Dreo DR-HAF001S Gold

Dreo Smart Desk Fan User Manual

Model: DR-HAF001S Gold

Brand: Dreo

1. Introduction

Welcome to the user manual for your new Dreo Smart Desk Fan. This powerful air circulator is designed to provide optimal comfort and air movement in your home or office. Please read this manual thoroughly before use to ensure safe and efficient operation.

2. Important Safety Instructions

WARNING: To reduce the risk of fire, electric shock, or injury, observe the following:

- Always unplug the fan before cleaning or performing any maintenance.
- Do not operate the fan with a damaged cord or plug. If the cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons to avoid a hazard.
- Do not use the fan near water or in wet locations.
- Keep fingers, pencils, or any other objects out of the fan grille when it is operating.
- Place the fan on a stable, level surface to avoid tipping.
- Do not block air openings or operate near curtains or other materials that may block the air intake.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

3. What's in the Box

- Assembled Air Circulator Fan DR-HAF001S x 1
- Remote x 1
- User Manual x 1

The package includes the fully assembled fan, a remote control, and a user manual. The fan can also be controlled via a smartphone app.

4. Product Features

4.1 Full Room Air Circulation with WingBoost Technology

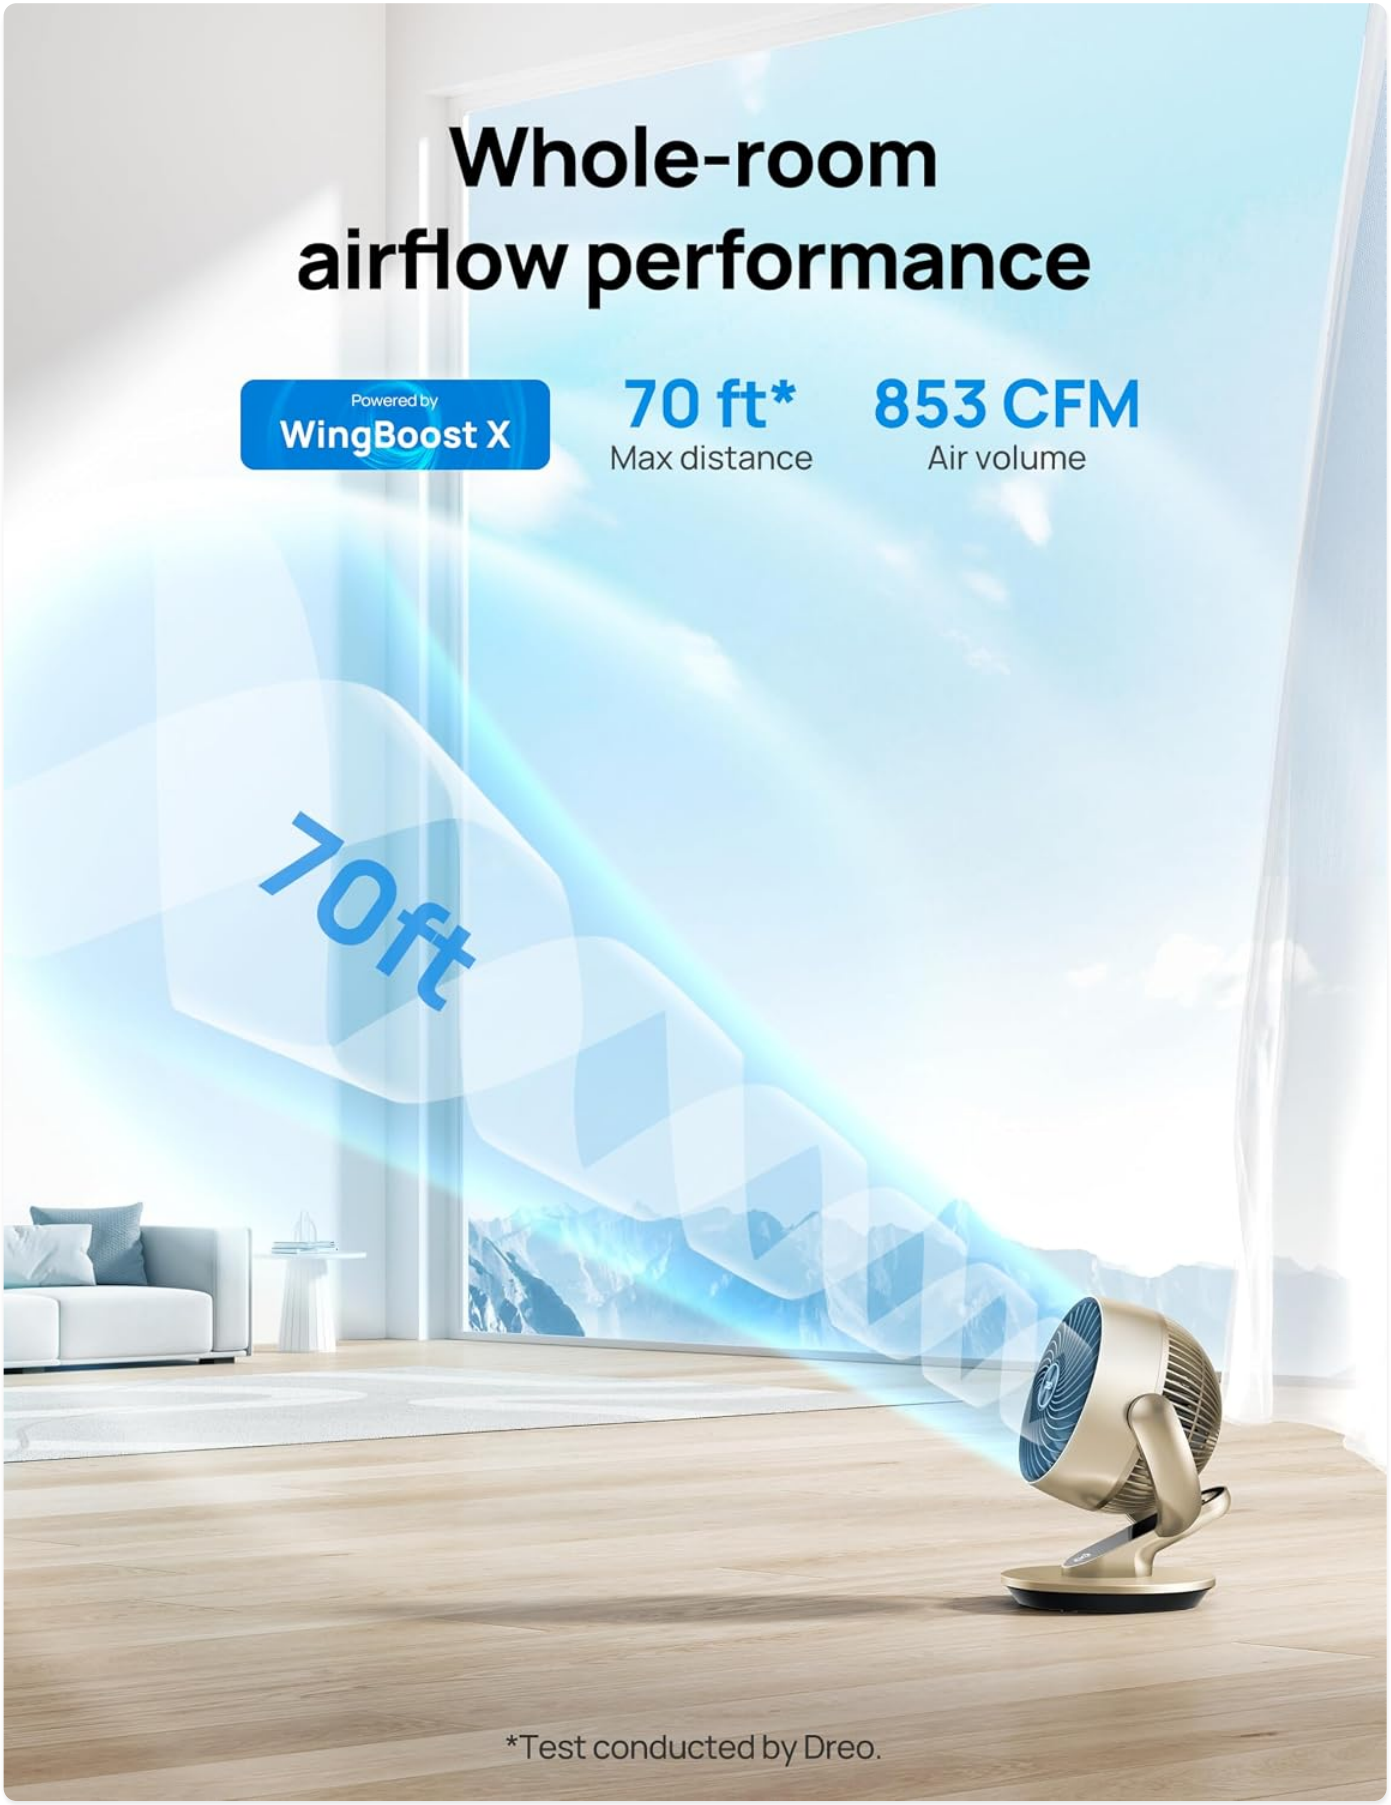

The Dreo Smart Desk Fan is powered by advanced WingBoost technology, delivering far-reaching 70 ft winds to effectively cool your entire bedroom, office, or living room. It ensures comprehensive air movement for consistent comfort.

The fan utilizes WingBoost technology to generate powerful airflow, reaching up to 70 feet for effective whole-room air circulation.

4.2 Wide Oscillation and Manual Tilt

This fan offers versatile air distribution with its ability to oscillate up to 90° horizontally. Additionally, it features a 120° manual vertical tilt, allowing you to direct airflow precisely to any corner of your room. This is ideal for removing stale air or enhancing the efficiency of air conditioners and heaters.

The fan offers wide 90-degree horizontal oscillation and a 120-degree manual vertical tilt to direct airflow precisely where needed.

