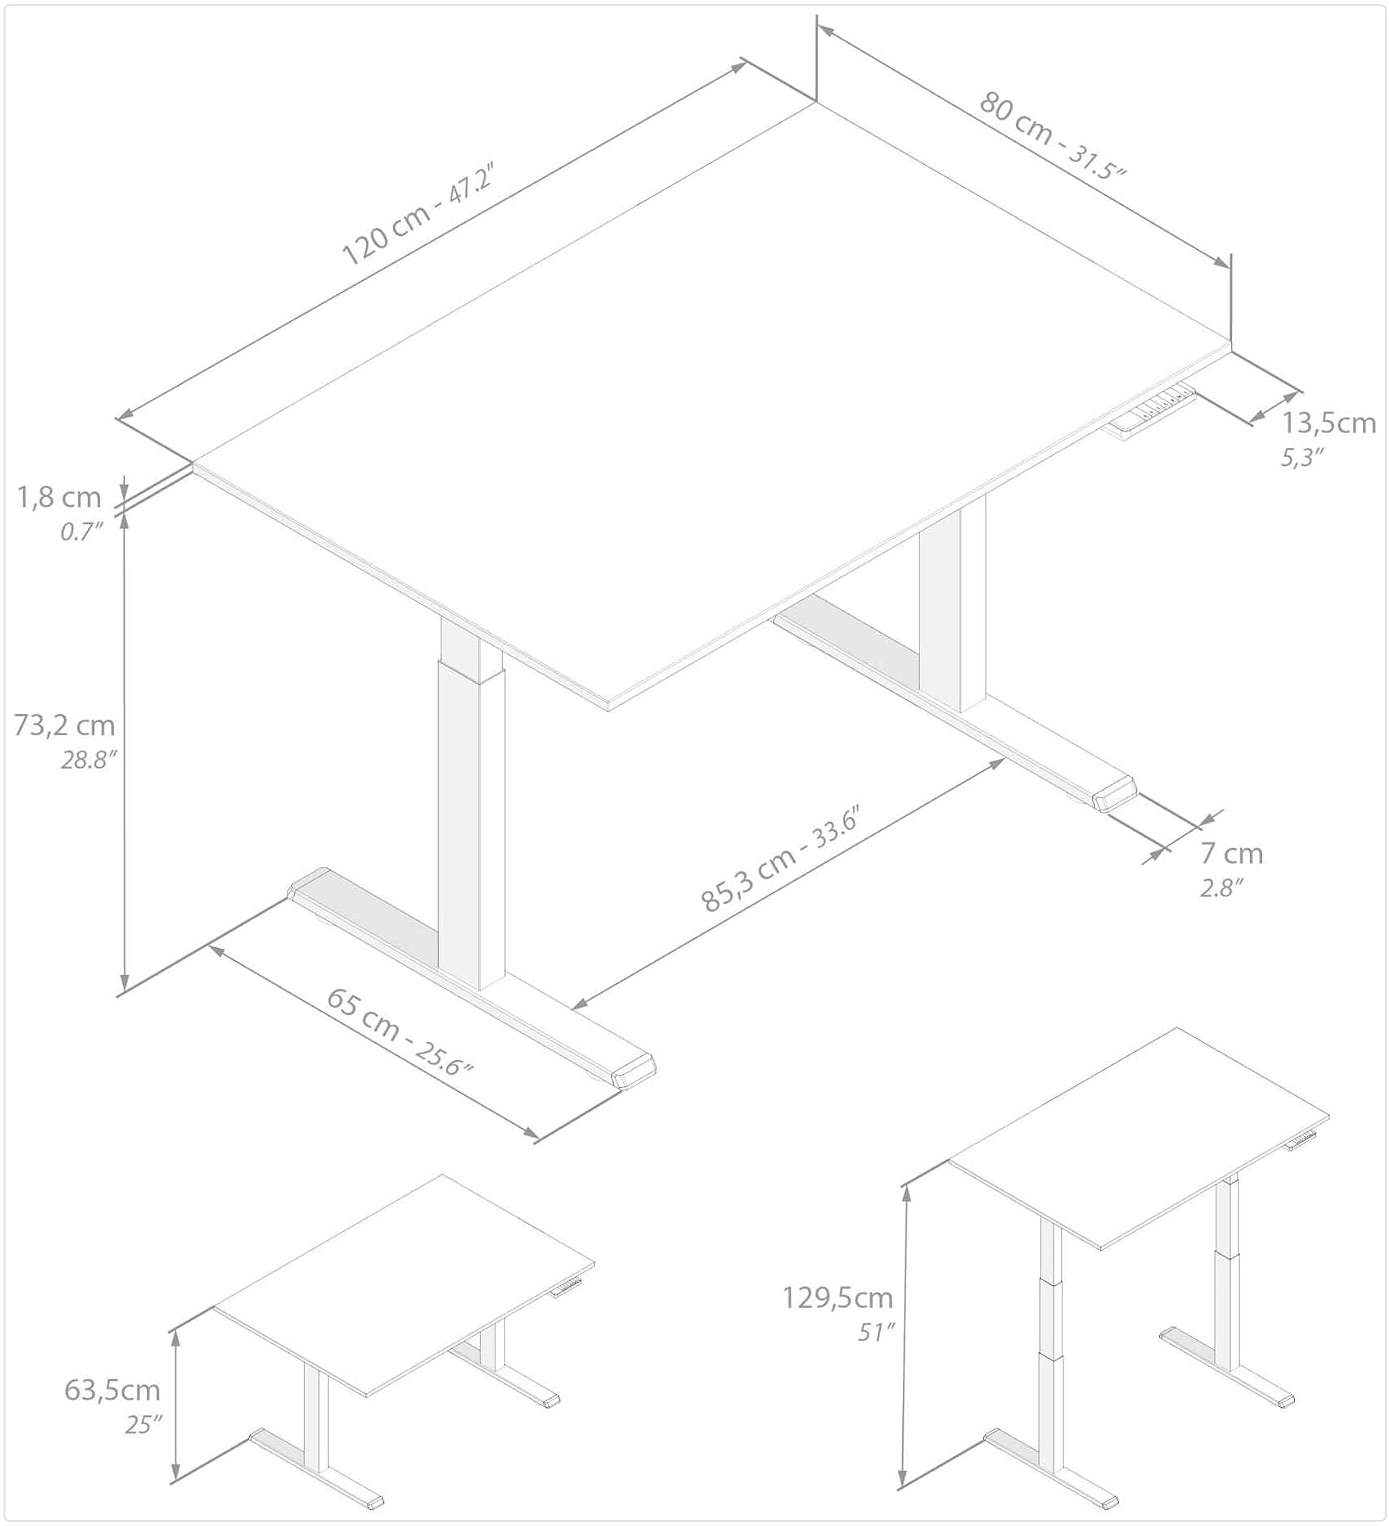

Figure 3.1: Desk dimensions and components layout. The desk measures 120 cm (47.2 inches) in width and 80 cm (31.5 inches) in depth.

The height is adjustable from approximately 63.5 cm (25 inches) to 129.5 cm (51 inches).

Figure 3.2: Assembled Mobili Fiver Clara Electric Standing Desk, featuring a concrete black top and black legs, paired with a black office chair.

4. Operating Instructions

The Clara Electric Standing Desk features an intuitive control panel for easy height adjustment and personalized settings.

4.1. Height Adjustment

- **Raise Desk:** Press and hold the **Up (▲)** button to raise the desk to your desired height.
- **Lower Desk:** Press and hold the **Down (▼)** button to lower the desk to your desired height.
- The desk's two motors ensure a smooth and stable movement during adjustment.

4.2. Memory Presets

The control panel allows you to store up to three preferred height levels for quick access.

1. Adjust the desk to your desired height using the Up/Down buttons.
2. Press the **M** button. The display will flash.
3. Within 3 seconds, press one of the preset buttons (**1**, **2**, or **3**) to save the current height to that position.
4. To recall a saved height, simply press the corresponding preset button (**1**, **2**, or **3**). The desk will automatically move to the saved position.

4.3. Anti-Collision Mechanism

The desk is equipped with an anti-collision system. If the desk encounters an obstacle during height adjustment, it will automatically stop its movement to prevent damage or injury.

4.4. Timer Function

Set a custom timer to remind you to change your working position, promoting a more dynamic and less sedentary workday.

