SETUP

Battery Installation

The AA59-00600A remote control requires two (2) AAA batteries (not included) for operation. Follow these steps to install the batteries:

1. Locate the battery compartment cover on the back of the remote control.
2. Press down on the tab and slide the cover off.
3. Insert two new AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Slide the battery compartment cover back into place until it clicks securely.

Requires two 1.5V AAA Batteries

(Batteries are not included)

Initial Use

This remote control is designed to work immediately with compatible Samsung TV models without any programming or pairing. Once batteries are installed, point the remote at your TV and begin using it.

No programming or pairing needed.
work right out of box after putting batteries!

Key Functions:

- **Power ()**: Turns the TV on or off.
- **Source**: Selects input sources (HDMI, AV, etc.).
- **Number Buttons (0-9)**: Direct channel selection.
- **VOL (+/-)**: Adjusts volume up or down.
- **CH (up/down)**: Changes channels.
- **Mute**: Mutes or unmutes TV audio.
- **Menu**: Accesses the TV's main menu.
- **Tools**: Opens a quick menu for common functions.
- **Info**: Displays information about the current program.
- **Sleep**: Sets the TV sleep timer.
- **Directional Pad (Up, Down, Left, Right) & Enter**: Navigates menus and confirms selections.
- **Return**: Goes back to the previous screen or menu.

- **Exit:** Exits the current menu or function.
- **Color Buttons (A, B, C, D):** Used for specific functions within certain TV applications or menus.
- **P.SIZE, MTS, CC:** Picture size, Multi-Track Sound, Closed Captioning.
- **Play, Pause, Stop, Fast Forward, Rewind:** Media playback controls.

The remote utilizes infrared technology for long-distance and precise control, effective up to 10 meters (33 feet).

Long distance precise control

Strongest signal by Infrared technology, further transmission for multi-angle induction. Precisely control far from 10 meters / 33 feet.

MAINTENANCE

Cleaning

To maintain the remote control's performance and appearance:

- Wipe the surface with a soft, dry cloth.
- For stubborn dirt, lightly dampen the cloth with water or a mild, non-abrasive cleaner.

- Avoid using harsh chemicals, solvents, or abrasive cleaning materials, as these can damage the remote's finish or internal components.

Battery Replacement

Replace batteries when the remote's response becomes sluggish or stops working. Always replace both batteries at the same time with new AAA batteries. Do not mix old and new batteries, or different types of batteries, as this can lead to leakage or malfunction.

Storage

If the remote control will not be used for an extended period, remove the batteries to prevent potential leakage and damage.

TROUBLESHOOTING

- **Remote not responding:**
 - Ensure batteries are installed correctly with the correct polarity (+/-).
 - Replace old batteries with new AAA batteries.
 - Check for any obstructions between the remote and the TV's IR receiver.
 - Verify that the remote is pointed directly at the TV.
- **Specific buttons not working:**
 - This may indicate a faulty button or low battery power. Try replacing batteries.
 - Ensure the remote is clean and there is no debris obstructing the buttons.
- **Remote works intermittently:**
 - This often indicates low battery power. Replace batteries.
 - Ensure there are no strong light sources (like direct sunlight or fluorescent lights) interfering with the IR signal.
- **Remote does not control TV:**
 - Confirm your Samsung TV model is listed as compatible with the AA59-00600A remote control. While this remote is widely compatible, some specific models may require a different remote.
 - If your TV model is listed as compatible and the remote still does not work after battery replacement, contact customer support.