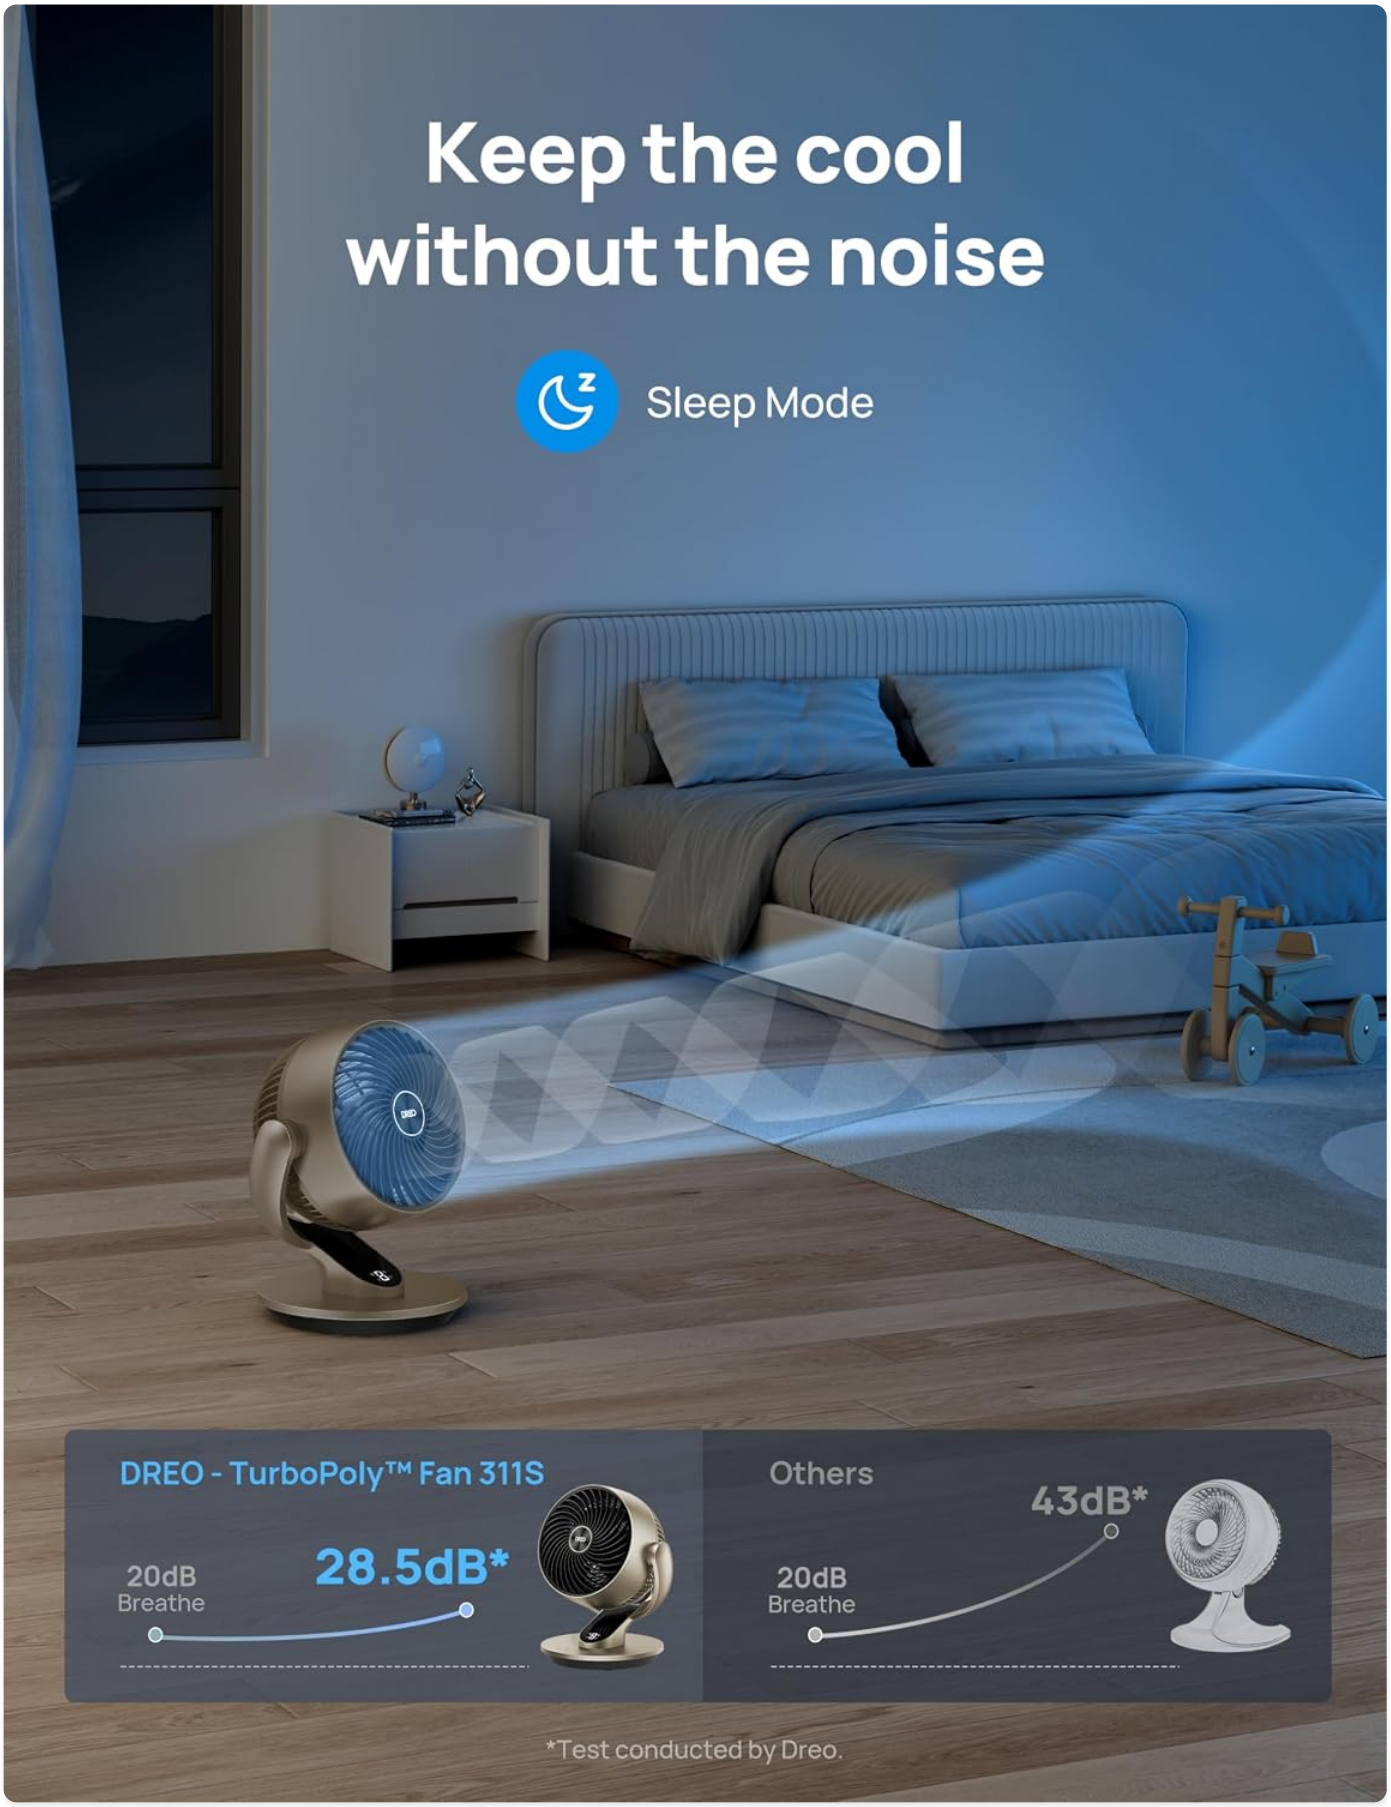

4.3 Ultra-Quiet Operation

Dreo's unique fan blade design, combined with advanced aerodynamics and bionic principles, reduces noise levels down to a mere 28.5dB. This ensures a cool and ultra-quiet breeze, allowing for undisturbed sleep and comfort throughout the day.

Video demonstrating the quiet operation of Dreo's Turbosilent Technology.

Experience ultra-quiet operation with Dreo's advanced Turbosilent Technology, designed for minimal noise disruption.

Engineered for tranquility, the fan operates at a whisper-quiet 28.5dB, ensuring a peaceful environment.

4.4 Smart Control Capabilities

The Dreo Smart Desk Fan offers multiple convenient control options. You can manage settings using the intuitive Dreo app on your smartphone, the included remote control, or through voice commands with compatible smart assistants like Alexa and Google Assistant.

Control your fan effortlessly using the intuitive Dreo app or integrate with Alexa and Google Assistant for convenient voice commands.

4.5 Multiple Speeds and Wind Modes

Customize your comfort with 4 distinct speed settings and 5 unique wind modes, including Normal, Natural, Sleep, and Auto. These options allow you to tailor the airflow to your specific preferences and environmental conditions.

4.6 Convenient Timer and Child Lock

The fan includes a versatile 12-hour timer function, allowing you to set it to turn off automatically. An 8-hour timer is available via the remote and control panel, while the full 12-hour timer is exclusive to the Dreo app. For added safety, a child-lock function prevents unintended changes to settings.

5. Setup

5.1 Placement

Place the fan on a stable, flat, and dry surface. Ensure there is adequate space around the fan for optimal air circulation and to prevent obstruction of the air intake or output.

5.2 Power Connection

Plug the power cord into a standard 120V AC electrical outlet. Ensure the cord is not pinched or placed under heavy objects.

6. Operating Instructions

6.1 Control Panel

The fan features a touch-sensitive control panel on its base. Gently tap the icons to adjust settings.

