# Kotive RAB08 Indoor Rabbit Hutch User Manual

Model: RAB08-GREY

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Kotive RAB08 Indoor Rabbit Hutch. Designed for small animals such as rabbits and guinea pigs, this multi-level hutch offers a comfortable and secure environment. Please read all instructions carefully before assembly and use to ensure proper function and the safety of your pet.

## 2. SAFETY INSTRUCTIONS

- Always supervise pets, especially during initial use or when doors are open.
- Ensure all locks and latches are securely fastened to prevent escapes.
- Place the hutch on a stable, level surface.
- Regularly inspect the hutch for any damage or loose parts that could harm your pet.
- Keep the hutch away from direct sunlight, extreme temperatures, and hazardous materials.
- While designed for indoor/outdoor use, ensure adequate protection from harsh weather conditions if placed outdoors.

## 3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the included instruction manual for a complete list of parts and hardware.

### Key Components:

- Wooden panels (various sizes for walls, roof, and internal structures)
- Wire mesh panels
- Ramp with chew-resistant features
- Deep pull-out tray

- Lockable caster wheels (4x)
- Assembly hardware (screws, bolts, latches, hinges)

*Note: A Phillips screwdriver and a drill (recommended) are required for assembly. Two persons are recommended for easier assembly.*

## 4. SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the manufacturer's guide. Pre-drilled holes simplify the process. Using a power drill is recommended for efficiency and to ensure screws are properly secured.

### Assembly Overview:

1. Unpack all components and lay them out. Verify against the parts list.
2. Assemble the base frame, ensuring proper alignment for the pull-out tray.
3. Attach the side and back panels, securing them with the provided hardware.
4. Install the internal structures, including the upper resting area and the ramp connecting the levels.
5. Attach the wire mesh panels for ventilation and visibility.
6. Install the hinged roof and ensure it opens and closes smoothly.
7. Attach the lockable caster wheels to the base for mobility.
8. Insert the deep pull-out tray into its designated slot.

## 5. OPERATING INSTRUCTIONS

### 5.1 Access Points

The hutch features multiple access points for convenience and interaction with your pet:

- **Openable Roof:** The top roof panel can be opened and secured, providing easy access for feeding, cleaning, and interacting with pets in the upper level.
- **Front Doors:** Two lockable front doors allow access to both the upper and lower sections of the hutch.
- **Side Access:** A large side door provides full access to the main living area.

Figure 5.1: Overview of the hutch's features including access points and internal structure.

### 5.2 Multi-Level Design

The hutch is designed with two levels, connected by a chew-resistant ramp, allowing pets to move freely between resting and activity areas. Each level includes an enclosed rest area for privacy and security.

### 5.3 Reversible Panel for Seasonal Comfort

The upper rest room features a reversible panel. One side is aluminum, designed to help keep your pet cool during warmer weather. The other side is wood, providing warmth in cooler seasons. Simply flip the panel to adjust for environmental conditions.

• One rabbit hutch, TWO comfort options •

# FLIP IT YOUR WAY

**Must-have for summer**

- Keeps your bunny cool in hot weather
- Smooth surface, quick wipe clean

**Ideal for all seasons**

- Natural wood texture for cozy rest
- Blends with your hutch interior

Figure 5.2: The reversible panel offers seasonal comfort for your pet.

## 5.4 Lockable Caster Wheels

The hutch is equipped with four lockable caster wheels, allowing for easy relocation indoors or outdoors. Engage the locks on the wheels to secure the hutch in place and prevent unwanted movement.

• Engineered for Quiet and Safe Use •  
**EASY TO MOVE & FIX EASILY**

## 6. MAINTENANCE

### 6.1 Cleaning the Pull-Out Tray

The deep pull-out tray located beneath the top floor is designed for easy cleaning. Simply slide the tray out, dispose of waste, clean with pet-safe cleaner, and replace. Regular cleaning is essential for your pet's hygiene and health.

Figure 6.1: The slide-out tray simplifies cleaning and maintenance.

## 6.2 General Cleaning and Care

- Wipe down wooden surfaces with a damp cloth and mild, pet-safe cleaner. Avoid harsh chemicals.
- Ensure the hutch is completely dry before returning your pet.
- Regularly check the wire mesh for any signs of rust or damage.
- Replace bedding frequently to maintain a clean and comfortable environment.

## 7. TROUBLESHOOTING

### 7.1 Assembly Difficulties

If you encounter difficulties during assembly, such as misaligned holes or wood splitting:

- Ensure you are using the correct size screws for each part.
- A power drill with appropriate torque settings can prevent wood splitting. Avoid overtightening screws.
- Refer to the detailed assembly video for visual guidance.

### 7.2 Damaged Components

If any components, such as wheels or panels, arrive damaged or break shortly after assembly, please contact customer support for assistance or replacement parts.

## 8. SPECIFICATIONS
