**Trefl 26205**

# Trefl Prime 1500 Piece Puzzle - Botanic Vibes User Manual

Model: 26205

## 1. PRODUCT OVERVIEW

---

The Trefl Prime 1500 Piece Puzzle, model 26205, features a vibrant "Botanic Vibes" illustration. This puzzle is designed with Trefl's Unlimited Fit Technology (UFT), allowing for unique combinations with other Prime UFT series puzzles of the same size. The completed puzzle depicts a tranquil botanical garden scene.

## 2. SETUP AND PREPARATION

Proper setup ensures an enjoyable puzzle-building experience. Follow these steps to prepare your workspace and puzzle pieces.

1. **Choose a Suitable Surface:** Select a flat, stable surface large enough to accommodate the completed puzzle (approximately 33.5 x 22.8 inches). A puzzle mat or a large board can be useful for portability.
2. **Unpack the Puzzle:** Carefully open the puzzle box and empty all pieces onto your prepared surface.
3. **Sort the Pieces:**
  - **Edge Pieces:** Separate all pieces with at least one straight edge. These will form the border of the puzzle.
  - **Color and Pattern Sorting:** Group remaining pieces by color, pattern, or distinct features. This will significantly aid in assembly.

### 3. OPERATING INSTRUCTIONS (PUZZLE ASSEMBLY)

Assembling your Trefl Prime puzzle is a rewarding process. Here are general guidelines and specific features of this puzzle.

1. **Build the Border:** Begin by assembling the edge pieces to create the frame of the puzzle. This provides a clear boundary and helps define the overall shape.
2. **Fill in the Interior:** Work on sections based on your sorted groups. Focus on distinct areas of the image, such as specific characters, plants, or architectural elements.
3. **Utilize Unlimited Fit Technology (UFT):** Trefl Prime puzzles feature UFT, which means pieces have a unique, irregular shape and are made from thick puzzle board. This technology allows for easy movement, rotation, and combination with other Prime UFT puzzles of the same size to create larger compositions.

### Creating Custom Collages with UFT:

The Unlimited Fit Technology allows you to combine multiple Trefl Prime puzzles of the same size into one large, unique composition. Follow these steps:

1. **Assemble Individual Puzzles:** Complete each Trefl Prime puzzle you wish to combine.
2. **Remove Outer Edges:** For each completed puzzle, carefully remove the outer border pieces.
3. **Join Puzzles:** Align the inner sections of the puzzles and connect them using the UFT interlocking pieces.
4. **Add New Edges:** Once the inner collage is formed, add the outer edge pieces from one of the puzzles or a new set of edge pieces to frame your custom composition.

### 4. MAINTENANCE AND STORAGE

---

Proper care and storage will preserve your puzzle for future enjoyment.

- **Cleaning Puzzle Pieces:** If pieces become dusty, gently wipe them with a dry, soft cloth. Avoid using water or cleaning solutions, as they may damage the cardboard.
- **Storing Unassembled Puzzles:** Keep puzzle pieces in their original box or a sealed container in a cool, dry place away from direct sunlight and humidity. This prevents warping and fading.
- **Storing Completed Puzzles:** If you wish to preserve a completed puzzle, you can use puzzle glue to permanently bond the pieces. Once glued and dry, the puzzle can be framed or stored flat. Alternatively, a puzzle roll-up mat can be used to store an in-progress or completed puzzle without gluing.

### 5. TROUBLESHOOTING

---

Most issues with jigsaw puzzles are minor and easily resolved.

- **Missing Pieces:** While rare, if you discover a missing piece upon opening a new puzzle, please contact Trefl customer support directly with your product details (model number 26205) and proof of purchase.
- **Damaged Pieces:** If pieces are damaged during shipping or initial handling, contact customer support for assistance.
- **Difficulty Finding Pieces:** Re-sort your pieces by color, pattern, or shape. Sometimes taking a break and returning with fresh eyes can help. Refer to the image on the puzzle box for guidance.
