## Alienraft DROID66

# Alienraft DROID66 Bluetooth Tri-Mode Advanced Headphones User Manual

Model: DROID66 (ACTWSDD66-VDRBK)

Brand: Alienraft

## 1. INTRODUCTION

This manual provides detailed instructions for the proper use and maintenance of your Alienraft DROID66 Bluetooth Tri-Mode Advanced Headphones. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

The Alienraft DROID66 headphones are a Hi-Fi audio device featuring three distinct operational modes: Gaming Mode, Music Mode, and Active Noise Cancelling Mode. They also incorporate Environmental Noise Cancelling (ENC) for clear calls and a Transparent Mode for situational awareness.

## 2. PRODUCT OVERVIEW

### 2.1 Package Contents

- Alienraft DROID66 Bluetooth Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- Silicone Ear Tips (various sizes)
- User Manual

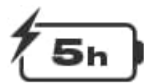

### 2.2 Key Features

- **Tri-Mode Functionality:** Gaming Mode, Music Mode, Active Noise Cancelling Mode.
- **Active Noise Cancelling (ANC):** Reduces ambient noise by up to -30dB.
- **Environmental Noise Cancelling (ENC):** Ensures clear call quality by reducing background noise during conversations.
- **Transparent Mode:** Allows ambient sounds to be heard for increased awareness.

- **Bluetooth v5.2:** For stable and efficient wireless connectivity.
- **IPX5 Water and Sweat Resistance:** Suitable for workouts and light rain.
- **Touch Controls with Click Feedback:** Intuitive control over functions and modes.
- **Voice Assistant Compatibility:** Supports Siri and Google Assistant.
- **Hi-Fi Audio:** Enhanced sound quality with deep bass and clear highs.

## 3. SETUP

---

### 3.1 Charging the Earbuds and Case

1. Place the earbuds into the charging case. Ensure they are correctly seated to initiate charging.
2. Connect the USB-C charging cable to the charging port on the case and the other end to a compatible USB power source.
3. The charging indicator light on the case will illuminate to show charging status. A full charge for the case and earbuds typically takes approximately 4 hours.
4. Once fully charged, disconnect the charging cable.

### 3.2 Bluetooth Pairing

1. Ensure the earbuds are charged. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), navigate to the Bluetooth settings.
3. Search for available devices and select "AlienCraft DROID66" from the list.
4. Once connected, a confirmation sound or message may be heard.
5. The earbuds will automatically reconnect to the last paired device when removed from the case, if Bluetooth is enabled on the device.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Touch Controls

The DROID66 headphones feature touch-sensitive areas on each earbud for controlling various functions. "Click Feedback" provides tactile confirmation for each tap. Refer to the quick start guide or product packaging for specific tap sequences for volume, track control, call management, and mode switching.

### 4.2 Tri-Mode Functionality

The DROID66 offers three distinct audio modes, optimized for different listening experiences:

- **Gaming Mode:** This mode prioritizes low-latency audio transmission, reducing delays to approximately 50 milliseconds. It enhances mid and high frequencies, which are crucial for in-game audio cues, providing a synchronized and immersive gaming experience.

- **Music Mode:** Designed for optimal music playback, this mode boosts low frequencies for deeper bass and expands the soundstage for a more immersive, three-dimensional audio experience (Spatial Audio). It ensures clear definition for instruments and vocals.
- **Active Noise Cancelling (ANC) Mode:** When activated, this mode actively reduces ambient environmental noise by up to -30dB, making it ideal for travel or noisy environments.

### 4.3 Additional Technologies

- **Environmental Noise Cancelling (ENC):** This feature automatically activates during phone calls. It uses microphones to detect and reduce background noise, ensuring your voice is transmitted clearly to the recipient, and their voice is clear to you.
- **Transparent Mode:** Activate this mode to allow external sounds to pass through the earbuds. This is useful for maintaining awareness of your surroundings, such as when walking in public or needing to hear announcements.

### 4.4 Voice Assistant Integration

The DROID66 headphones are compatible with popular voice assistants such as Siri and Google Assistant. Refer to the touch control instructions for activating your device's voice assistant.

## 5. MAINTENANCE

---

### 5.1 Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Avoid using abrasive materials, solvents, or harsh chemicals.

### 5.2 Water and Sweat Resistance

The DROID66 headphones are IPX5 rated, meaning they are resistant to splashes of water and sweat. They are not designed for submersion in water. Avoid exposing them to heavy rain, showering, or swimming.

### 5.3 Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.

## 6. TROUBLESHOOTING

---

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them in the case, close, then open to re-enter pairing mode. Delete "Alienraft DROID66" from your device's Bluetooth list and try pairing again.
No sound from earbuds	Check device volume and earbud volume. Ensure earbuds are properly connected to your device. Try restarting your device.

Problem	Possible Solution
Active Noise Cancelling not working effectively	Ensure ANC mode is activated. Adjust earbud fit to ensure a proper seal in your ear canal.
Earbuds not charging	Ensure the charging cable is securely connected to both the case and the power source. Check for debris in the charging port. Try a different USB-C cable or power adapter.
Touch controls unresponsive	Ensure your fingers are clean and dry. Try restarting the earbuds by placing them in the case and then taking them out.

## 7. SPECIFICATIONS

Feature	Detail
Model Name	DROID66
Model Number	ACTWSDD66-VDRBK
Brand	Alienraft
Connectivity	Wireless, Bluetooth v5.2
Noise Control	Active Noise Cancellation (ANC), Environmental Noise Cancelling (ENC)
Special Features	Tri-Mode (Gaming, Music, ANC), Transparent Mode, Sweat Resistant
Water Resistance	IPX5 (Water Resistant)
Ear Placement	In-Ear (Earbuds)
Sensitivity	113 dB
Impedance	16 Ohm
Charging Port	USB-C
Charging Time	Approx. 4 Hours
Product Weight	190 Grams
Product Dimensions	10 x 4 x 10 cm
Compatible Devices	Tablets, Mobile Phones
Included Components	Charging cable, Silicone ear tips
