Olakids TQ10086

OLAKIDS Kids Ride On ATV User Manual

Model: TQ10086

Introduction

Thank you for choosing the OLAKIDS Kids Ride On ATV. This manual provides essential information for the safe assembly, operation, and maintenance of your new electric vehicle. Please read it thoroughly before use and keep it for future reference.
This battery-powered motorized quad is designed for children aged 3 to 6 years old, with a maximum weight capacity of 55 lbs. It offers an authentic driving experience with simple controls, making it an ideal choice for young riders.

Safety Information

WARNING: To reduce the risk of injury, adult supervision is required. Never use in roadways, near motor vehicles, on or near steep inclines or steps, swimming pools or other bodies of water. Always wear shoes, and never allow more than one rider.

- Ensure all components are securely assembled before use.
- Always operate on flat, dry surfaces away from obstacles.
- Do not allow children to operate the ATV near stairs, pools, or public roads.
- This product is made of non-toxic materials (FREE from BPA, PVC, Phthalates, Lead, Latex, and Formaldehyde) and has passed tests for stability, asphyxiation, load, and shear, complying with US. CPSIA & ASTM standards.
- Comply with the Department of Energy and California Energy Commission's electrical energy efficiency regulations.

What's in the Box

- 1 x Kids Car
- 1 x Battery

Setup & Assembly

While specific assembly steps are not detailed here, ensure all parts are securely connected as per the included assembly guide. The main components include the ATV body, wheels, handlebars, and battery.

Battery Charging

Locate the charging port, typically found near the rear of the ATV. Connect the provided charger to the port and a standard wall outlet. Allow the battery to charge fully before first use, as indicated by the charger's light (refer to charger instructions for specific indicators).

Operating Instructions

1. **Power On:** Ensure the ATV is fully charged.
2. **Riding:** The vehicle is operated using a foot pedal. Press the foot pedal to move forward and release it to stop.
3. **Steering:** Use the handlebars to steer the ATV left or right. The handlebars are designed for easy grip.
4. **Horn & Lights:** The ATV is equipped with a built-in horn and LED headlights for a realistic driving experience. Activate them as desired during play.

Image: Detail of the wear-resisting wheels with deep tread patterns, suitable for various terrains like sand, brick, and grass.

Maintenance

- **Cleaning:** Wipe the ATV with a damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Battery Care:** Recharge the battery after each use. If storing for an extended period, charge the battery every 3 months to prolong its lifespan.
- **Storage:** Store the ATV in a dry, cool place away from direct sunlight and moisture.
- **Inspection:** Regularly check for loose parts, damaged wiring, or worn components. Replace any damaged parts immediately.

Troubleshooting

Problem	Possible Cause	Solution
ATV does not move.	Battery is low or not connected.	Charge the battery. Ensure battery connections are secure.

Problem	Possible Cause	Solution
Lights or horn not working.	Loose wiring or battery issue.	Check all wiring connections. Recharge battery.
Slow speed.	Overload or low battery.	Ensure rider weight is within limits (max 55 lbs). Recharge battery.

Specifications

- **Model Number:** TQ10086
- **Product Dimensions:** 26 x 15 x 17 inches
- **Item Weight:** 10.5 pounds
- **Recommended Age:** 36 months - 6 years
- **Maximum Weight Capacity:** 55 lbs
- **Battery:** 6V
- **Material:** Sturdy PP and Iron