- Consult the detailed control panel instructions provided separately for specific steps on setting and activating the timer.

Figure 4.1: The desk's control panel, featuring Up/Down arrows, memory preset buttons (1, 2, 3), and a memory/timer button (M/T).

Figure 4.2: The Clara desk demonstrating its full range of height adjustment, from a seated position to a standing position.

5. Maintenance

- **Cleaning:** Wipe the desk surface and legs with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cable Check:** Periodically inspect all cables for signs of wear or damage. Ensure they are securely connected and not pinched.
- **Tighten Fasteners:** Occasionally check and tighten any loose screws or fasteners to maintain stability.
- **Motor Care:** The electric motors are designed for maintenance-free operation. Do not attempt to lubricate or disassemble them.

6. Troubleshooting

If you encounter issues with your Clara Electric Standing Desk, refer to the following common solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Desk does not move	Power cord disconnected; Motor cables loose; Overload	Check power connection; Ensure all cables are secure; Reduce weight on desk.
Uneven height adjustment	Obstruction; Unbalanced load	Remove any obstructions; Distribute weight evenly on the desktop.
Anti-collision system frequently activates	Obstruction in path; Sensitivity setting (if adjustable)	Ensure clear path for desk movement; Consult full manual for sensitivity adjustment if applicable.
Memory presets not working	Incorrect saving procedure	Follow the memory preset saving steps precisely (Section 4.2).

If the problem persists after attempting these solutions, please contact Mobili Fiver customer support.