The fan features a touch-sensitive control panel on its base for easy manual operation.

6.2 Remote Control

The included remote control allows for convenient operation from a distance. Ensure the remote is pointed towards the fan's display for effective communication.

6.3 App Control (Dreo App)

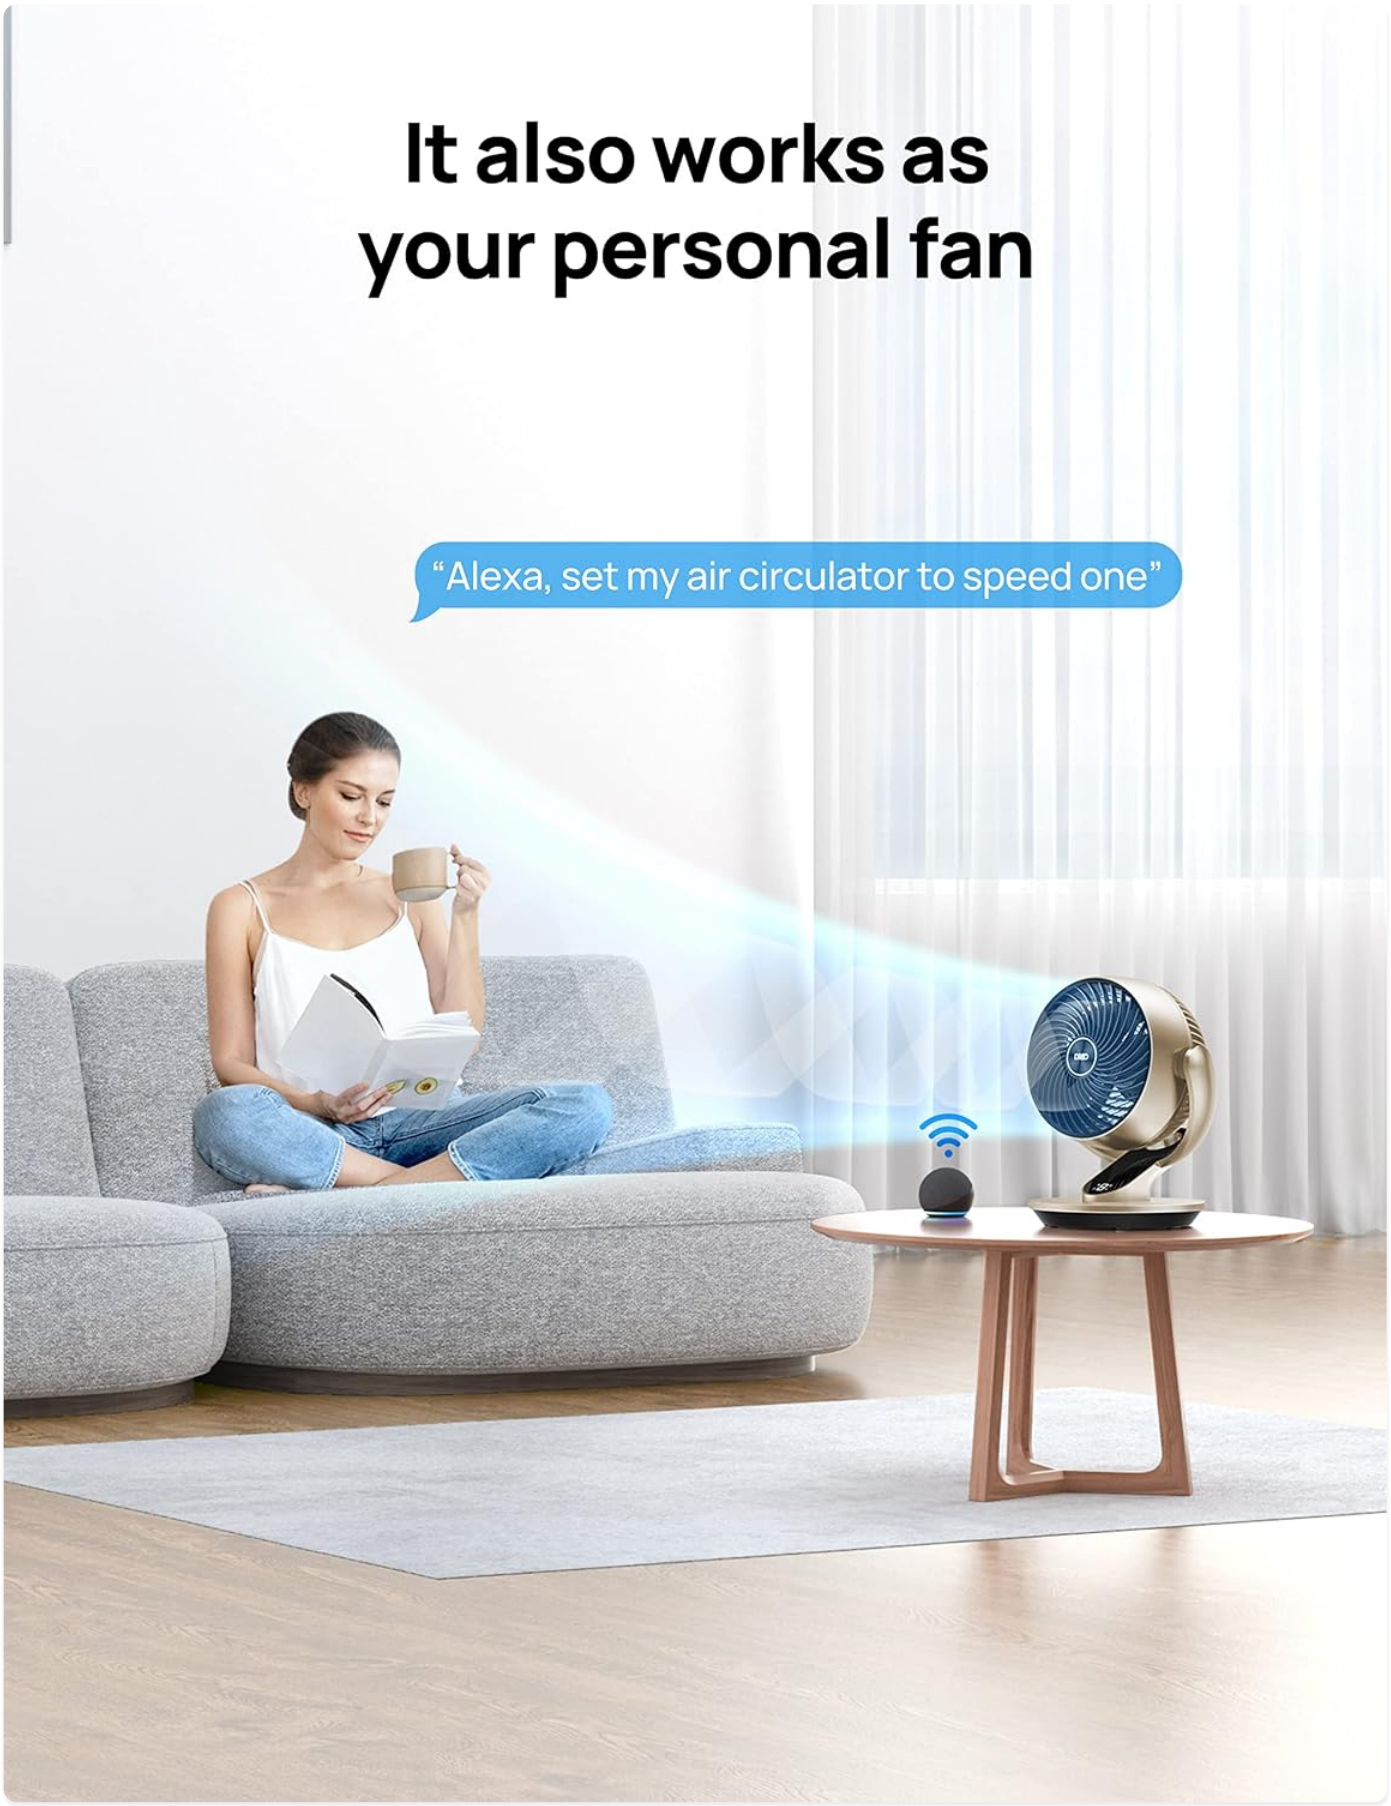

For advanced features and greater control, download the Dreo app from your smartphone's app store. Follow the in-app instructions to pair your fan.

