Proper care will extend the life and appearance of your dresser.

- **Wobbly Dresser:** Ensure all screws are fully tightened. Check that the dresser is on a level surface. Adjust the feet if applicable.
- **Drawers Not Closing Smoothly/Uneven:** Verify that the drawer slides are correctly installed and aligned on both the drawer and the frame. Ensure no obstructions are in the drawer tracks. Check that the drawer box itself is assembled squarely.
- **Missing or Misaligned Holes:** Double-check the orientation of panels against the instruction diagrams. If a pre-drilled hole is genuinely missing or misaligned, contact customer support for assistance. Do not attempt to drill new holes unless explicitly instructed, as this may void the warranty.