The Dreo app provides comprehensive control over all fan functions, including custom modes and scheduling.

6.4 Voice Control (Alexa/Google Assistant)

Integrate your Dreo fan with Amazon Alexa or Google Assistant for hands-free operation. Enable the Dreo skill/action in your smart assistant's app and link your account.

Seamlessly integrate your fan with Amazon Alexa or Google Assistant for hands-free voice control.

6.5 Wind Modes and Speeds

- **Normal Mode:** Provides a constant, steady airflow.
- **Natural Mode:** Simulates natural breezes with varying fan speeds.
- **Sleep Mode:** Operates at a lower, quieter speed for undisturbed rest.
- **Auto Mode:** Adjusts fan speed automatically based on ambient temperature (requires app connection).
- **Speeds:** Choose from 4 fan speeds to suit your comfort level.

6.6 Oscillation

Press the oscillation button on the control panel, remote, or app to activate/deactivate horizontal oscillation. The fan will sweep from side to side to cover a wider area.

6.7 Timer Function

Set the fan to automatically turn off after a specified period. The timer can be set for up to 8 hours via the control panel or remote, and up to 12 hours using the Dreo app.

7. Maintenance

7.1 Cleaning

Regular cleaning helps maintain optimal performance and extends the life of your fan. Always unplug the fan before cleaning.

- Use a soft, damp cloth to wipe the exterior surfaces.
- The front grille and fan blades can be removed for thorough cleaning. Refer to the detailed instructions in the full user manual for disassembly.
- Do not use abrasive cleaners or harsh chemicals.
- Ensure all parts are completely dry before reassembling and plugging in the fan.

For optimal performance, regularly clean the fan blades and grille. Ensure the fan is unplugged before cleaning.

7.2 Storage

When not in use for extended periods, store the fan in a cool, dry place, preferably in its original packaging, to protect it from dust and damage.

8. Troubleshooting

Problem	Possible Cause	Solution
Fan does not turn on.	Not plugged in; Power outlet malfunction; Child lock activated.	Ensure power cord is securely plugged in; Test outlet with another device; Deactivate child lock via app or by holding power button for 3 seconds.
Weak airflow.	Fan speed too low; Air intake/output blocked; Dirty fan blades/grille.	Increase fan speed; Clear any obstructions; Clean fan blades and grille.
Fan makes unusual noise.	Fan not on a stable surface; Obstruction in fan blades.	Place fan on a stable, level surface; Unplug and check for foreign objects in the fan.
Remote control not working.	Battery depleted; Obstruction between remote and fan; Remote not pointed correctly.	Replace remote battery; Remove obstructions; Point remote directly at the fan's display.
App connection issues.	Wi-Fi signal weak; Incorrect pairing; App outdated.	Ensure strong Wi-Fi signal; Re-pair the fan following app instructions; Update Dreo app to the latest version.

9. Specifications

Feature	Detail
Brand	Dreo
Model Name	DR-HAF001S Gold
Product Dimensions	11.81"D x 11.42"W x 13.19"H
Item Weight	1.95 Pounds
Power Source	Corded Electric
Wattage	52 watts
Noise Level	28.5 dB
Air Flow Capacity	343 Cubic Feet Per Minute
Number of Power Levels	4

Feature	Detail
Special Feature	70 ft Whole Room Air Circulator, Remote Control, Oscillating, App Operable, Voice Control Powered with Alexa/Google

10. Warranty and Support

Dreo products are manufactured to the highest quality standards. For detailed warranty information and customer support, please refer to the official Dreo website or the full user manual provided with your product.
If you encounter any issues or have questions, please contact Dreo customer support for assistance.
